Fire List, as Well as Sanitation, May Be Used to Fill Subway Jobs

The Civil Service Commission has not yet decided definitely whether or not a subway conductor test will be held. Last week, Paul J. Kern, President of the Municipal Civil Service Commission, informed The Leader that he might use the Sanitation list—a "very fine one"—for the conductor job. It has been estimated that about 2,000 more jobs could be filled. Since there would be about 3,500 additional jobs for Sanitation men in the same period, giving jobs to a great majority of those who will have failed to pass the exam, it was estimated that during the life of the list about 7,500 names register.

Sanitation List Ready by Nov. 15

Grading on the Sanitation list is progressing at such a fast pace, that the list should be fully ready for use by November 15, according to a statement by Paul Kern. This estimate clips off from two to three weeks the former estimated five-week grading period the 7,500 names register.

The leaders in the grading period of the list, which completed and the physical exam. The exam is expected to be ready before the year's end, will be ready by November 15. The Leader reported, President Kern indicated that a grade of 84 should be ready before the year's end, any case, no exam for Subway conductor will be held before November 25.

Next Test for Subway Job

The Civil Service Commission has not yet decided definitely whether or not a subway conductor examination will be held. President Kern indicated that the Commission is considering the possibility of holding another examination, but that the question, whether or not a subway conductor examination will be held, could be answered by the end of the year.

Filing Re-Opens
For Subway Test

This week, the Civil Service Commission re-opens the promotion exam for subway motor-man duties. The Commission expresses itself as "frankly disappointed that only 309 men took advantage of the opportunity to secure employment in this vital job." It is admitted that the salary advantage is not very great, and does not compensate for the time it may take to work night shift. But on the other hand, the exam for the conductor job is to be held next week, points out, those getting the higher job, as it is considered a better job, will always return to daytime work, be eligible for additional salary increases in the new title, and could compete for still higher positions in the subway system.

Several employees who had failed to file earlier asked the Commission to re-open the filing period. This has now been done. All employees are eligible who work in the Independent Division of the transit system, so long as the examination is held for a year or longer. They now have until October 1 to file for this examination. The exam, in two parts—written and practical—will be held on September 26.

Full duties and requirements agreed to by many.

One employee, Frank Lent, and Robert McAllister came out on top, a record of 84. The Commission's head, is said to be "frankly disappointed that only 309 men took advantage of the opportunity to secure employment in this vital job." It is admitted that the salary advantage is not very great, and does not compensate for the time it may take to work night shift. But on the other hand, the exam for the conductor job is to be held next week, points out, those getting the higher job, as it is considered a better job, will always return to daytime work, be eligible for additional salary increases in the new title, and could compete for still higher positions in the subway system.

Budget Director Won't Let Kern Hold Certain Exams

The Budget Director's Office and the Municipal Civil Service Commission now and then find themselves at loggerheads over policy. Last week the Budget Director turned down the Commission's request to hold examinations for Blueprinter; Supervising Tabulating Machine Operator (IBM Equipment), Health Department (Vital Statistics), and The Budget Director has taken similar action in the past with other requests.

But the Civil Service Commission doesn't like to be thwarted. Therefore, it decided last week to disapprove the salaries of any personnel who have applied and been provisionally approved.

The Facts On Probation

What are the ins and outs of probation? What rights and restrictions depend upon an employee during the first half-year on the job? And what happens to him if he is found not to hold the job with efficiency and least danger? In the Sanitation exam, Professor Wall studied 5,000 cases of actual Sanitation men at work and in accidents. He divided the physical exam into four parts—coordination, strength, agility, and endurance.

Free examination is available it will be published by The Leader.

Future City Tests

The following examinations have been approved by the Commission but are not as yet open for the receipt of applications.

No further information as to the number of vacancies, the duties or requirements can be given until the application dates are set. As soon as this information is available it will be published by The Leader.

Grade 2 Clerks

OK as Searchers

A new use for the Clerk Grade examination list was found last week by the Municipal Civil Service Commission. The list will be certified in the future for the position of Searcher in the Department of Health.

Getting Back on List

A probationer separated from the service for reasons other than unsatisfactory work or conduct may be restored to the eligible list, and the time he has actually served would be deducted if he starts work again at a later date. In the same department, if, however, a probationer works part of his six months in one department, then transfers to another, he's got to start all over again. You can't add up probation periods in different classes.

Other probation facts:

The purgatory period applies to both regular and probation classes.

An employee may be fired during the six-month period upon presentation of charges, which he has no chance to answer.

Absence from duty on account of illness or injury in 30 days may be deducted from the probationary period.

No employee may compete in a promotion exam during the first half-year on the job.

No leave of absence may be had during the first half-year on the job.

