Dewey Seeks to Stem Flight Of State Employees to Private Jobs
WASHINGTON. — President Roosevelt, aroused by the Congress delay, asked for its civilian employees, which work, and overtime compensation, for its civilian employees, which is greatly undue, as one of the major causes of needlessly high personnel turnover, and is imped­
in Government pay rates.

The pay rates for most small, temporary, and seasonal establishments of the Government are fixed and adjusted to correspond with grading criteria and ranges for similar work outside the Government service or in any locality. These pay rates have kept pace with the increases in wages which have occurred in private industry; hence, the earnings of these employees have generally been set at a minimum of 40 hours per week, and the earnings of these employees have frequently been increased through the receipt of overtime compensation at time and one-half rates for work in excess of 40 hours per week. The situation with respect to these employees corresponds with that pertaining to industrial em­
ployees and represents a satisfac­tion condition which requires no change.

The pay rates for the positions held by most selected employees — clerical workers, postal employees, hospital attend­

tees, professional, scientific, technical, and administrative em­
ployees, are general, fixed by the Civil Service Commission in the light of experience and new standards and cannot be adjusted to correspond with any administrative action. Except for recent increases in the rates of pay for civilian employees, the last general readjustment of salary rates occurred in the 1928 and 1929 amendments to the Civil Service Act, and in 1923 in­

corporate as the postal service is con­
cerned. The work week for these types of employees has been exten­
sed to 44 hours in the War Department, while some 10,000 in the postal service where the work week of employees engaged in the volume of work in each locale, the Government would generally have been placed on a 40-hour week before the existence of the Saturday half hour, which already has been suspended in favor of the War and Navy Department employees is concerned but still requires in other agencies of the Govern­

cies in the same locality. These pay rates have kept pace with the increases in wages which have occurred in private industry; hence, the earnings of these employees have generally been set at a minimum of 40 hours per week, and the earnings of these employees have frequently been increased through the receipt of overtime compensation at time and one-half rates for work in excess of 40 hours per week. The situation with respect to these employees corresponds with that pertaining to industrial em­
ployees and represents a satisfac­tion condition which requires no change.

It is notorious that civil service employees rarely get together on any issue. Nevertheless, an opportunity is the issue: Should the War Labor Board take over the common employees in case against the employment through the normal means? David Savage, among many others, came forward this week to defend the TWU. Said Savage; "There is no other recourse. It is im-

ended out, moreover, that "the atti-

Employees as well as records in the so-called "dungeon" of the Municipal Health of New York. Vital Records and Statistics are being considerably hurt by the fact that there's a "dust cloud" around an air conditioning down there.

The department, as revealed this week, is developing in the area of aerial photography and is planning to do some experiments with aerial photography of the city and all the Commissioners of Street. They came away convinced that the photographer would see what others could not.

Important 3-A Case Is Up for Appeal

The Fire Department, tired of this business of drags and dridle, this week urged the Mayor and the Civil Service Commission to certify the remainder of the Firemen's list, which was held in 1941.

In all, 70 certifications were made, in readiness for nine scheduled appointments Sept. 1, forward to pressing for action at the Dec. 17 meeting of the Board. From press reports on employment, Mr. Cashmore hopes to press the matter quickly to aid the boys who have been called to the service of their country. The police eligibles, meanwhile, have been classified in that fashion.

Mr. Cashmore pointed out that under no circumstances must city employees in the armed forces be refused aid if there is any reasonable way of helping them. Meanwhile, Mr. Cashmore talked this week about the importance of the actuarial profession.

As a matter of fact, Mr. Cashmore said that the city is in a strong position to carry out this proposal and that the money must come from some source.

CIVIL SERVICE IN NEW YORK STATE

Dewey Studies Possibilities of Pay Raise
To Avert Depiction of State Employees

A LEADER reporter last week asked Governor-elect Thomas E. Dewey whether his pay raise was in prospect for State employees. Mr. Dewey didn't deny it, but refused to comment on any rumored refusal to say that nothing definite on this would be forthcoming until the budget makes its appearance. He did say that the State's revenues were rapidly falling off. Nevertheless, it is certain that the pay raise method of coping with the manpower problem in the State service is being considered by Mr. Dewey.

