Auto Enginemen to Drive Buses

Practical Tests Will Begin March 19

(Exclusive)

The recently published list for Auto Enginemen will be declared appropriate by the Municipal Civil Service Commission for the position of Bus Operator, a position in which there are some 250 vacancies or jobs held by provisional employees.

Added to the 50 existing vacancies for Auto Enginemen, this action will, presumably, create temporarily 300 jobs within a short time for the top eligibles on the list.

Practical tests for eligibles on the list will be given to applicants in groups of 16 each for the following ten days. Candidates will be notified by the Municipal Civil Service Commission—Horse and Laundry Workers. Written and literal tests will be given to the applicants within a few weeks, according to the Municipal Civil Service Commission, and as far as possible, the written and literal tests will be arranged so that applicants will be appointed to replace appropriate eligibles only when vacancies now exist in the employing agencies.

The eligibility list need only be a simple examination of applicants for the position of "Auto Engineman".

It will have no victory over the written and literal tests.

The policy of the commission determines the standing of the applicant.

Approximately 4,000 men and women are eligible for these labor jobs on the first day applications were received. The list will be cut off on Saturday only a handful turned up.

A Long Wait For 50c

The Municipal Civil Service Commission decided last week to refund the 50-cent filing fee of applicants—principally applications of Horse and Laundry Workers—on the theory that the candidates were not considered eligible for employment.

The commission's action means that if an applicant is not on the eligible list and does not receive a job offer before the list is cut off, they will get their 50c back. However, if they get a job offer, they cannot be cut off from the list even if they fail to report, and the 50c filing fee will not be refunded.

The petitioners' goal was to have the eligible list cut off as soon as possible. They petitioned the court to have the eligibles notified of their eligibility status, and declared that the petition was a sincere effort to have the eligibles notified of their eligibility status.

The court, in its decision, denied the petition and declared that the eligibles need not be notified of their eligibility status, and that the petition was not a sincere effort to have the eligibles notified of their eligibility status.

Sanitation Eligibles Active Push Ahead in Many Directions

Sanitation Workers

During the next few weeks, the commission will be running its continuing series of stories about labor conditions in the Sanitation Department. The reason for this is that the health of the men is now being investigated, and it has been determined that all the department's workers will be required to submit to a series of medical tests. The tests will include blood pressure, blood sugar, and urine tests. The results of these tests will be used to determine the health of the men and to ensure their safety in the workplace.

Can't Question Answers

The Municipal Civil Service Commission's power as the final arbiter over employment issues is demonstrated in its examination of applications and answers to its examinations held last week by Supreme Court Justice O'Brien in a Kern case. The plaintiff asked the court to order the commission to answer questions about the course of the proceedings. The court held that the commission's decision was final and that the plaintiff had no right to appeal.

**Age Limits Raised for Court Attendants**

Other Requirements Remain the Same

(Exclusive)

Men and women over 40 and 45 are to be admitted to the coming Court Attendant test, and will be eligible for appointment in non-criminal courts in the metropolitan area. The minimum age remains at 21. This was ruled last week by the State Civil Service Commission.

The 21-45 age requirements will be raised to 22-26 years, with the upper limit of 50 pounds, and one of these five experience groups.

Hospital Attendant Duties

The chief reason for the revisions was the increased need for Hospital Attendant decimations has been a failure on the part of many eligibles to understand the duties of the job. To end this, the State Department of Civil Service has just prepared a memorandum of instructions for eligibles. This will be forwarded along with the questionnaires asking eligibles in which they feel competent to work.

The duties of the Hospital Attendant job are:

1. Bathing patients — Personally washing patients in the shower, bathing them in the dining room or actually (in the hospital) washing.

2. Feeding patients — Personally bringing food to patients and watching them in the dining room or actually (in the hospital) feeding.

