Seek Probe of SANITATION RACKETS

Following the LEADER's expose of conditions in the Sanitation Department, the State Legislature has been asked to urge New York City officials to investigate. Below is the resolution.

"Whereas, Unanswered charges made by many citizens of the City of New York, published in the Civil Service Leader, a newspaper for government employees, and in daily newspapers of wide circulation, have persistently asserted that the morale and efficiency of the Department of Sanitation of the City of New York are seriously impaired by the activities of the leaders of four employee groups; and

"Whereas, These charges allege, among other activities, that these four leaders have been able to obtain special and unusual privileges for themselves and their associates; have received exorbitant sums for 'expenses' for many days each year for alleged trips to Albany to influence legislation; have been accused by a Grand Jury of organizing and promoting racketeering in the Department of Sanitation; have given 'protection' to some employees and have caused reprisals and punishment upon others; have made no accounting of moneys collected into the treasuries of the organizations that they head; have, in contradiction to the regulations of the Department of Sanitation, wined and dined superior officers, presumably for favors received or to be received; have evidenced that they do insufficient work in return for the salaries they collect from the City of New York; signed a monopoly contract for the sale of uniforms to employees; and

"Whereas, Various employee organizations charge that there exist in the Department of Sanitation widespread intimidation, vindictiveness, terrorization, and corruption emanating from these leaders; and

"Whereas, The four organizations are the Manhattan, Bronx and Richmond Sweepers Protective Association, Inc.; Chauffeurs and Auto Drivers Protective Association, Inc.; Brooklyn Sweepers Protective Association, Inc.; Queens Drivers and Sweepers Association, Inc., organized into the Joint Council of Drivers and Sweepers, affiliated with the Civil Service Forum; therefore be it

"Resolved, That the Legislature of the State of New York respectfully requests the Mayor of the City of New York, the Commissioner of Investigation, the Sanitation Commissioner, the District Attorneys of New York, Kings, Queens, Bronx, and Richmond counties, and all other appropriate officials of the City of New York, to properly investigate the activities of these organizations and their leaders so that any and all wrongdoing may be exposed and ended; and be it further

"Resolved, That copies of this resolution be transmitted to the Mayor of the City of New York, the Commissioner of Investigation, the Sanitation Commissioner, the District Attorneys of New York, Kings, Queens, Bronx, and Richmond counties, and all other appropriate officials of the City of New York."

Sanitation Training Course
All Details Completed; Begins Next Month

Officials of the Sanitation Department, the Municipal Civil Service Commission and Hunter College have announced the final details for obtaining the auditorium of Hunter College for conducting courses. The auditorium, which seats 1,000 persons, will be rented for one week and two Saturdays in the city large enough to accommodate the number of employees who wish to attend these courses.

Details About Labor Jobs
Last Time "First Come, First Served"

The application period for two large city labor tests—Hospital Helper and Laundry Worker—has been announced by the Municipal Civil Service Commission. Last week the announcement of the tests was given late last week by Budget Director Kenneth Dayton, who expects that 800 and possibly as many as 1,000 jobs will be filled within a few weeks after the application period closes. There are 800 prospective Hospital Helpers who must be replaced as soon as an eligible is selected. Candidates for the job must pass a physical examination and competitive test. Those who file an application for the test will be given equal opportunity. The Hospital Helper position pays $300 per month with maintenance, in most cases.

Court Attendants Don't Use As Probation Officers

As Probation Officers, or as Probation Attorneys, Court Attorneys, do not have the same powers and authority as Probation Officers. The former are not usually required to take an exam or to file an application for a position. Probation Officers, on the other hand, must pass both a written and a practical test. They must also have a college degree and experience in social work.

Pleight of Subway Aliens
They're Losing Jobs Rapidly

The plea of several hundred aliens in the city transit system still appears dark. Labor leaders were so leery that the aliens are being dropped rapidly, or as fast as they are hired. As a result, the plea is being considered by the Municipal Civil Service Commission.

Officials in the Department of Labor and the Municipal Civil Service Commission have been granted a delay in the implementation of the Alien Employment Act of 1935. The act requires that all aliens who have been hired by the government or who are employed by any firm that has been granted a federal contract be registered with the Alien Employment Commission. The commission is responsible for ensuring that the aliens have the proper authorization to work in the United States, and that they are not being exploited.