And if a pay raise does come through, it shouldn't be a surprise to State employees. Mr. Dewey is deeply concerned over the war drainings of manpower. He will evolve one or two plans to ease the situation.

At his press conference Mr. Dewey disclosed he is giving the whole question of State manpower a close study. He stated that some 4,000,000 additional jobs must be found in the next few months to meet the armed forces needs, and became the first order of business after he leaves office.

Mr. Dewey revealed he is studying the problem carefully. Pay Raise In Lower Brackets The pay raise would be a stepped up pay raise for 100 starting salary for clerks and similar employees at a rate of $240 a year, or $10 a month, with the possibility that perhaps lower grades will be raised also to meet the demand for more skilled workers.

It was pointed out in Albany that a pay raise of this character, consistent with his appeals to private industry not to raise wages and not to pirate help or force workers into the service of the Government if not private industry.

The Republicans will control one or two plans to ease the situation of the State service. Among State departments affected and the problem has been placed before Mr. Dewey for his consideration.

State Police
Mr. Dewey mentioned the loss of promising leaders on the ranks of the State Police. There is the enticing Civil Service list of 1600 workers. It is true there are no names available yet. Officials of the division are going into the highways and byways looking for the subalterns and have even some of the regular educational requirements, but there are virtually no retirements. Two-year Grade would perhaps qualify to wear the uniform of the United States services with a force, rather than than at the 1000 service time. To get an Army or Navy service or a private industry.

Replacements
Not only is there the problem with a continuing loss in personnel, but the problem of replacements is serious. Recent experiences in the past three years have been conducted for various State jobs, many of them in a comparatively short period. Just didn't interest young men and women. It is thought that the number of candidates for the examinations was disappointing small. Even in New York City. The state Civil Service officers said in effect "what the use." Duration Appointments
Under the new regulations of the State Civil Service Commission, appointing officers can make appointment of substitute employees to fill the vacancy without examination. The rule applies to persons in classes and grades no higher than the fourth. It is conceivable that some of the State defendants, as a result of this change, might be avoided by making wartime civilian employees whenever he can get them. This is common talk among State departments affected and the problem has been placed before Mr. Dewey for his consideration.

W.A.R. JOBE NEWS

A SPECIAL SECTION OF THE CIVIL SERVICE LEADER

Anyone Can Apply, Take 2-Week Course, Earn Good Pay Plus Bonus

A total of 458 men and women machine shop trainees is needed weekly by the Wright Aero-
nautical Corporation, at Paterson, N. J., for duration of the war. Applications must be made weekly at the United States Employment Service office. Even married women may apply at the nearest USES office. Hiring will continue until the jobs are taken, but when new ones are taken on, it is required that the only provision is that applications must be made weekly.

Auto Mechanics

Wanted in Bronx

About 100 male auto mechanics are being sought for Government war work in the Bronx, the United States Employment Service reported this week. Jobs carry civil service status, pay 45 cents to 90 cents an hour, and call for three years of recent experience in the line. Applicants must be in the field. They must expect to work as a team, alongside helpers. Men in 1-A will not be accepted. A physical exam, as well as a practical auto repair test, will be given all others.

Apply at 87 Madison Avenue, Manhattan, 23-31st Avenue and 48th Street, Brooklyn, 29-37th Avenue and 16th Street, City, all offices of USES offices.

City Patrol

Issues Call

For Women

The Bronx Women’s Division of the New York City Police Department is sending out a call for more women police patrol officers and stenographers. Applicants should be graduates of the Bronx High School of Science, the Bronx County Courthouse Building, 100 East 31st Street and Grand Concourse. The qualifications are as follows:

Every applicant must be 21 years of age or over. Must be a United States citizen. Women are required to do a 4-hour shift with a drill period of two hours each week.

The Motor Corps is required to go on service two weeks each month, two afternoons each week from 4 to 8 p.m., or two evenings each week from 3 to 7 p.m., with a weekly drill period of two hours.

Following the Motor Corps your shift will be a 4-hour shift, either 2 hours a day, twice a week, or one shift of 4 hours.

Following women and Motor Corps members are required to purchase a uniform.

$2,800 for Male Nurses Who’ll Work Abroad

An unlimited number of graduates in male nurse work is being sought to give first aid and work in hospitals. For information, write the United States Employment Service reported this week.

Men with 1-A draft classifications interested in this work are not considered.

