CSEA Demands Meeting On Rumors Of Budget Cuts In Mental Hygiene

ALBANY—The Civil Service Employees Assn. has demanded to meet at the earliest possible date with the State Budget Director to discuss reported impending budget cuts in the Department of Mental Hygiene and other State agencies.

Such a meeting is imperative, according to Dr. Theodore C. Wenzl, CSEA president, "to enable us to get an accurate idea of the nature and scope of these rumored economy measures so as to be able to present a true picture to our thousands of members, particularly in mental hygiene institutions, who would stand to be adversely affected.''

Wenzl said that from CSEA's analysis, it did not appear that any significant cutbacks in departmental programs and staffing were necessary. In only one instance, the 1969 contract noted, and any cuts have been implemented officially, and this according to the department, was only on a temporary basis.

Be referred to the current mental hygiene moratorium on the filling of vacancies in titles allocated to grade nine and below.

Reimbursement Is Strong

Ritter recommended over the proposed cutbacks has been voiced by employees at various mental hygiene institutions across the State. These workers make up a large percentage of the rank and file CSEA membership. "They want answers and we intend to get them," said Wenzl.

Word of the austerity measures leaked out recently following a meeting between institution directors and mental hygiene department officials. The directors reportedly were told that an expenditure ceiling had been established which would require sharp cuts in the departmental budget for fiscal year 1968-69 and

BULLETIN

ALBANY—A State Civil Service Commission decision at Leader press time turning down the Civil Service Employees Assn. appeal to upgrade key punch operators was met with immediate announcement by CSEA that it would ask the Commission to reconsider the matter. Although, a Commission decision is usually final, a CSEA spokesman said his organization would press for a further review of the key punchers appeal based mainly on the "significant increase in the duties and responsibilities of this class."

were asked to come up with recommendations on how to pare their individual budgets.

Besides the freeze on filling vacancies, the cutbacks reportedly would affect overtime, extended sick leave credit, subsidized education and other benefits.

CSEA also noted that any personnel cuts would be equally detrimental to patients. "No one can tell me that cutbacks of personnel in Institutions which are already understaffed will not affect patient care," Wenzl declared.

Resolution Committee Sets Meeting May 25

ALBANY—The Resolutions Committee of the Civil Service Employees Assn. will hold its first meeting of the year on Saturday, May 25, in the South Room of the DeWitt Clinton Hotel, according to Randolph V. Jacobs, chairman. The Committee will review the previous year's legislative and administrative accomplishments as well as all resolutions passed by the delegates at the annual meeting in 1967. The Committee will review each resolution and appropriate action will be taken on all that are pending. Jacobs asked that chapters and conferences submit all new resolutions to him addressed to CSEA's Executive Headquarters, 33 E. Irene, Albany, New York.

Jacobs also noted that in keeping with CSEA's Constitution, the new cut-off date for receipt of resolutions is July 20.
Nurses Sought

The State Department of Civil Service has positions for health service nurses throughout the State at $4,620 to $7,700.

The positions are with the Employee Health Service Program. Most of the openings are in Albany, Syracuse, Buffalo and New York City. Candidates must reside in New York State and have six months' experience as a nurse. They must also have either one year's experience in occupational, public health, military, emergency room or school nursing or have a bachelor's degree in nursing.

Applications and further information may be obtained from any of the offices of the Department of Civil Service, Albany, Syracuse, Buffalo and throughout the State at $6,300 for health service nurses and $13,270 for those in the Exceptional Services Program.

Passage Of Surcharge Bill May Postpone Pay Raise

The Federal employee raise which was signed into law last December and was due to be enacted in July may be postponed because of the current economic conditions. Although President Johnson has not said he would veto the pay raise, he has made it clear that he would like to see a slower pace in the economy. The Federal Civil Service raise was approved by Congress and signed into law by President Johnson.

Onondaga Chapter Negotiating With Syracuse, County School Districts Following Certification

SYRACUSE—Onondaga chapter, Civil Service Employees Assn. this week was negotiating wage increases and working conditions with the following recognition of the agent for 405 City employees of Syracuse last week granted Onondaga chapter the recognition.

Hay and Mrs. Young said the chapter "appreciates the latest certification," which was given at the request of Mayor Taylor Law took effect. It sent the mayor a formal letter requesting recognition last Jan. 17.

