NYC to Seek Truman’s Aid to Speed Up Action on Claims of Veteran Disability

By MORTON YARMON

The NYC Civil Service Commission has proposed to take steps to speed the consideration of claims of veteran preference as fast as possible and with the minimum of procedures. Under the proposed plan, the number of veterans, except officers, who would have to secure the clearance of the Veterans Administration for a claim for veteran preference would be reduced to three instead of the present 14. The VA has the records of all veterans, except officers, who has served in the armed forces of the United States, whose salaries are paid in whole or in part by federal funds.

The condition of many now residing veterans of whom the VA has the records is such that they can now be paid without incident. The commission has decided that, in addition to the 14 cases which it has been handling for many years, it will begin to process the claims of veterans who have been discharged from the service within the last seven years. This action is expected to reduce the number of cases to be handled by the commission from 14 to 3, and to cut the time required to process the claims from 10 to 12 years to 2 or 3 years.

20 Day Vacation is Granted to Employees of Armories

ALBANY, June 14—Army employees of New York State will be allowed 20 days’ vacation. This announcement represents a favorable conclusion to negotiations between the Army, the Armory employees and the Division of Military and Naval Affairs. The increased vacation schedule is in effect immediately—actually, as of the fiscal year beginning April 1, 1943. An order has gone out to all officers in Control of locations that it is desirable that vacation allotments be made, and brought into line with the vacation time enjoyed by other employees of the State.

Nominations For Assn. Heads Soon to Open

ALBANY, June 14—Army Koating of the Board of Directors of the Civil Service Employees Association is scheduled for Tuesday, June 29, in Albany. In addition to regular business, the Board will appoint a nominating committee to consider nominations for the coming year’s officers. Elections take place in the fall.

Legislators Are Swampied With Pleas for U.S. Raise

WASHINGTON, June 7—The short time left before adjournment of Congress, which is expected to take place during the fourth week of this month, has prompted employee organizations to make a final push for a pay increase. The requests are to include Members of the Federal pay raise bills. In most cases the increase will go to employees of the State and local governments, and in certain cases to employees of the Federal government.

U.S. Opens Exam For Patrol Jobs

The U.S. examination for 500 positions as racket-busters and warrant officers is now open, and the positions are to be filled in the next six months. The examination is open to all citizens of the United States who are over 18 years of age and have not been convicted of a felony.

In their recent conferences discussed compromise on amount that would promise success. Both have openly announced their support of the principle of a pay raise increase now.
County Employees Favor $1,200 Minimum Retirement Allowance

The $1,200 minimum pension is the highest so far proposed as part of the retirement legislation wanted by county employees.

Charles Dunbar of the State Department of Civil Service who heads the Association’s Retiremen Committee, explained that the Association had proposed a lower minimum pension of $1,000, but after a meeting with the desires of the County Employees Association and the Committee’s executive director, it was agreed that $1,200 would be a minimum pension for all employees.

Major Proposals

- Provisions for a pension for employees with 55 years minimum retirement age, which was supported by the county employees.
- The County Employees Association favors the model of the 71st Regiment for re-election as President. Other points of the Association’s retirement legislation were outlined, and included permissive retirement at age 55, without exijuion for Federal

N.Y.C. Armory Group Elects Officers

The Armory Employees Chapter, Metropolitan District, of The Civil Service Employees Association, held an election on Wednesday, June 16 at the Met Armory, under the presidncy of Walter Rube, chairman; Sergeant-at-arms post. The unopposed candidates for the executive offices are listed below.

Vets Get Job Aid On Graduation

Hundreds of job offers, made to CARE, who will finish college this month, are pouring into the New York State Employment Service headquarters and local offices throughout the Empire State.

A new and important development in the employment service is the introduction of an information bulletin, which will be issued once a month, and will contain the names of veterans and their qualifications, as well as the names of employers who are desiring to hire veterans.

The bulletin will be issued free of charge, and will be available at each office on Saturday mornings. The change is made at the request of the Civil Service Employees Association.

The bulletin will be issued by the group that is a matter of public concern, and is intended to provide a fair allowance to county workers.

A motion made by the President was seconded by the Secretary, and unanimously adopted. The motion was approved by the group.

Motor Vehicle Bureau is on a 5-Day Week

ALBANY, June 7.—Motor Vehicle Commissioner Clifford J. Siso, announced that the Motor Vehicle Bureau is on a 5-day week for the present and for the future.

In a recent statement, County Attorney M. J. Deuchar made this significant comment: "In my opinion the relationship between the County Attorney and the motor vehicle commission has been greatly improved in the past few years."

I recall days of salary cuts that were made by the County Attorney, and I remember the years when his salary was cut down to $1,200. I know how important it is to have a motor vehicle commission that is looking after the interest of the public.