The minimum wage is 44 hours a week with a time and a half and over 50 cents an hour, $2,800 a year. Report in person for an interview at the USES office at 425 East 31st Street, Manhattan (Section 214), New York City.

Curtis-Wright

To Train Women

The Curtis-Wright Corporation, this week announced, will pay for the training of 800 college girls to be placed in sight of the nation’s leading engineering schools beginning February 1. This plan was initiated to meet the shortage of engineers, it was announced by C. Wilson Cole, supervisor of the field recruiting for the firm. Only eligible women must have elementary college mathematics and must now be completing their sophomore, junior or senior year. They will be called “Engineering Cadets.”

Applicants may apply at the Curtis-Wright Corporation, 260 West 41st Street, New York City. Women are being sought for war jobs in 12 Staten Island factories, the United States Employment Service reported this week.

Beach transportation from a terminal at 201 West 41st Street, Manhattan, may be had for a 65-cent round trip, or 35 cents round trip on a 50/30 commuter schedule, amounting to $1.75 at month. An express bus runs there every 45 minutes. The company is now trying to arrange for non-stop service from New York to the Beach districts.

Men with 1-A draft classifications interested in this work are not considered.

The minimum wage is 44 hours a week, with eight hours overtime at time-and-a-half. Sunday work can be had at double time, or at least five-two in height, and 100 in weight. Male applicants must preferably be 38 or over, at least five-four in height, and 125 in weight. Those from 18 to 28 will be taken on if they have S, 64 or 64 solid dentition.

The jobs number 60 hours work, with eight hours overtime at time-and-a-half. Sunday work can be had at double time, or at least five-two in height, and 100 in weight. Male applicants must preferably be 38 or over, at least five-four in height, and 125 in weight. Those from 18 to 28 will be taken on if they have S, 64 or 64 solid dentition.

The jobs number 60 hours work, with eight hours overtime at time-and-a-half. Sunday work can be had at double time, or at least five-two in height, and 100 in weight. Male applicants must preferably be 38 or over, at least five-four in height, and 125 in weight. Those from 18 to 28 will be taken on if they have S, 64 or 64 solid dentition.

Male applicants must preferably be 38 or over, at least five-four in height, and 125 in weight. Those from 18 to 28 will be taken on if they have S, 64 or 64 solid dentition.

Those qualifying will be rated as having completed their sophomore, junior or senior year. They will be called “Engineering Cadets.”

The New York School of Mechanical Engineering is being sought for men engineers now holding jobs, Mr. Cole explained. The plan is to train women who can fill some of the positions consumed by men engineers now holding jobs.

GUARDS WANTED

Approximately 30 male guards are needed at the Brooklyn Army Base in Staten Island, the United States Employment Office disclosed this week. Applications may apply at the USES office at 260 West 41st Street, Staten Island. They must be at least five-four in height, active and responsible. Pay is above average.

Dentistry

For Women

The Women’s Board has released several thousand dollars in scholarships for women college students of age or over. Must be a United States citizen. Men engineers now holding jobs, Mr. Cole explained. The plan is to train women who can fill some of the positions consumed by men engineers now holding jobs.

Unsolved Problems

LAST WEEK, we told you about some of the unsolved problems which civil service employees and administrators ought to do some real thinking about. There are others.

GOT A GREVCAYE? 
Take the mind-body-spirit test. If you've got a complaint to make, or if you feel you've been unjustly treated, or if you are fired, what recourse have you? Where can you turn to? Two State, Governor Lingleton long ago issued an order directing department heads to meet with representatives of their employees. In recent years, in fact, while the Council had before it a bill containing a similar provision, while it was being debated, the Mayor made a point of not being present, saying he had to look to his next week's meeting of the Board of Transportation to make an appearance there. The Mayor's decision not to show up raises further problems.

The Mayor's decision not to show up raises further problems.

Well, there isn't any uniform policy anywhere. In the employment field, there are different policies in different departments. Which is the right one to follow? You have to be a judge of that. But the Mayor's order, and the Mayor's actions, make it very difficult to handle the grievances of civil service employees. While the Council said some firm words at the time, nothing has been done about it. The Welfare Department's grievance machinery would have worked if it were set up as a model for other departments, but none of them has adopted it. The handling of grievances continues, in the main, to be haphazard and whimsical. Good fortune has done much better.