Swimming Not Part of Fire Exam

Outlines of Physical Events

By BERNETT MURPHY (Exclusive)

Prof. Francis Patrick Wall, of New York University, last week submitted to the Municipal Civil Service Commission the first tentative outline of the events that will comprise the physical part of the coming Fireman's exam. The exam, which has not been finally announced, was disclosed ex­clusively by Mr. Wall this week and may be announced as early as the end of this month. The exam will consist of three parts: the written, the in-service test, and the exam. The written part, to be given on May 12, will last for 2½ hours and will cover all of the topics which are covered in the book "Preparing for the Fireman's Exam." The in-service test, which will be given on May 9, will last for 1½ hours and will cover the topics which are covered in the book "Preparing for the In-Service Test." The exam, which will be given on May 10, will last for 3 hours and will cover all of the topics which are covered in the book "Preparing for the Fireman's Exam." The exam will also include a section on the how-to-do-it-of-the-week and a section on the how-to-do-it-of-the-month. The exam will also include a section on the how-to-do-it-of-the-year. The exam will also include a section on the how-to-do-it-of-the-decade. The exam will also include a section on the how-to-do-it-of-the-century. Full Requirements for Court Attendant Test

Applications Expected Within Coming Weeks for Test in Next Series

(Exclusive) Requirements for the long-awaited Court Attendant test have just been settled by the State Civil Service Commission. All candidates must be 21 to 40, weigh at least 140 pounds, measure at least five feet seven, and meet one of these five experience requirements:

Either (a) three years experience in court work is courts located within New York State, or (b) two years experience as a law clerk; or (c) three years experience in court work in a public law enforcement officer; or (d) graduation from an accredited college or law school or admission to the bar of New York. The person must fulfill the at least five feet seven requirement.

In addition, to be eligible for a job in one of the five criminal courts in New York City—Court of General Sessions in New York County, and county courts in the other four counties—will have to pass a qualifying strength and agility test. This will be given to top eligibles as the needs of the courts require.

Fite Commission Minority Asks Simplified Procedure

Two members of the Fite Commission, in an addition to the second year, and any communications to move in and out of the State and county commissions, will have to meet.

They may point to the possibility of more than a few jobs, but the real reasons for the communications operating at one time, with the kind of selection and administration by the State Civil Service Commission.

The two Commission members are civil service officers in the Divisions of Audit and Accounting, Howard P. Jones and H. King Kaplan. They will be effective next November.

Good News for Those On General Investigator List

There are two important points to remember about the examination for Patrolman and Fireman. First, the examination is only one of the requirements for appointment. Second, the examination is only for Patrolman and Fireman, but there are many other positions that can be filled by eligibles who pass the examination.

Mention of the Civil Service Leader is the best introduction to any advertisement.
The Sanitation Dept. Must Be Cleaned Up

The situation in the Sanitation Department is turning into a bad one. A sanitation resolution taken by this time has been introduced into the State Legislature. By this time, too, various official investigating bodies should be ready with their reports.

From this point, official action should be quick and decisive.

A Letter to Councilman Kinsley

We understand, Mr. Councilman, that you refrain from introducing the 11-squad bill because you are not absolutely certain it will pass. You are, of course, in sympathy with the objectives of the 11-squad bill—a recommended working schedule for cops, a full day off each week.

It seems to us, Sir, that you will find the people of New York City in sympathy with these objectives, too. And therefore you ought not feel timid about attaching the 11-squad bill—a decent working schedule for cops, New York City in sympathy with these objectives, too. It requires to be brought up to full strength, anyway.

Defense Notes

One million people have been trained in defense since January 1, 1939. This bill should have been introduced by this time. Arthur S. Healy of the United States Coast Guard has already trained his department.

George Logan's in-service sanitation training program met opposition from surprising sources. Uncle Sam is compiling a list of his employees who would like to work abroad. Some official investigators are realizing the part the so-called sanitation labor leader played in that task strike.

Why Residence Restrictions?

Sirs: Don't you think that this is an excellent time for the administration of a stringent quota and residence restrictions of all kinds in Civil Service tests? I contend that in every branch of the services throughout the country—city, state, federal—such a policy would be beneficial.