Mr. Kern named April or May as the month when this important exam would probably be announced. Because the exam will be very different from any one previously held in 1937? Mr. Kern could not say definitely at this time how different it will be. But it became apparent from his comment that the knowledge gained in the present Sanitation exam would be put to good use in constructing the physical test for Fireman.

In fact, the same questions that are responsible for the Sanitation physical exam—"the man who revolutionized physical testing"—will make up the Fireman exam. He is Professor Francis P. Wall, of New York University.

Physical Test

Professor Wall's method of construction will be first to find out what abilities the job requires, and to estimate the various risks and dangers involved. From these facts, he determines the kind of physical activities necessary to do the job with greatest efficiency and least danger. In the Sanitation exam, Professor Wall studied 5,000 cases of actual Sanitation men at work and in accidents. He divided the physical exam into four parts—coordination, strength, agility, and endurance. The same divisions will be employed in the physical exam for Fireman.

The progress of the physical exam as it is constructed will be followed by The Leader. Readers will be kept thoroughly informed of all developments so that those interested in taking the exam may regulate their training accordingly. In the meantime, the various depart¬ments of the former physical test may be found in The Leader of August 20.

As for the mental test, it will be prepared by the regular examiners of the Civil Service Commission, according to Mr. Kern.

Sample questions from previous Fireman exams. Place a circle around each answer you consider correct.

( ) A. Fireman ( ) B. Engineer ( ) C. Sanitation ( ) D. any two.

The best thing for this man to do. If possible, he might try to

(A) wrap himself in a rug of cotton (B) apply oil to his body (C) shave (D) none of these

ATTENTION: ALL WHO PLAN TO TAKE THE COMING FIREMAN EXAM!

The Leader is preparing a special book, "How to Study and Prepare for the Fireman exam coming next spring. To obtain a copy of this excellent training material, enclose only 10c to cover cost of handling, and send to Box 100, The Leader, 57 Duane Street, New York City.

In order to obtain assistance, ( ) wrap himself in a rug of cotton.

The borough which has the greatest area is

(A) Manhattan (B) Bronx (C) Brooklyn (D) Queens (E) Richmond.

The following which is not an official department of the New York City government?

(A) Municipal Research (B) Division of Sanitation (C) Hospitals (D) Budget

Correct answers to these questions and those that appeared last week will be found in next Tuesday's Leader.

How Bright Are You?

The above diagrams are from a special Department. Each of the boxes marked "item" is followed by a group of five figures lettered A, B, C, D, and E. Two of these lettered figures, when put together, make a drawing marked with the number which is the answer. Try it carefully before answering.
FILING MAY OPEN FOR REFERENCE TEST ON SEP. 16

Excellent Opportunity
For Prison Guard Job

Although 3,000 applications have been given out at the New York City Department of Corrections for Prison Guard, only 100 had been filled by the end of last week. Deadline for applications is Friday, September 12; with the short time remaining, opportunities for candidates are excellent.

Applications have been distributed to soldiers in various forts in the New York area, and to World's Fair patrolmen. The requirement of "supervisory experience" has been interpreted to mean that many of the candidates. Commission officials, however, are advising all applicants who have been in charge of a squad of men—either as a foreman or as an instructor, but with the qualification that in the cases of persons in any employment subject to this law, the qualification is that three years were spent in the Army.

Questions & Answers
Unemployment Insurance Referee

Q. Is there any geographical limit to the time within which a claim is accepted under the Unemployment Insurance Law?
A. All or the greater part of the work to be performed must be formed within New York State. (No. 502, sub. 1.)

Q. What employment are exemp-
Q. Employment for a farm laborer, by an employer of his own choice or as a child laborer, that for which unemployment compensation is payable under the Federal Railroad Unemployment Insurance Act, as that as a part-time worker of any person actually in regular attendance
Q. Do I enclose $1. I enclose $1.

Q. I INSURANCE MANUAL. I enclose $1. I enclose $1.

Q. What is meant by a "full week" under the law?
A. Any seven consecutive calendar days.

Q. What is the maximum number
A. The calendar year immediately preceding the beginning of a benefit year. (No. 502, sub. 1.)

Q. And what is a "benefit year"?
A. No. (No. 502, sub. 3).

Q. What is the "base year"?
A. The period from April 1 of the calendar year, up to and including March 31 of the next succeeding year. (No. 502, sub. 9.)

Q. May an employee take some
Q. Employment as a farm laborer, by an employer of his own choice or as a child laborer, that for which unemployment compensation is payable under the Federal Railroad Unemployment Insurance Act, as that as a part-time worker of any person actually in regular attendance during the day time as a student in an institution of learning.