20% Pay Differential Sought For City Area Truck Drivers

Syracuse—The Civil Service Employees Assn. has asked that state truck mechanics and helpers and drivers working in the City area and adjacent counties be given geographic pay differentials.

In the case of these workers, CSEA contends that persons privately employed in that position in the New York Metropolitan area make a considerably higher income than that of their counterparts in State employ. Thus, CSEA is asking a 20 percent differential bearing its request on-wage surveys taken from the Department of Labor's Bureau of Labor Statistics.

The differential, if approved by the State, would affect all maintenance employees employed in State facilities in the counties of New York, Kings, Queens, Bronx, Richmond, Suffolk, Rockland and Nassau.

CSEA also is asking for a 30 percent geographic pay differential for truck drivers working at State facilities in the same counties.

Using the same BLS wage surveys, CSEA contends that privately-employed truck drivers earn 38.8 percent more annually than State truck drivers (grade 12).

In both of the above cases, CSEA researchers used the BLS area wage surveys for the New York metropolitan area, and the combined area wage surveys for the Albany, Binghamton-Troy, and the Buffalo metropolitan areas.

CSEA asked for a quick and prompt action on its appeal to the Secretary to J. Earl Kelly, director of the State Division of Classification and Compensation.

Lakeland Unit Wins Pay Hike

The Lakeland School District Unit of the Westchester chapter of the Civil Service Employees Assn., has successfully negotiated a new contract for non-teaching employees of the Lakeland School District, including substantial pay increases.

Increases of $240 to $340 annually on beginning steps and $270 annually on the fourth step were awarded to the school district's custodial, transportation and clerical workers under the terms of the new contract.

The agreement was reached by Lakeland School Board President Dan Fried, School Superintendent Albert L. Donnelley, and Union President Carl Amato and the Lakeland unit's vice-president, Noel Kehler.

City Chapter Elects Berman

William Berman has been elected president of the New York City chapter of the Civil Service Employees Assn. Herman succeeded Seymour Shapiro who did not seek re-election.

Berman was nominated by Solomon Bender, first vice-president; Peter J. O'Regan, second vice-president; Dr. William E. Frazer, general secretary; and Davis C. Hennessey, State treasurer. Other officers of the chapter are: Christian Mignone, recording secretary; and Miriam Lader, corresponding secretary.

Transit Patrolman, Trainee Test Filing Will Close May 27

Filing remains open one more week for patrolman and police trainee positions with the City Transit Authority police. Applications will be received until May 27 for the June 6 written exam.

Transit police patrolmen receive $7,932 to start and $9,195 after three years. Trainees receive $5,932 to start and four annual $360 increases. The police trainee position is for those under 21 seeking a police career. Trainees are appointed patrolman at age 21 without a further written or physical exam providing their record as trainee was satisfactory.

In addition to their salary, patrolmen receive an annual uniform allowance of $185, 11 days holiday pay, a $180 annual contribution by the City to a welfare fund and a $1 a day contribution to an annuity fund.

The patrolman's position is open to those between 20 and 30 years of age but less than 29—though military duty of up to six years may be deducted in determining maximum age. Though patrolman may take the written test at age 20, they must be 21 to be appointed.

Trainee candidates must be at least 16 years old at the time of the written test and 17 at the time of appointment. Candidates for both positions must have either a high school or equivalency diploma, must be U.S. citizens and at least five years of age. Successful candidates must pass the qualifying written exam, and medical technician (general) or radiography equipment—and medical and physical tests. Applications and further information may be obtained from the Application Section of the City Department of Personnel.

Desires Moving Of More Jobs To Albany

Editor, The Leader:

I want to take this means of commending you for your stand against the proposed move of the State Commission for the Blind from New York City to Albany.

This is but the most recent example of a long term trend, namely, of concentrating more and more jobs—and particularly better paying jobs—in Albany.

This trend has been the trend even in the many instances where the vast bulk of the work was located in the New York Metropolitan Area.

Of course, it has become obvious by now to everyone except those de facto in charge of depriving public employees—especially Negro—of the fair share of the jobs and opportunities they deserve.

Reduction of standards of living in the public service, both by economic necessity and by political will, has been and continues to be the inevitable effect of the decision to move the Commission far deeper than what is necessary for public relations.