You see, the test body is to be administered fairly. It is hard to conceive of a more fantastic and useless test than the examination for police force. The test should be administered by an independent body. It should be administered by an independent body.

A Petition to the Mayor

On the 11-Squad Chart for Cops

Dear Mayor: As a member of New York City's Police Force, I feel that the 11-squad chart, which would give us a 48-hour shift each week, will make police work more efficient and effective for the men. I urge you, as Chief Executive of the city, to introduce the 11-squad chart during the current deliberations. I know that many Civil Service employees would be interested in this chart on a city-wide basis, because it means less work for the men, one employee, the same employee, his wife, and the same child. In a single department—by advancing all employees, not just those in his own department, ought to be prevented from doing more work than he can do with less work and less efficiency.

In a move to reduce the penalties for fines and reprimands in the promotion process, the City Council has reduced the number of reprimands from 2 to 0.374 for each reprimand.

A 11-squad chart is in for the more or less indefinite future, according to H. S. Edgerton, of the City Council and he may decide not to support it. It is feared that another Councilman will get a crack at the measure, in which an effort is being made to better working hours for cops. A storm of hot weather was reported to have caused a number of injuries.

If the 11-squad chart will come along of these days, but how long it will be before its adoption is anyone's guess.

When Ramspeck Law Goes Into Effect

B. H. Z.—There appears to be no change in the new law relative to the present status of employees in the postal service. If hereafter one has served under Civil Service rules he has been newly approved by the President, he may not apply for any position to the classified service. This means that at the present time remains the same and is not being abolished. The Ramspeck law was adopted. Until the time the President approves and, by executive order or amendment to the Civil Service rules, transfers your position, you will be served upon as a classified status only (1) if your department does not approve of your taking a qualifying test therfor, (2) the Civil Service Rules provide for an exception and (3) after non-competitive examination the President determines that the qualifying test must be removed from your position by the Civil Service Commission. In this instance your classified status will be transferred to the classified service provided the eligibility requirements are met, and you are classified in the same capacity as before the transfer.

The State Commission is not bound by the civil service determination nor by the determination of the city or federal commissions. Similarly, the city and federal commissions are not bound by the determination of the State Commission.

One day recently, the majority of the Latter Carriers afloat to the Grand Central Station were called to the Swing Room. In the year 1941, aged 62, who had served 35 years and was about to retire, was present. E. G. Rockwell, the son of the late E. G. Rockwell, was present. He had done nothing to improve it; "racketeered" poor Dockwork by charging high rates for long hours and counting them as punishment.

The organized taxpayer groups in this city and state must be told now that their cry of wolf cannot be taken seriously any longer. Parents and parents are taxpayers; they receive no benefits from their taxes. However, one would imagine there is a favored group who pay all the taxes, to heed the wall of the taxpayer representatives at tax and budget hearings.

Sanitation Benevolent Points to Recent Gains

At a meeting held last Wednesday night at the offices of the Benevolent Association, members and organizers of many groups in recent weeks, and indicated that membership was fast rising. President Louis Kipper outlined the program of the Benevolent, and told his listeners, that the Benevolent had been operating here for the past 12 years. In the department of sanitation, he stated that "the CIO was trying to cash in on the present situation of sanitation workers. Members told of instances where they were coerced by the Board, and related that they would continue their activities. Meanwhile, the Benevolent, through its director, Philip Kirshner, is proceeding with its next action against the Department of Sanitation, to obtain the rights to organize. At last Wednesday's meeting the offer was made to the Board, stating that "we are willing to participate in an open election held by the Municipal Labor Board; members of the Benevolent Association will continue their activities."

On Litigation

A report of an appointment survey that was made last week, has been sent to the Board of Examiners. The Board of Examiners, which has been charged with the task of reviewing the qualifications of men applying for state positions, has been given the authority to conduct the survey. The survey is expected to be completed in the next two weeks, and the results will be reported to the Board of Examiners.

Masonry Inspectors

Hold Special Meeting

A special meeting of the Inspector Committee of the Department of Buildings and Fire Prevention, was held last week. The meeting was held to discuss the qualifications of the inspectors, and to establish a procedure for the inspection of buildings.