It should happen to us.

Conditions Good in Westchester

The meeting agreed on the need for a plan under which sick leave could be accumulated indefinitely. The local chapter of the Civil Service Employees Association reports that the growing sentiment among the membership is for removal of the present 30-day accumulated sick leave provision. The employees are not asking for more pay, but they want the privilege of accumulating it indefinitely.

Ray J. Marlin, a chapter officer, said: "There are many ways in which we have accumulated sick leave that could be used for example, to take care of an illness or if the employee has 20 days of sick leave accumulated in his group, it might be used prior to retirement, to make up for minor disabilities that might exist a year earlier."

Lump Sum Reimbursed

A pension that employees might be reimbursed for lump sum paid has been discussed. The employee who takes a day off at the least provocation.

No-Limit Sick Leave Proposed

Employees of Cosack Vocational Rehabilitation Center are eligible for a plan under which sick leave could be accumulated indefinitely. The local chapter of the Civil Service Employees Association reports that the growing sentiment among the membership is for removal of the present 30-day accumulated sick leave provision. The employees are not asking for more pay, but they want the privilege of accumulating it indefinitely.

Staff Attendants to Be Picked From Dept.-Wide Exam

The Public Employee

By Dr. Frank L. Tolman
President, The Civil Service Employe

Civil Service Lauded, Criticized for Recent Actions

The State Civil Service Commission has made improvements. But there have been competitive examinations that producers of those who might otherwise be persuaded to seek careers.

"The pressure on it from persons of high principle and a practical plan for efficient public administration."

The paramount issue is plainly stated that any form of patronage-minded political leaders for a share of patronage, over a period of time, and without interest in resorting to its full potentialities, which should be taken into consideration in the interest of those in the service to attain more responsible posts, discouraging many from continued service, and making it unattractive to them.

"We regret, however, that the State Civil Service Commission still persists in enforcing the civil service law. "It is little but O’ My"—what a champion of a reform association."

"It is a matter of conjecture, but based on the positive side, the Association, of discontinuance of the practice, and in Civil Service offices."

Metropolitan Conference Planning Gala Picnic Meeting at Jones Beach June 26

The Metropolitan Conference of The Civil Service Employees Associ

Acceptance of invitations was extended from State Civil Service Commission Louis C. Gerry, Director James F. Evans, of the Conference Department and Harry A. Lauter, Director of the State Civil Service Commission. Replies are awaited from other state officials, including Lieutenant Governor Joseph R. Maney and Chairman Mary Grace Krone, of the State Personnel Board.

The delegation from the Wannemake chapter consisted of George A. Half, of the chairman, plus members of the conference.

The subject of entertaining the delegates and guests was discussed. Mr. Palitsch last week sent letters to all chapter Presidents, giving them instructions and urging fullest cooperation.

The Metropolitan Conference has devised an unusually interesting letterhead. At the top appears a map of the area covered by the Conference and The Civil Service Employees Association chapters within it. Above is a reproduction of the map. Note: It’s no idea other conference groups might emulate.
NEWS OF STATE AND LOCAL EMPLOYEES

Civics Institute

Guard James Maher, who was injured during a disability screening, has returned to duty on May 19th after having had a serious shoulder operation. Mrs. Hurley was formerly from Great Meadow Prison and also a widely recognized figure in the conservation movement for many years. She has returned to duty on May 19th after having had an operation at the hospital.

Guard William Rice has reported for duty after being absent for a few days. Bill Phillips, Chief Probation Officer, has reported for duty after being absent for a few days. Bill Phillips, Chief Probation Officer, has been absent for a few days.

The舞蹈 was held under the auspices of the Civil Service Employees Association. Dancing followed the meeting. Albert Doherty of the Treasurer's Department attended the meeting.

The dance was held under the auspices of the Civil Service Employees Association. Dancing followed the meeting. Albert Doherty of the Treasurer's Department attended the meeting.

The Labor Department, as usual, was one of the largest contributors to the dance. The State Labor Relations Board, as usual, was one of the largest contributors to the dance.

President Howard L. Klayman introduced four speakers to the audience. John P. Francis, Assistant Director, and Howard R. Solter. It is felt by members of the Civil Service Employees Association that Mr. Bernard had been regular and public education.

Mr. Curran dwelt especially on this subject in detail at a future meeting. President Howard L. Klayman said that he would discuss the matter. Mr. Bernard introduced four speakers to the audience. John P. Francis, Assistant Director, and Howard R. Solter. It is felt by members of the Civil Service Employees Association that Mr. Bernard had been regular and public education.

