What Does It Cost in N. Y.?* By CHARLES SULLIVAN

Recently, the employee service units at Office of Price Administration in Washington worked out two sample budgets for Government girls—one for a $1,620 girl, the other for a $1,440 girl. That's fine for Washington. But what does it cost in New York? The Civil Service Local 1579, like most government employees, is telling their living expenses. Let's hear from you. And meanwhile, here are the two New York budgets, just as given.

**VETERANS Ask Security**

A resolution that World War II veterans who left public service civil jobs be granted job-security as promised by President Roosevelt was approved by a large group attending the meeting of Disabled American Veterans by Bronx Chapter delegates. The meeting was held last week in New York. Another motion of the Bronx veterans asked disabled civil service veterans be granted a hardship of like seniority, promotion opportunities, and automatic retention of their service-connected disability.

Attending as representatives of the various chapters were: Paul Modest, Robert Queen and Vincent Roderick, who are members of the Veterans Administration.

**More for the War**

"The problems facing public management today in manpower and production are caused by public management's failure to make their personnel feel a part of the war effort." That, said Mr. Wilson, is the conclusion of the public management to this end, will be the basic discussions at the Third Biennial Convention of the State, County and Municipal Workers of America (CIO) meeting in Cleveland on the Hotel Revere in September 22-25. Delegates from 22 locals of the SMCA will assemble in Cleveland to participate in discussion of an agenda which includes: the role of public managers in solving problems through Labor-Management Committees; how to win collective bargaining for the local government; how to rate standards of wages, hours, working conditions from the national law of $100 monthly.

The SMCA, organized in 1938, now has 25,000 members, says the SMCA.

**Welfare**

Welfare’s Mail Room thinks it has some sort of record for losing men to the armed forces. There is a staff of seven in the Mail Room and they have already lost 17 men through the draft and 11 through desertion.

The latest to go are Edward Matis, now at Camp Rustin, Virginia, and Frank Henry, who steps into khaki next week.

**Shifts**

These are the latest upper-bracket shifts in personnel at the Department of Welfare:

- Pearl O’Connor, Supr. gr. 4, St. Vincent’s Division.
- Anna Kaplan, Supr. gr. 4, Medical and Nursing Division.
- Harold Waldert, Asst. Supr. gr. 5, Military Leave.
- Mildred Gries, Asst. Supr. gr. 5, Military Leave.
- Mabel Malm, Asst. Supr. gr. 2, Military Leave.

**The People of New York**

The board pays 75 cents an hour to the City Civil Service Commission, which handles all promotions to the upper brackets.

**Welfare**

Broadway columnist last week wrote that “Anna” Levin, the medical assistant, and Evelyn Kraft, Broadway dancer, were married at City Hall, with Her-ald Home the composer and Mrs. Home as witnesses. They missed the fact that Mr. Levine is Welfare’s Director of Public Relations.

**Over-Quota On Administrators**

There is excitement and rumor and counter-rumor floating about the personnel and branches of the Department of Welfare these days.

“We’re over-quota on administrative positions,” one official says, “and we’re considering what to do about the situation.”

The officials won’t admit that

**Over-Quota on Administrators**

There have been any layoffs, or that layoffs are pending, but at least one executive is worried. M. Hamilton, has been notified that he is assigned to the insurance department to supervise, and her duty is taking the matter up with the Civil Service Commission.

**How It Happened**

She charges that she is not in line for dismissal or replacement.

Here’s what happened:

The Civil Service Commission made the announcement for the administrator’s job. The administrator’s office was divided into three sections, which she failed to get.

There are 500 positions yet to be filled in the government, and the employee in question has been on the list for 18 months.

But this process took about 24 months, and during that time there were other appointment-related job opportunities.

**Merit**

The administrator in question was not hired because she was not competitive.

**Civil Employees**

Are now being accepted for the City’s Civil Service Examining System. The City Civil Service Commission has given its approval for the appointment of 800 members at Room 1, 250 Hudson Street is a section for which experience is also required.

**Communications**

The board pays 75 cents an hour, and the work-week is between 40 and 50 depending on the division to which the man is assigned. About 100 men are needed.

Two positions are open:

- Measuring: The work is with the measuring/teaching materials on the tracks. Men must be strong, physically, pass a simple mental test, know how to handle tools, and be strong physically.

- Maintenance: The last two positions are for trackmen.

PARKS

Aid to Kids

They want to be able to give camp vacations next year to a bunch of kids who otherwise wouldn't have much of a summer, so the St. George Association of Parks is putting its Third Annual Dance. The event will be held at the Hotel Park Place in the Bronx on October 16. Two orchestras will be featured, continuous dancing till 11 a.m., and a T-bar waitress program will be put on.