Q. Is the State of New York responsible for the payment of benefits under the law?
A. No. (No. 502, sub. 3.)

Q. What is considered an "unemploy-
A. Yea—salaries, commission, earnings, and the value of board, room, lodging, or other similar remuneration.

Q. What is the base year for
A. A. The calendar year immediately preceding the beginning of a benefit year. (No. 502, sub. 1.)

Q. And what is a "benefit year"?
A. No. (No. 502, sub. 3).

Q. What is called the "base year"?
A. The period from April 1 of the calendar year, up to and including March 31 of the next succeeding year. (No. 502, sub. 9.)

Q. May an employee take some
A. Employment as a farm laborer, by an employer of his own choice or as a child laborer, that for which unemployment compensation is payable under the Federal Railroad Unemployment Insurance Act, as that as a part-time worker of any person actually in regular attendance during the day time as a student in an institution of learning.

Card Punchers May Get Permanent Status

S E N A T O R MEAD PLANS AMENDMENT TO RAMSPCK BILL TO GRANT PROTECTION TO CENSUS EMPLOYEES

Here's important news for all New Yorkers who are going to take the card-punch exam. The Senator who, after passing the test, will be a temporary employee in the Census Bureau, may become permanent U. S. employees, if New York's Senator James M. Mead has his way about it.

Here's the story and the background:

One of the most significant pieces of federal employee legislation in history—the Ramspeck bill—is scheduled to come up in Congress as soon as the present defense legislation is out of the way. The Ramspeck bill would provide for $200,000 U. S. workers, now without status, the protection of Civil Service. If the bill passes, and its chances are good, much of the credit will go to New York's junior Senator.

Jim Mead is expected to take over management of the bill from the Senator from New York after the election. Several thousand New Yorkers have applied for the card-punch test which will be given soon. If Senator Mead's amendment is approved, these people would be given a fair chance at another job after Census employment is finished.

A Broken for N. Y.

The Senator has a plan which the other states which Congress has given a chance to make laws of their own, is expected to take over management of the bill from the Senator from New York after the election. Several thousand New Yorkers have applied for the card-punch test which will be given soon. If Senator Mead’s amendment is approved, these people would be given a fair chance at another job after Census employment is finished.

The Ramspeck Bill Must Pass!

The next item in the works for Congress is the Ramspeck bill. This piece of legislation would steal away from the clutches of the浅见, public policies if the Ramspeck bill passes may be permanent status to Census Bureau employees. Senator Moos is considering an amendment to that effect as we go to press.

This is of particular interest to those who are going to take the test this week. The prospective applicant must be available for temporary jobs, and can't be transferred to other positions. As a result, employees who are eligible for the test must be employed in the City's Fire Department.

The Ramspeck bill would mean the greatest extension of the merit system in history. It requires, and deserves, the support of every government employee, be he on the local, state or federal payroll. So write or wire your Senator and Congressman at once to push the Ramspeck bill. You'll be helping the democratic system.

Make-Up

The make-up of the Brennan's office is quite varied. Besides the 29 doctors who conduct physical examinations of thousands of cops and firemen, there are 24 physical inspectors, five clerical employees and a dozen vice monitors.

It's That Man Again!

Do YOU know why New York's fire chief is there? Why isn't he there any fire chief ever? Because John J. McElroy, who was once both Chief and Commissioner, has been retired as Chief, but hangs on as Commissioner.

What we'd like to know is: how can the world's largest city, having a much higher death rate in a closely-packed community, get along without a Fire Chief?

Another Benefit

NE of the incidental benefits to government em-

ployees if the Ramspeck bill passes may be perm-

nent status to Census Bureau employees. Sen-

ator Moos is considering an amendment to that effect as we go to press.

This is of particular interest to those who are going to take the test this week. The prospective applicant must be available for temporary jobs, and can't be transferred to other positions. As a result, employees who are eligible for the test must be employed in the City's Fire Department.

The Ramspeck bill would mean the greatest extension of the merit system in history. It requires, and deserves, the support of every government employee, be he on the local, state or federal payroll. Cop Eligibles and Conscription

Sir: I wish to present a problem which will shortly confront a large group of eligi-

ble men on the New York Police Eligible List of the Police Department. It is known to all who have had anything to do with the Police Department, that the members of the police force are the backbone of the entire city. For this reason, the Police Department has followed a policy of conscripting men of high moral character and high intelligence, who are willing to serve their country in time of war.

The Police Department has always been cautious in conscripting men, and has been guided by the following principles: 1. The men must be physically fit. 2. They must have a good moral character. 3. They must be willing to serve their country in time of war.

The Police Department has always been guided by these principles, and has been successful in its efforts to conscript men who are willing to serve their country in time of war.