Borough Parks

Trees Die and Should Be Removed

There are on the rolls 215 Climbers and Pruners, both pagophiles, and 1,200 days' time. The City has not enough men to do the required work, and the department is being asked to provide far from an adequate force. As a result of this situation, the City has been forced to set up a temporary headquarters in New York City, which will be set up in the Times Square Hotel. This headquarters will not only aid in the removal of these trees, but it will also be used to set up a public relations program, to inform the public of the importance of the work being done.

The Radio City Music Hall is being hit over the head by its Public Relations Department. After three years, they have forgotten what went on during the time when they were supposed to have been ideas-mongering and not really Mr. and Mrs. Smith. They are taking the proper steps to have the Hit Parade pulled off under the guise of a new and interesting departure. Several years ago, the Hall dropped its old routine and replaced it with a new and picturesque one.

The Wireless will certainly be in on this one. The theme song will be "It's a Wonderful Life," which has some 300 entries and is the one that is The Most Popular Girl in Harlem. There's an interesting copy-pie piece: Frank Capra, producer of "It's a Wonderful Life," is attending the double world premiere in New York and Paris in March. And here's a tender human interest fact about the picture, was once refused admission to the College dramatic club. "The Great Dictator," with Charles Chaplin, goes into its sixth week at the Astor and thus joins the select roll of films which have approached the half-year mark without a second thought. What are some of these films? Well, "The Front Page," "The Great Dictator," and possibly "Ruggles of Red Gap," the "two years past." Yes, it seems that the perennial "no fodder" such as this on which the columnists must feed in a week.

Mr. and Mrs. Smith

This is the Mrs. half of the hit playing at the Music Hall. Some know her as Cora Lombard.

Your Chances for Appointment

The latest certifications of the Municipal Civil Service Commission are given below. An asterisk (*) with the latest number indicates that certification has been made during the past week. The letters F and T stand for, pending certification, and tentative, respectively.

Readers should remember that certification does not necessarily mean appointment. Usually more names are certified than there are vacancies. Anyone with a question on certification should call or write to the Information Bureau, Municipal Civil Service Commission, 299 Broadway, New York City, or to his local information office.

Resigns Job; Loses Job

A former employee of the State Insurance Fund lost a suit before Supreme Court Peors for reinstatement to a job from which he resigned in October 16, 1940. The employee had written a formal letter stating his intention to resign, effective the end of the month, but on October 21 he again wrote his superior officer and asked him to disregard his resignation, saying that he would not resign, after all. The superior officer said that was just too bad, that the job had already been "vacated" and the insurance fund had no power to retain the original employee.

In upholding the Department, Justice held that a resignation is not irrevocable in the usual cases, in which the courts have held it is, if not in writing, at least in writing, because it becomes effective on the date of resignation. It is my opinion that by his letter of October 16, 1940, petitioner renounced his office and that it was not vacated immediately upon delivery of his letter on that date. His letter of October 21, 1940, was wholly ineffective to change his status, petitioner declared in his decision.

Promotion Exam To Laundry Foreman

A promotion exam to Foreman of Launder, Grade 2, Department of Public Welfare, was ordered last week by the Municipal Civil Service Commission. The commission said that a suggested list, Laundry Bath At­ tendant, Grade 2, was not approved, and other information will be published in the October exam notice as announced by the Commission.

The State Clerk Test Study Material That Will Help You

Here are the answers to the questions from the previous State Clerk test, held on September 13, 1940.

1. The terms "20%, 10% . 5%" are commonly used in commerce as a basis for determining the amount of discount that a buyer is willing to pay. However, these percentages are not always applied in this manner, and their use may vary from one business to another.

2. A test for Senior Instructor, Motor of the D of C on RC is yet available.

3. A promotion exam to Foreman of Launder, Grade 2, Department of Public Welfare, was ordered last week by the Municipal Civil Service Commission. The commission said that a suggested list, Laundry Bath At­ tendant, Grade 2, was not approved, and other information will be published in the October exam notice as announced by the Commission.

4. If a clerk, in making up tabular columns of figures in a report, misses the last significant figure of a decimal, the error will be magnified.

5. In a large office, the centimeter rule is more rapid when stored in a horizontal drawer than in a vertical one.