Highlights of Budget Cuts

Mental Hygiene

Editor, The Leader:

In light of what has happened recently in the Department of Mental Hygiene, I think an explanation should be made to the employees affected by the new budget cuts.

On May eighth the institutional directors were called into the main metropolitan building and instructed regarding the budget cuts. They were also instructed to return to all their institutions and put into effect immediately following program for those employees below grade.

1) No summer employees to be hired.
2) Frenze on hiring of new employees with the exception of those on 80 percent of present number of employees.
3) Overtime to be cut—only to be used in dire emergency.
4) Frenze on promotion until fin. CSEA appeal is heard. Samples of some necessary mental hygiene leaves with full pay.
5) Curtailment of full pay or compensation to one month. After that the leave at one-half pay.
6) No stipends.
7) Curtailment of educational leaves with full pay.

When the news was passed on to us we were shocked and upset. The proposed move of the State Commission for the Blind from New York City to Albany is a further step in the direction of a better America would not have happened.

The basis of distinction is somewhat difficult to grasp between civil and military personnel. In that case, a lawyer referring the case to the court of the army officer would have been impossible.

In public service or to forfeit public office. As noted by the court, the rank of officer is irrelevant to the accomplishment of such purpose:

The rank of officer bears no meaningful relationship to whether the privilege of self-incrimination was justified by the State's right to disagree with anyone who refuses to testify in matters relating to his public employment. Mr. Caplan's privilege was not extended to him.

THE COURT OF Appeals also distinguished Garrity v. New Jersey, also decided by the United States Supreme Court. The basis of distinction is somewhat difficult to grasp between civil and military personnel. In that case, a lawyer referring the case to the court of the army officer would have been impossible.

If you'd like to get around the high cost of living, we have a suggestion:
Cut down on the high cost of getting around.
And buy a Volkswagen. It's only $1695.*
That's around $1200 less than the average amount paid for a new car today. Leave it in the bank. More's coming.
A VW saves you hundreds of dollars on upkeep
Over the years.
It takes pints, not quarts, of oil.

Not one iota of antis ie.
And it gets about 27 miles to the gallon. The average car thirsty devil that it is only gets 14.
So the more you drive, the more you save.
And chances are, you'll drive it for years and years.
(Since we never change the style, a VW never goes out of style)
Of course, a VW's not much to look at. So a lot of people buy a big flashy car just to show face.
Try putting that in the bank.

Research for Protection
...so more will live.

The National Multiple Sclerosis Society, with chapters in all major cities of New York State, was founded in 1946 to seek the cause and cure — still unknown — of this disease which affects more than 500,000 Americans. Multiple Sclerosis is a disease of the central nervous system that most often strikes young adults. The patient may suffer impairment of speech, sight and movement.

The National Multiple Sclerosis Society has allocated some $7 million to research since its inception. Regional chapters assist patients with loans of wheelchairs, crutches and sickroom equipment, and serve as clearing houses for information on how best to cope with this disabling disease. Chapters conduct regional fund drives and contribute a large portion of the proceeds to the National Society for research.

TEACHERS OF EARLY CHILDHOOD CLASSES

**May 21 Is Teacher Recognition Day**

Each year, the Governor of New York State designates May 21st as Teacher Recognition Day to honor the teachers of the State. This year Governor Reuben E. King, Jr., will designate May 21st, as Teacher Recognition Day.

To New York City, more than 3000 public schools will be honored. On Teacher Recognition Day, the Board of Education will hold special events marking the occasion, including teas, luncheons, and banquets, all with some programs and similar activities.

This year, many schools will honor former Teachers, who were a teacher before he became a civil rights leader. Some schools are presenting teaching staff with framed photographs working with the Student O. O. of Dr. King, while others are donating money to the Southern Christian Leadership Conference to advance the cause of civil rights in Dr. King envisioned it.

Many present and former teachers will write personal letters to former Teachers who have helped them achieve success in the classroom and in life. The Teachers will also receive cards, home and the community. Members of the adult community including a good-sized number of school board members as well as the general public will take this opportunity to send messages to former Teachers who have helped them throughout their school life.

Donovan under the school system's Vocational Guidance was celebrated last week. The Twentieth anniversary of recruiting teachers from Puerto Rico included John Nolan and Mrs. Clelia Belmore. The first of any agency in New York City's Bureau of Educational and Improvement of education.