Harry Lewis is chairman of the organization committee for the affair.

Tickets, priced at $1.10, are available at Park Department offices, and from supervisors in the field.

An extra shoe ration coupon for the field man, or a 10c beer-

A post-war promotion plan for U.S. War bonds as a safe and patriotic investment-

THE BOROUGHS

Popular Men

Two popular men have just resigned from the Borough President's office. Last Thursday, a meeting was held for Late McNally, ex-chief clerk of the Permit Division.

Henry Miller, retiring dispatcher at the Borough asphalt plant, and his co-workers at a dinner at Caruso's on Thursday evening, September 23. Borough President Nathan, has been invited.

DWSGE

What Goes Here?

Inspectors in the Department of Sanitation, Gas and Refuse, like so many other City employees, think they should be earning more money.

So, they took up the matter with the department officials and reported that they expect the next raise to be in the neighborhood of $2.00.

But the Budget Bureau says that there is no money in the budget for pay increases, so they can't get any.

The Budget Office is the first step by paychecks because there is no money available.

CIVIL LIST

City employers and others citizens interested in good government should read the first annual report of the City Civil Service for the year 1942. The present report, John J. McClusky, Jr., won his place through competitive civil service and work in the relief department. Five serious budget cuts were imposed, including the operation of Correction. The establishment of five divisional offices was directed from a central office.

Case of Chiefs Comes Up Again

The Civil Service Reform Association is meeting the Los Angeles railroad in court again this week.

The fight is over the玩 members of 10 deputy chiefs in the Fire Department.

The Reform Association contends that there were only five promotions made, and the Budget Director and the Fire Commissioner had no power to appoint an extra ten officers.

H. Eliot Kaplan, of the Association is managing this part of the situation before Judge Conlan of the Supreme Court.

But it's more than just a dispute over a limited number of positions. One group of Battalion Chiefs in the Fire Department focused on these promotions, their remedial approach was crack a promotional examination for the group of 220 men, and hired an Assistant of the Civil Service to promote their interests.

Seymour B. Quil, assistant director of the Civil Service, is representing the City, and the men who got the appointments at a hearing to look out for them.

HOSPITALS

Sr. Helpers OK

The position of Senior Hospital Helper was approved by the Civil Service Commission last week.

The new position in the Hospital Department is now filled by an employee who went from $1,200 to $1,440 a year without any change in duties, and he will receive $1,290 with board and meals.

All hospital helpers who are now receiving $1,200 or more with maintenance, move into the group of employees who are entitled to regular increments until they reach the top salary.

Better Pay

For several months, the Hospital Department of the New York City has been trying to obtain a new position for a group of its employees in order to slow down the shift to better pay and more hours.

After public hearings held last week, the City Civil Service Commission approved new salary schedules in various categories. Here is the new list of maximum salaries.

We Wonder

WONDER what happened to all the good work the Civil Service Commission was going to accomplish by probing Federal personnel policies? Wonder what happened to the fine ambition of the Federal Civil Service Commission to invigorate the services of handicapped?

COMMITTEE FOLDING?

Well, we can tell you a little about the Ramps Speck Committee. Dillard Lassiter, its chief examiner, says he's willing to stand up to the attacks for Atlanta, Ga. In view of its picayune accomplishments, some members of the committee feel it should be dissolved. But the committee started with brave resolves, asked employees to contribute in instances of malfeasance or inefficiency in their offices—and every executive who it would naturally be better to Government work. But it has fizzled badly. Its future is in the air.

A PLAN THAT ISN'T WORKING

The plan of the Office of Dependency Benefits to use the services of the handicapped was widely—and properly—hated. Fine surveys were made and committees set up. That was 1946. But the payees haven't had a chance on the subject. Meanwhile the manpower situation tightened, and the services of the handicapped, which the committee might have been about to use, are left to lie fallow. Get going on this again, Commissioners Mitchell, McMillin, and Flenning!

PAYMENT FOR IDEAS

On page 2 of this issue, you'll find the story of the way the Office of the Chief Civil Service Examiner is paying employees for ideas. The program is one of the best we've heard of, and this is one of the best we've heard about. The critical material of today may have to be switched over to war production tomorrow. Mytinger's whole job is making decisions about these things. Manufacturers come to him with really tough problems. As District Appraiser Chief of the War Production Board, he must be ready to be left out of the loop as painlessly as possible, yet in the best interests of the country, he must be ready to turn down work when necessary.