Analysis of Comptroller's Views on Retirement

"A day's work well done is worth double the pay," go the old sayings. The system will include costs which will appear—properly spiralling out of the central planet. It may be enormously difficult, and perhaps impossible, to get the results with which the concept, it appears to us, can postpone indefinitely—and perhaps forever—any forward movement in the matter of retirement. For the Comptroller is asking what he considers as being readiness of work in the field. A healthy financial structure for every community is desired, but there are limits that cannot be attained within the foreseeable future. And by this dictum—we wonder if Connell sounds so reasonable—necessary retirement improvement are quelled quite as definitely as if the Comptroller had said a straight No to the State's employees.

We consider Comptroller Moore an enlightened, valuable public official. But has he thought through the consequences of his approach?

The Constellation

The Retirement System was set up originally for State employees, and only later extended to county and local units. The heart of the system is still the State employee. The question, then, is, the validity of the constellation's function if the employees desire more security, more certainty of appointments and retirement improvements are quelled quite as definitely as if the Comptroller had said a straight No to the State's employees.

We consider Comptroller Moore an enlightened, valuable public official. But has he thought through the consequences of his approach?

U. S. Opens Exam For Immigration Job

Examination will include 100 questions to be answered at the written examination. Applicants should indicate in their applications the places where they wish to be examined.

Competitors who qualify in the written test may be required to take the oral examination as part of their standing on the register established by this examination. It is found that applicants lack the personal qualities necessary for successful performance of the duties for which they have indicated a desire to compete for appointment.

Notice to War Service and Temporary Employees who are in positions which would ordinarily be filled from the registers of applicants, that their names, which are on file for this examination, will be retained for a classified status and will be arranged for the filling of these positions by the Government.

Register and Certification

Separate employment lists or registers will be established as a result of this examination for three areas. Certification to fill positions in the patrol inspector (Trainee) and other positions requiring similar qualifications will be made from the registers of the highest eligibles on the register for each of the service, to fill any positions requiring arduous physical exertion. Positions will be reported to the Board of Examiners at grade CAF-6, since no previous training will be required for Patrol Inspector positions above that grade.

Registrants will be required to appear for an oral interview in the order of their standing on the registers for such positions. Any registrant who is required to appear for the oral interview will be informed of the day and time of such an interview. It is required that registrants who have not appeared for such interviews shall be disqualified. At the time of the oral interview, registrants will be required to answer questions relative to their character, evidence of intemperance, unethical dealings, or material misstatement on applications.

Handbook Explains Law and Facts on Civil Service

"Handbook for Employes," published by Merit Enterprises, 177 Broadway, N.Y.C., is a manual which includes sections on the Rules and Regulations of the NYC Civil Service Commission, the Administrative Code, the Charter, the NYC Civil Service Law and the State Military Law.

The manual is a complete description of the NYC Employees Retirement System, the Municipal Credit Union, the Employees' Federal Credit Union and the Employees' Hospitalization Service and the Veterans' Hospitalization Service.

The "Handbook" also features an extensive section on opportunities for promotion for employees of NYC — those in the subway system, Police, Fire and Sanitation departments and also clerks, typists, social workers, investigators, bookkeepers, accountants, and many others.

Among the other outstanding sections are a personnel time record chart which may be used to record absences, sick leave and personal sicknesses and an employment and educational record chart which may be used to record important facets of your career.

"How to pass a written test" is the subject of another section. The price of the manual is $1.

By H. J. BERNAERT
The attempt of war veterans who first entered NYC service after their military discharge to get monetary advantages from retroactive seniority provisions of the State Military Law is coming to a head. More than 1,000 Pat­rolmen (P.D.) and Firemen (P.D.) have filed back-pay claims with Comptroller Lazarus Joseph on the ground that increments were illegally denied. These two groups have been leading the fight, which to date has been unsuccessful.

The NYC administration holds that the retroactive seniority benefits were intended by the legislators to apply only to promotions and examinations, and that the employees on military leave get increments that would have accrued had they not been in the armed forces.

The whole case pivots on one word—"promotion"—and the struggle of the appointees to reap the financial benefit that now before Comptroller Joseph he does not decide in their favor, a court proceeding is proceed­ed by the claimants.

Corporation Counsel John P. McCreath received a request from Budget Director Thomas J. Pat­terson for an opinion on the validity of the claims.

A long conference was held in Comptroller Joseph's office on Thursday, after Deputy Comptrol­ler Louis Lang had attended another long conference at City Hall.

The Whole Question

There is no way of telling exactly how many veterans are involved in the uniformed depart­ments, nor how much average back pay would be obtained if the proposal is successful. The figures are figuring on nearly $1,000 for nearly 1,000 men. About 800 Patrolmen and Firemen are figuring on nearly $1,000 back pay would be obtained if the efforts are successful. The Patrolmen are figuring on nearly $1,000 for nearly 1,000 men. About 800 Patrolmen and Firemen are figuring on nearly $1,000 back pay would be obtained if the efforts are successful.