3. Dressing patients — Personally surrendering patients in getting dressed and undressed.

4. Cleaning patients, beds and quarters — Assisting in keeping the patient's bed, clothes, and quarters clean, personally changing or assisting patients in changing their clothing when they have soiled it. Person­ally cleaning bed linen and disposing of it.

5. Keeping order — Keeping order in the patient's room, personally changing or assisting patients with house­cleaning and keeping it clean.

6. Supervision of patients — Watching over patients and reporting upon their actions and condition; observing the activities of patients while at work and during recreation.

7. Service in hospital offices — Assisting in preparing patients to and from work, church, recreation, and hospital activities.

8. Supervising the activities of the District Representatives if they do not wish to attend to such matters themselves.

We Suggest a Bill

LAST year, The Leader editorially advocated a bill to end the difficulties caused by local residence restrictions upon local men and women employed by the State. The suggestion was taken up by Supreme Court Justice Kleinfield, then a State Senator, in drafting his Uniform Civil Service Act bill. The Kleinfield bill sought to exempt State employees from strict effects of any local residence laws, such as New York City's Liquor Law. The bill unanimously passed in the Assembly but was not reported in the Senate.

The Leader believes the bill should be revived. Under the terms of the Kleinfield bill, many communities are soon to set up residence restrictions. We also suggest that a new provision be added to meet a difficulty that has arisen since last session. Many young men and women who have taken exams are leaving their home towns to join armed forces. Although they are temporarily, and the workers expect soon to assume their rightful position on local eligible lists. However, under strict interpretation of residence restrictions, they may very well be declared ineligible just because they have taken exams for various towns.

The Leader suggests that when the Kleinfield-Wagner bill is revived in this session, it include a provision that these employees in previous defense position likewise be excluded from local residence restrictions.

He is working from a policy of procedure, on his methods of procedure, we feel he ought to complete his report and make it public with all possible speed—in the interest of the welfare administration, its employees, and the general public.

11-Squad Bill for Cops

REPRESENTATIVES OF New York's policemen have had a bill introduced in the Assembly by Democrat Louis Cohen to introduce the 11-squad bill. Councilman Cohen, we understand, is now considering the measure.

As the Leader has pointed out time and again, the 11-squad bill in 1941 is a great boon to the city's cops, in that it gives them an extra day's pay each week, which they don't have now. No one has an advanced rational reason why the cops shouldn't have a proper working day.

We hope Councilman Cohen gets behind the 11-squad bill.

A Petition to the Mayor

On the 11-Squad Bill for Cops

Dear Mr. Mayor: As a member of New York City's Police Force, I wish to express our concern at the possibility of a 48-hour swing each week, which will impair the morale and efficiency of the men of our organization. It is imperative, therefore, that we get behind the 11-squad bill and help to get the gain the working hours which it provides.

Transfer Trouble

When you finally persuaded the Municipal Civil Service Commission to establish a transfer plan, I seemed to be one of the very few who believe at last that we might have a chance of obtaining a position which we could really use our experience.

I called the Commissioner and immediately sent it in to the Transfer Board, the same day. Four weeks went by without any word from the Commission or the State Unemployment Office. It was returned unsigned.

In the meantime, the Board had received another application for the same position. It was returned un filed as the Transfer Board had already got what they wanted.

I was, of course, disappointed. But I was hopeful that the Budget Director would allow me to continue and that the Board would sign the agreement and that the Board would sign the agreement and that the Board would sign the agreement. I was wrong.

The Board sent me a letter to the effect that they could not make a decision, that the Budget Director was to make the decision, and that the Board had no right to make the decision.

It is my purpose in writing this letter to let you know that this is the situation and that you ask for what you deserve. As the Leader has pointed out, the Leaones will continue to fight on behalf of those who need help.

A. M.

The Leader has stated editorially that the transfer system was established to give the possibility of advancement to those who were not satisfied with their jobs, that it was to give them an opportunity to change their positions, to improve their salaries, and to improve their working conditions.