Mytinger's N.Y. office is in the Empire State Building, overlooking the Signum of Kessel. He's been in the business 15 years. He has adopted a destroyer. He and the gals held a dance for the sailorboys at the Plaza, 350 Brooklyn. He's been in the business 15 years. He has adopted a destroyer. Tours in the 17th

This week we continue with our look at the 17th Precinct in large numbers. The one that follows is a simple "complaint from a cop in the 17th Precinct, and it's about a system of tours that seems to happen:

Men of the 17th Precinct wait patiently for each new "Police Call" in their Civil Service Grievance. Since the Harlem area has been a hotbed of crime in the past few years, the men have been on the lookout for new routines to help them do their jobs better.

Our physical system is bad. Much time they must travel. So you can have an idea how they work, I'll tell you a story about one of our men. He lives in the 17th Precinct, and he has been drafted and whose superiors during the Harlem trouble, our men instead of doing their job as usual, have to do something else. They have been drafted for the Army and have been sent to a barracks near the police station.

This man boasts of thirty-eight years of service to the city. He has been given a position in the Department and is placed in charge of the 17th Precinct.

The Mayors Trophy, for the second highest general average in all subjects went to Earl J. Capmanzi, and the Police Department for third highest average was awarded to Irving J. Klein.

Meme to Pat Harnedy

What will you do, now that you are not in the PBA?

Pat, do you like the members of the PBA? Pat? Don't you think they deserve an explanation of the situation just enabling them to be the easiest way out. What will you do, now that you are not in the PBA?

Chance for Police Clerks

Those men who filled the position of Police Clerk for jobs as civilians will be given an opportunity to work in the Police Department next week or two. The Police Department has just given its approval to taking on the men at $1,568 a year for those who come to work. The Police Department wanted to give the men a chance to make a better future in the Police Department.

It'll cost you an extra $100 Bond to look him in the eye!

HE'S AN AMERICAN SOLDIER.

Some day, if God is with him, he'll come home.

And when he does, you'll get the biggest thrill of your life if you can look him squarely in the eye and say, "I couldn't help you fight—but I did everything in my power to help you win!"

There's only one way you can say that... honestly say it. And that is to help him win now... when he needs all the help you can give him.

Today's particular job for you is to scrape together every dollar you can—and buy an extra $100 worth of War Bonds! That's your job in the 3rd War Loan!

It's not enough to buy your regular amount of Bonds. It has to be more. It has to be an extra buy—a little more pressure for the shoulder that's against the wheel.

REMEMBER THIS—you aren't giving your money. You're lending it to the government for a while. And you're making the best investment in the world.

Retirements Are Different In Police, Fire,Sanitation

In some City departments, retiring after you reach the retirement age, and have enough service in, isn’t just as simple as bringing in the official certification of the New York City Employees Retirement System, which cover most City departments, has little trouble. They file their application for retirement, either directly with the Retirement System Office, or through their department. There has been a 1:3:2 ratio of pre-retirement on the Board of Estimate, and the whole thing is usually accomplished within a few weeks.

But the Police and Fire Departments have their own pension systems, and the Department of Sanitation has the old Street Cleaning Retirement Fund, which the older employees of that department belong.

And here’s what happens in those departments:

Sanitation averages about 30 retirements monthly, and within a few weeks after applications are made, employees who have completed the pension payments begin. A number of the employees who were planning to retire last summer, waited until the July 4th holiday to boost their averages a bit, then filed their papers. Since January 1, 1943, there have been 247 retirements from Sanitation.

Police Department

The Police Department is the only one that allows the retirement of 40 members of its force, and one per month. That applies to regular retirements. However, there is no such number of disability and accident disability retirements. WTC, there are now 1,332 applications for retirements in the cases of the Police Pension Fund.

This means that a man reaching the Police Department police officer before he can leave the job and get his pension.

Fire Department

The Fire Department also has a quota for disability retirements. Their figure has been set at 25, but the whole number of regular retirements waiting to be acted on is still larger than the quota. It is stated that the firemen who file now can expect a few papers in about ten months.

Day Off If You Sell $100
In War Bonds: La Guardia

Any City employee will get a day off for selling one-hundred dol-

lars in War Bonds. That's the latest ruling from the Mayor's office, and he sent a

message around that all department heads last week asking them to

grant the time off.

Even essential employees like police and firemen will be able to

get the time off. Federal officials in return for releasing more essential persons have been

given the option of getting bonds sold.

The mayor, in return, has written the War Bonds office that he is entitled to

the time off too.