TWO JOHN 
A girl working in the Health Department in one day to tell us she wanted to write a book of poetry, but was fearful because of the Mayor's order saying a City employee couldn't hold an outside job. An auto engineer working for the Borough President of Richmond, said he was fearful he'd be called to do some auto repair work evenings, but couldn't get an OK. He needed the extra money to support his family.

The main obstacle from the coming "into our office, it is particularly incomprehensible to employees. The City lost out in a case brought to test the validity of the order, but is appealing.

It seems to us that this restriction shouldn't be imposed on employees. He ought to be able to hold down an outside job, particularly today when the manpower shortage is so pressing. Incidentally, neither the State nor the Federal Government has set up a law to impose such a restriction on civil service employees. In Albany, many public servants are working on farms during their spare time.

MAYOR, TW, WLB
Our opinion is that members of the War Labor Board and the Transportation Board should refuse to meet with representatives and their grievance officers. In recent years, the Council had before it a bill containing a similar provision, while it was being debated, the Mayor made a point of not being present, saying he had to look to his next week's meeting of the Board of Transportation to make an appearance there. The Mayor's decision not to show up raises further problems.

The Mayor's decision not to show up raises further problems.

While the Council said some firm words at the time, nothing has been done about it. The Welfare Department's grievance machinery would have worked if it were set up as a model for other departments, but none of them has adopted it. The handling of grievances continues, in the main, to be haphazard and whimsical. Good fortune has done much better.

Declining Appointment

Two cases were presented to us by a person who declined an appointment with the Board of Transportation. The Board of Transportation's report over the week-end saying it would break its contract with the City, because a bill before the Council had before it a bill containing a similar provision, while it was being debated, the Mayor made a point of not being present, saying he had to look to his next week's meeting of the Board of Transportation to make an appearance there. The Mayor's decision not to show up raises further problems.

The handling of grievances continues, in the main, to be haphazard and whimsical. Good fortune has done much better.

Notice to Civil Service Organizations

The Civil Service LEADER will carry articles about your activities regularly. Keep us informed of dates of your events so that you plan to engage or are engaged, of elections, of officers, and other material which is of interest. This goes for all types of civil service groups—employees, religious, social, eligible. Write the Editor, Civil Service LEADER, 91 Dame Street, New York City; or phone Cortlandt 7-6665.
Passing the Ammunition

In the rifle room lobby, the only floor where employees may now smoke, is full of cigarettes. The cigarette's popularity is growing daily, while the number of bringing the Bowery boys here for practice may have been cut down from four and dictatorship. When asked if these developments mean they do feel that material will not produce desired results?"

why, Myrtle?

You've been complaining plenty lately about Miss Myrtle Newton. Miss Newton, of course, is quite a red-headed woman, but she is not the type of person to whom you should make your complaints. She is a very busy woman, and she has a lot on her plate. She is a very hard worker, and she is very efficient in her work. She is a very good employee, and she is very popular with her co-workers. She is a very capable employee, and she is very well respected by her co-workers. She is a very trustworthy employee, and she is very well liked by her co-workers.

Recent New York City and State Eligible Lists

City Lists

PROMOTION TO CLERK

New York City

EDDIE PYTON AND Anthony GAMBET, when we mentioned in this column last week, are going into the Army's Metropolitan Unit as a sergeant and a second lieutenant respectively. They made it just before the "no enlistment" order.

Holy Name Scholarship

The Holy Name Society of Brooklyn and Queens is offering a scholarship of $100 to the student of St. John's University, Brooklyn, to daughters of members. It's an interested get in touch with President Charles Laskin.

What the Leaders Do

In the meantime, say we, the leaders of our times are in the Sanitation Department. There will be high. There are 18 forms

Retirements High

Requests for retirement continue high. Three thousand applications are received every three days.

What's Happened to the "A" Men?

We looked into the question of the enlistment ban this last week, to find out how the old veterans and the brilliant young men making out in the department. Interesting to note that the men we learned there aren't very many of the veteran class.

Assistance Forenmen Eligible Groups

One of the nicest things about the city lists we've met in a long time are in the Sanitation Department. Morale is high. We really should be able to do this kind of job, and we hope we shall in the future.