The two million potential job-holders in the classrooms and four million exciting careers in the "job market," Dr. Donovan added.

He pointed out that today's educators believe that school officials and business executives must work together to meet the problems of job training and placement, of matching curricula with the requirements of the business and Industrial community.

The three Experimental Demon-

stration Project's New York City school system has grown to 1,379 counselors in the junior high schools and a handful in the vocational schools in 1927, the licensed vocational counselor's school system has grown to 1,379.

According to Superintendent of Schools, the "job market," and work in Puerto Rico. They will be held in cooperation with the National Conference of Christians and Jews and the New York City and Puerto Rico and the Department of Public Instruction of Puerto Rico.

Each year since 1957 a human relations workshop has been held in Puerto Rico for the New York City educators. Last year, one week of the workshop was spent in the New York Puerto Rican community.

This year, workshop experience will be held even more closely to the New York Puerto Rican community.

**May 21 Is Teacher Recognition Day**

Each year, the Governor of New York State designates May 21st as Teacher Recognition Day to honor the teachers of the State. This year Governor Reuben E. King, Jr., will designate May 21st, as Teacher Recognition Day.

To New York City, more than 3000 public schools will be honored. On Teacher Recognition Day, the Board of Education will hold special events marking the occasion, including teas, luncheons, and banquets, all with some programs and similar activities.

This year, many schools will honor former Teachers, who were a teacher before he became a civil rights leader. Some schools are presenting teaching staff with framed photographs working with the Student O. O. of Dr. King, while others are donating money to the Southern Christian Leadership Conference to advance the cause of civil rights in Dr. King envisioned it.

Many present and former teachers will write personal letters to former Teachers who have helped them achieve success in the classroom and in life. The Teachers will also receive cards, home and the community. Members of the adult community including a good-sized number of school board members as well as the general public will take this opportunity to send messages to former Teachers who have helped them throughout their school life.

**UHF Celebrates Year Of Broadcasting**

Channel 25, the Board of Educa-

tion’s UHF educational television station, is celebrating its first anniversary. Director James MacAndrew will welcome reporters and photographers at the Channel 25 of the Board of Education. It would be advisable to make arrangements in advance by telephoning MacAndrew at 506-1305.

AIDS TO STUDENT DENTISTS. We doubt that they are capable of coping with the SDS. It takes very special skills, something akin to that possessed by civil service game masters or forest rangers, to handle predatory animals.

IT will be assumed that you do not object to having an attorney-at-law appear for you. It will be assumed that you do not object to having an attorney-at-law appear for you.

The openings are in the municipal, social service, budget officers, social service workers, health officials, hospital administrators, building inspectors, probation officers, etc.

THE TOTAL SITUATION involving both the SDS and legitimate student militancy and honest dissent, we too would be patient. But the students with honest grievances are being used as "shills" by SDS, which is subverting these students into acting as the camouflage for the more violent ends sought by the SDS.

CIVIL SERVANTS should not be fooled into thinking that they are not involved while the SDS is making the false for what could be one big bang of an explosion.

JUST LOOK AT the list of civil servants and government officials already involved: police, firemen, judges, court personnel, district attorneys, state education directors, mayors, governors, legislators, budget officers, social service workers, health officials, hospital administrators, building inspectors, probation officers, etc.

Last Day To File For Caretaker Examination

Today, May 21, is the last day to file for a June 22 written test for caretaker with the City's Housing Authority. Over 800 positions are to be filled from the results of this examination. Additional vacancies are expected later. The position pays $4,000 to $6,000 and has no formal education or experience required.

Tasks of a housing caretaker include sweeping and mopping public spaces and stair halls, painting grounds and vacant lots, washing windows and walls, lighting and cleaning incinerators, and related duties. Caretakers may be promoted to position of housing caretaker at $4,000 to $5,000.

Candidates who pass the written test will be given a physical and medical exam requiring a fair degree of physical strength and agility.

Further information and applications may be obtained from the Application Section of the City Department of Personnel or from physical libraries in New York City, Mount Vernon, New Rochelle, White Plains and Yonkers. Candidates whose religious beliefs prohibit them from taking the exam on June 22 must come or write to the Department's Examining Service Division at least five days before the test.
