**State Will Make Appeal Of DeMarco Case July 6**

By MAYWELL LEHMAN

ALBANY, June 14.—The State of New York will definitely seek an appeal to the U. S. Supreme Court of the DeMarco case. The Attorney General has decided to make an effort to have the case heard by the Court, but the title of Investigator is no sinecure job. Some usefulness on the job. Some re-allocations will be made to increase the same number. The 1947 Legislature appropriated for upgraded employees. It is not definitely decided by the Municipal Civil Service Commission, and other city departments works much better.

The three priority bills do not include postal rates, but only do so with draft and foreign policy. The salary increase for them and the workers who come under the Classification Act.

The complete memorandum of representatives was a flat, equal raise for them and the workers who came under the Classification Act.

For the purpose. The lower court, of course, employees in the State service get a higher raise than the others. So there was no ruling comes down, all further action is on the second agenda as announced by Representative Taft. Senator Taft has promised that the pay raise bills will reach the Senate Finance Committee. The pay raise bills in the House have been initiated by Representative Martin.

The postal employees expected a better salary break under new rules set up by the Civil Service Commission.

1. A temporary employee resigns and then returns to the position within 6 months. He's entitled to the same increments plus five. If he's out more than 6 months, he starts at the minimum. Important: Mr. Martin has promised that if he comes back to a permanent job within 5 months of retirement, his service is considered continuous and the increment.

U.S. Legislators Discuss Raise of $400 or $800

By CHARLES SULLIVAN

WASHINGTON, June 14.—The Federal pay raise conference of legislators has narrowed down to an $800 increase favored by Senators and a $2400 increase preferred by Representatives. Senator Robert A. Taft (R., Ohio), held another conference with Representative Joseph W. Martin, Speaker of the House, in an effort to attain Republican agreement on an amount. The conference went on at conferences of sub-committee members behind closed doors, and at the Martin

**Promotion Speed-up Plan Is Adopted by NYC**

By H. M. BERNARD

NYC has abandoned the semiannual basis for upgrading and will begin new promotions on July 1. Under the new plan, promotions will be awarded on a basis of up to 200 employees, as rapidly as the employee attains the grade maximum. It will not be July 1, with stress on experience to have the job. The Appeal Time-Table:

First the Attorney General asks permission to appeal on July 6. It is possible that the Appeals Division may rule on the request the same day, but not likely. If no ruling comes down, all further action is on the second agenda as announced by Representative Martin.

If the decision is negative, the State will ask the Court of Appeals to consider the issue, also in September.

If the decision of Appeals turns down the request, the employees under consideration will be entitled to additional pay, and will be delayed for the next fiscal year, is expected to be compromised, so that the employees in the State service get a better salary break under new rules set up by the Civil Service Commission.

Western Conference Meets June 26 To Probe Current Employee Problems

ALBANY, June 14—That bright, sunny day Olds Found-Her 11 Years Old

BUFFALO, June 14—The Western Conference, for its next meeting, has set as its main event in an unscrupulous physical examination. The Conference was attending the June 14 meeting in Newark on June 26, just as the time of the famed Rose Garden. The program of the meeting will be accompanied by remittance of money. Farms, rabbits by a pageant, in the rose theme dominate.

Current Problems

The entertainment followed the dinner. The program was announced by I. E. Kenneth Stahl, Assistant Actuary of the State Civil Service Retirement System. Mr. Stahl, whom we are pleased to note, will be a speaker at the Western Conference's June 26 meeting.

The program will be accompanied by remittance of money. Farms, rabbits by a pageant, in the rose theme dominate.

MacDonald Is Re-elected

Head of Southern Conference

Nominations for the election of the president of the Southern Conference of Western Conference have been announced. The election will be held at the annual meeting of the Southern Conference of Western Conference, which is scheduled for June 26.

The Association has a definite role in the retirement system. It has provided a source of information and discussion for the Department of Civil Service, the employees and the public. The employees are represented by an independent body, the Civil Service Employees Association, which is established by the employees themselves and is independent of the State Government.

The report points out that the Civil Service Employees Association is the representative body for the employees and that the Association is the voice of the employees. The report emphasizes the importance of the employees in the administration of the retirement system and the need for the employees to be actively involved in the decision-making process.

The report also highlights the importance of the employees in the administration of the retirement system and the need for the employees to be actively involved in the decision-making process. The employees have a right to participate in the administration of the retirement system, and the report stresses the importance of the employees' involvement in the decision-making process.

The report concludes by expressing the hope that the employees will continue to be active and involved in the administration of the retirement system, and that they will continue to be an important force in the development of the retirement system.

Westchester Pay Rises July 1 In Step With Living-Cost Index

Pay rises of $650 to $760 will go into effect for 2,099 Westchester County employees on July 1, more result from the “old 
leader” salary arrangement in force in this county, a plan 
worked out by many of the top advanced salary 
arrangers in the United States. These figures are up from a previous 
forecast of $460.

Over this arrangement, salary is linked to the cost-of-living index of the U. S. Bureau of Lab- 
or Relations. As the cost of liv- 
ging goes up, so does salary. If 
the cost-of-living index should drop, however, there is a floor before 
which salary does not fall, 

together with additional safe- 
guards. Salary readjustments are made on January 1 and July of 
each year, based on the cost- 
of-living index, dated September 15 and April 1. The present 
adjustments put into effect pay rises based on the index which 
stood at 147 on April 18 last. This means that the cost of living on 
April 15 was 147 per cent of pre- 
vious.

Point Is Worth $85 Each point rises in the index brings a pay increase of $85 to 
Westchester employees. If the in- 
dex goes down, there is no de- 
crease unless it falls 3 per cent. Also a floor is set at an index of 120. If cost-of-living should fall below 120, salary will remain sta- 

tionary at that figure. Under the arrangement, salaries are up be- 
ter than $1,600 since 1941.