The raided high. There are 18 forms

Mimeographing, or course, every branch of the department is in.

Army as a captain. He had been in World War I as a first lieutenant. He had been at Harvard, and then was a second lieutenant. He had been in the Army as a captain.

City Tests

(Continued from Page Eleven)
April. All test results are subject to the approval of the Department of Civil Service.

The Civil Service Laws of the United States provide that no person shall be appointed to a position in the executive branch of the Federal Government unless he shall have passed a written examination. The examination is administered by the Department of Civil Service and is designed to test the applicant's knowledge, ability, and qualifications for the position.

The examination is divided into two parts: jurisdictional and professional. The jurisdictional portion of the examination is designed to test the applicant's knowledge of the duties, responsibilities, and requirements of the position. The professional portion of the examination is designed to test the applicant's knowledge of the administrative and technical aspects of the position.

LEADER Editors
Write Book On Armed Forces

Malcolm Lehman, Executive Director of The American Legion and Morton Yarmon, New York State Editor now on military leave, are primary authors of a book entitled "Opportunities in the Armed Forces," published this week by Frederick J. Drake & Co., 600 West Van Buren St., Chicago, Ill.

Complete most work of its kind, the volume is packed with information about the Army, Navy, Marine Corps, Coast and Geodetic Survey, Air Corps, and Civil Aeronautics. It has been written as a handbook of information valuable for civilians, enlisted men, and officers.

Everything in Detail
The book gives a complete review for the more advanced. 75c. Barron's College Publishing Co., 601 West Van Buren St., Chicago, Ill.

The plays will be presented at the Center Theatre, which is located at 30th Street, between Fifth and Sixth Avenues.

Restaurant
Post Office Hiring Help
For Temporary Positions

The Post Office Department throughout the city—except Staten Island—is now hiring an unlimited number of men and women for temporary work as carriers and clerks, respectively, during the Christmas season. The jobs are good until Christmas Day.

Positions pay 50 cents an hour for day and 71 cents an hour for night work. Working day is eight hours, but overtime—at straight time—may be obtained.

In Manhattan and the Bronx they are taking them as young as 16, which means that high school boys as well as college lads have a chance to pick up a lot of holiday change. Women have been put to work as clerks.

Applications should immediately be made at the 33rd Street Post Office and register at the personnel department.

In Brooklyn, the minimum age is 18, and only jobs as carriers are open.

The Flushing, Queens, office was opened for those who are at least 16 and no more than 45, and is especially good for clerks or carriers.

In Staten Island, they're all filled up on help for the Christmas rush. The same applies at the Jamaica, Queens, office.

Apply at the post office in your borough.

Women may be accepted as carriers in a last resort, if the supply of manpower runs very low. Carriers hired for the Christmas rush will have little chance of obtaining work at their own convenience. That is, part time work is being discouraged. Carriers are being asked to take regular mail routes, picking up and delivering mail, and going out on special delivery jobs.

Clerks have to distribute and sort incoming and outgoing mail.

There was no definite indication whether part-time work would be available. Best thing to do is to apply directly to the main post office in your borough and inquire.

Applicants should apply immediately, through the Christmas season.

For Temporary Positions
Post Office Hiring Help

NOTE: Since New York City's central station electric and steam facilities do not use oil as fuel, there is no present or anticipated shortage in cooking... heating... refrigeration... water heating.

It is a fact—not generally realized, perhaps—that oil as well as coal is used in making the gas that cooks your meals and performs many other tasks in thousands of New York homes.

The existing shortage in fuel oil, therefore, has a direct bearing on your household gas supply.

We are cooperating with the authorities by conserving fuel oil at our manufacturing plants in every way possible. They now ask you—all our customers—to do your share by taking care so that fuel may continue to be available for all war industry and essential civilian needs.

By heeding the simple rules given at left... by observing them patriotically for the duration... you will help to make unnecessary the inconvenience and hardships which would result if curtailment of gas service were made mandatory.

** * *

Note: Since New York City's central station electric and steam facilities do not use oil as fuel, there is no present or anticipated shortage in these services.

In the interest of general fuel conservation, we have published a booklet, "War-Time Cues to Comfort for Fuel Savers," a free copy of which we will be glad to send on your request. Write Consolidated Edison Company, 4 Irving Place, New York City.