It seems to me, therefore, that the Budget Director is really responsible to the municipal government. I wonder if other departments are under the same restriction or is it only the Transfer Board that is responsible for obtaining signatures since it was established that the Transfer Board had obtained forms from only fifty persons?

It is my purpose in writing this letter to let you know that the transfer system is not working. I am looking for a job that is not restricted by the Transfer Board to which I have been entitled by law. There is no reason why the transfer procedure should not be eliminated.

I have met with the Commissioner on the question and I informed him that I would accept real or reasonable suggestions for a conditional signature on this Department head, but I was informed that the question was not to be discussed. It seems to me, therefore, that the Budget Director is really responsible to the municipal government. I wonder if other departments are under the same restriction or is it only the Transfer Board that is responsible for obtaining signatures since it was established that the Transfer Board had obtained forms from only fifty persons?

"There is no need for anyone to be bald," says Miss Dorothy C. Kahn, Assistant Executive Director of the American Hair Grant Association. "If you have tried our hair thickening preparations and have been unsuccessful in thickening your hair to a satisfactory degree, we will give you a full head of wavy hair for your return for the 1941-1945 term."

"Nothing New"

"All Albany legislation affecting cops is bogged down in committee. There's nothing new to report."

"There's nothing new to report."
You and I
by May Andres Healy

May Andres Healy is granted the widest latitude to express her views. Her opinions do not necessarily represent the views of The Leader.

WHAT strange things are done in the name of politics.

Since Governor Lehman's Budget appeared the Republicans have told us that the Governor "sold us short"—that they did not intend to cut State Aid for Education.

Now, after conference, the Republican leaders state that they agree with the Governor's cut of 2 per cent in State Aid for Education. They mention nothing about the admitted surplus in educational funds which accrued due to the Ives law. They had previously stated they intended to make up the difference of the 2 per cent by using this surplus.

County roads and county fairs mean more politically, so schools and children can suffer the consequences.

Warning

Let me leave these legislative leaders that you get no more than you pay for—education is to be sacrificed at this critical stage, it will be too late to repair the damage after political patronage is satisfied.

Roads can wait! Fairs can be financed by local communities! But the education of a child must be provided when the child is ready for it.

Why are our representatives so foolish? They have such a simple application for the exam have units for which the pupil must be prepared. Why not look on the prefered but whose title is not taken, the moran bill at the board meeting, in order to be corrected by the board, not by the Department of Education? The Teachers Association has raised $3, 218.72 for teachers; the board of Education has raised $1,000 for the Manhattan bill at the Board meeting during the past week.

In the American kindergarten one of the essentials taught young children is the difference between (1) fertilizer, (2) unit value, (3) yield value, (4) complete fertilizer, (5) full dressing. Why do they expect that because they were told, for example, what fertilizer is, that they will determine? What is the best treatment? How do you know if you're getting the best? What requirements are fulfilled? This is a question the members are asked.

Study Series No. 14

155. Define each of the following terms:
(a) Fertilizer ratio, (b) unit value, (c) yield value, (d) complete fertilizer, (e) full dressing.

156. Give the advantages of giving perfectly balanced dressings as compared to single dressings.

157. (a) What is meant by the term--green manure? What is its purpose? (b) Briefly how and with what materials are green manures treated? What is the preferable time of season?

158. Explain briefly a winter resting method for garden lawns.

159. Give the advantages of plowing and cultivating. Select four of the following items for possible answers. List, in order of importance, your answers. (a) Increase in soil moisture, (b) destruction of harmful insects, (c) aeration, (d) growth of grass shoots, (e) all are important.

160. Explain briefly a winter resting method for garden lawns.

Service Rating Once a Year

A suggestion that the National Civil Service Commission make a policy of having a

service rating once a year for employees submitted every six months was received last

whether or not to continue the present rating system, which would, if con­tinued, be of this type of work.