The recent agreement concluded by General Motors and the United 
Automobile Workers, hailed na- \ntionally as the forerunner of sta- 

tified industrial relations, is essen- 
tial the same plan as that of the 
Westchester employees.

The plan was worked out 
by County officials and the 
Westchester County Competitive 
Civil Service Association.

ABANY, June 14—The post office in this city is being planned for its new location. The Civil Service Executive Committee has approved the plans for the new location. The post office will be located on the corner of Main and Water Streets.

The plans call for a new building to be constructed on the site of the old post office. The new building will be four stories high and will contain seven floors. The first floor will be occupied by the post office, with the second and third floors being used for office space. The fourth floor will be reserved for future use.

The cost of the new building is estimated at $500,000. The construction will begin immediately and is expected to be completed within one year.

The post office in Abany has been in operation for over 70 years. The old building, located at 200 Water Street, has become too small to accommodate the growing number of customers. The new building will provide additional space and modern facilities for the post office.

The post office serve the following areas: downtown Abany, the west side, and the south side of the city.

Low Pay Shocking News to Public

For whatever is obtained, much credit must be given to them.

United Support Still Essential

It seems strange that there is any haggling over a flat 10-cent raise. Federal employees, both clerical and the public at large, if they have not joined in asking their Senators and Representatives for adoption of the increase, should do so at once.
This is the fourth of a series of articles concerning the Group Accident and Sickness Insurance Plan available to New York State employees. It was proposed by the Service Employees Association, under the leadership of Charles A. Carlisle, Jr., on the popular objective of providing the same kind of disability insurance available to city employees.

Ref: The recent increase in the rate of injuries experienced by the city employees has created a demand for this kind of insurance. In a recent survey, it was found that nearly 30% of the city employees had experienced some form of injury within the past year. This has led to a demand for a more comprehensive plan of insurance to protect them from these injuries.

**Insurance Benefits Told**

The purpose of Accident and Sickness Insurance is to provide for the financial support of those who are disabled by accident or sickness. The plan is designed to cover the employee from the moment of injury until he is able to return to work, and covers all disabilities, including those not covered by other insurance plans.

The plan is administered by the George T. Gilleran Memorial Public Works Chapter of the Service Employees Association, and can be obtained by any New York State employee. It is designed to cover all disabilities, including those arising from an accident or sickness.

- **Medical Services**: It provides coverage for medical services, including hospitalization, surgical procedures, and physician services.
- **Rehabilitation Services**: It includes coverage for rehabilitation services, such as physical therapy and occupational therapy.
- **Dental Services**: It covers dental care, including preventive services and treatment.
- **Travel Expenses**: It covers expenses incurred while traveling for medical purposes.
- **Dependent Support**: It provides support for dependents, such as spouses and children.

The plan is designed to be affordable and accessible to all employees, with premiums based on salary levels. It is a valuable benefit for anyone who wants to ensure financial security for themselves and their loved ones in the event of disability.

Postal Men's Aims

DRYMAN HANSMAN

The improvement of the postal service and of the working conditions for the men and women who are in its employ is the major concern of Mr. Handman, President of the New York Federation of the Cuban Cigar Makers and Tobacco Workers. Mr. Handman is proud of the speed with which his Local is growing. This is all the more remarkable because, in the face of spreading and militant leadership of the unions, Mr. Handman has continued to uphold the standards of his own organization. He has been endorsed by every labor leader and local in the National Federation of the Cuban Cigar Makers where he is affiliated. No office has been sought or gained and the leaders of the movement are left to their own devices.

Mr. Handman organized the fighting for the building of a local and to his fellow-officers so that in a short time they would not seek the promotion to a supervisory position until such time as advancement could be obtained by the employees.

Plan Is Weighted To Stagger Hours Of City Workers

By JEAN GROSS

Mayor O’Dwyer, in answer to a question about the schedule of hours of workers in the city’s transportation system, stated that, In the near future, the schedule system will be changed from the present 40-hour week to a 48-hour week. The mayor also said that a proposal for a 50-hour week will be considered in the near future.

Start Of Fireman Physicals Being Rushed For July 16

President Joseph A. McNamara, who had been endeavoring to expedite the physical test in the Fireman (P.D.) examination, announced today that the proposed test of the test starting on Friday, July 16, will not be held. The examination, which had been scheduled to begin on July 12, has been postponed indefinitely.

The exam was held October 15, with 263 passing and 126 failing. The written test was given on March 24, and the medical portion was to be completed by the 15th of June. Mr. Brennan said that the Commission had been a stumbling block in the way of the Physical examination.

Another Name Added

The name of William A. Meta, of The Bronx, was put on the eligible list for his promotion to Fireman, by a result of passing a special fireman examination. His name is expected to be published before the end of the month.

Validity of PBA Election

The Supreme Court of New York issued a temporary order yesterday, validating last week’s election of President John O’Kelly, who had been elected by the Patrolmen’s Benevolent Association, an organization of firemen in New York City, to succeed Thomas O’Malley, who had resigned his position.

How many new eligibles for the Fireman examination will be recruited by the city’s Parks Department is now a matter of conjecture. Although the Parks Department has announced that it will recruit 500 eligibles in 1951, the city’s Parks Department has not fixed the date of the examination.

The eligibility for the Fireman examination will be fixed at any time before the next budget, or until the 1948-9 budget goes into effect, and the eligibility for the Fireman examination will be fixed at any time before the next budget, or until the 1948-9 budget goes into effect.

In the meantime, a bill has been introduced in the Assembly to set up the Fireman examination at any time before the next budget, or until the 1948-9 budget goes into effect.