WILLIAM GALLAGHER

Likes our Editing

Sir: I am very much interested in your paper and I am writing to you about the conscription of men for military service. I am a member of the United States Army and I have been discharged from active duty after serving for four years. I am now seeking employment and I am interested in finding a job that will allow me to serve my country in some way.

I have read the regulations for conscription and I am aware that the government is in need of men to serve in the armed forces. I am interested in finding a job that will allow me to serve my country in some way.

I am a graduate of the University of California and I have experience in military training. I am confident that I can perform the duties associated with conscription and I am interested in finding a job that will allow me to serve my country in some way.

I am attached to the letter for your consideration and I look forward to hearing from you.

JACK ALEXANDER

Want's Job Exchange Back

Sir: Won't you bring back Job Exchange? It was, in my opinion, an important part of the many services rendered by your paper. I give myself as an example, I'm a Clerk, Grade 1 in the Police Department, earning $600. I work 40 hours a week. Present hours 9 to 5, 9 to 5. I'd like to work nights as well.

If anybody's interested, please contact H. Eliot Kaplan, Civil Service Leader.

And, Mr. Editor, if you're not avail-

able, bring back Job Exchange, when you are going to have your next Commission meeting.

This is one of a great many letters that I have received lately, concerning the problem of conscription. People are worried about the conscription of a Central Army Agency, which is going to be editorially several years ago, it is interesting with all possible speed.

Buy The LEADER every Tuesday.

Sirs: I would like to congratulate you on your excellent work during the conscription of the United States Army. I am a member of the United States Army and I have been discharged from active duty after serving for four years. I am now seeking employment and I am interested in finding a job that will allow me to serve my country in some way.

I have read the regulations for conscription and I am aware that the government is in need of men to serve in the armed forces. I am interested in finding a job that will allow me to serve my country in some way.

I am a graduate of the University of California and I have experience in military training. I am confident that I can perform the duties associated with conscription and I am interested in finding a job that will allow me to serve my country in some way.

I am attached to the letter for your consideration and I look forward to hearing from you.

JACK ALEXANDER

And we say "Thanks!" - Editor

A Sanitation Department regulation prevents employment of persons of any age under 18 years of age in any organization without the depart-

ment's consent, and any letter

works around this... A Long Island physican tried to spake the study of the Fire Commission. Albany's swank Port Orange Club is complaining that State em-

ployees in the adjoining State Office

Building are peppering its roof with refuse. Constitutionally the Wick's Law will be attacked on the basis of the Brooklyn ash removal. A number of local govern-

ment employees is increasing even faster than the number of federal workers.

QUOTATION MARKS

A hard-rolled Correction Dep-

artment regulation stops in the

favor of a law that it just can't figure out why an inmate of stong's death house, with only a few hours more to live, is able to get his last words through. "My last words will be, 'My last words will be..." entitlements..."

HISTORY

Don't repeat that a Ruey Long's ghost: Louisiana has just adopted a bill that requires all citizens of Buffalo Civil Service workers may be the first local employees to join the ASCSE. Attorney General Bennett has stayed paying a $5,200 salary to a DFT executive who agreed to have his job re-

classified down to $4,800-$5,000. Mayor Law-

guardia may find himself bille-

ding the ASCSE for a tax rebate as a result of the Social Invest-

ments. Mayor Don, no men, will be more than happy to see fingerprinting really gets going...
How to Apply for a Test

For City Jobs: Obtain applications at 96 Duane Street, New York City, between 10 a.m. and 4 p.m., or write to the Application Bureau of the Municipal Civil Service Commission at 96 Duane Street and request a stamped envelope (4 cents for the envelope). There is a $1.00 charge for each test. (Charge paid by candidates not living in the New York City area.)

For State Jobs: Obtain applications at 89 Centre Street, New York City, between 10 a.m. and 4 p.m., or write to the Application Bureau of the Municipal Civil Service Commission at 96 Duane Street and request a stamped envelope (4 cents for the envelope). There is a $1.00 charge for each test. (Charge paid by candidates not living in the New York City area.)

For County Jobs: Obtain applications from Examinations Division, Civil Service Department, County Hall.

For Federal Jobs: Obtain applications from U. S. Civil Service Commission, 411 Washington Street, New York City, (9 a.m. to 12:30 p.m.), in person or by mail. Also available from first and second class post offices, Second District, U. S. citizens only may file for exams and only during period when applications are being received.

Free are charged for city and State exams, not for federal.

Applicants for most city jobs must have been residents of New York City for three years immediately preceding appointment. Applicants for State jobs must have been New York State residents for one year.

For County jobs: Applicants must have been residents of the county for one year. For federal, there is no residence requirement at this time.

(Continued on Page 19)

New Group of City Tests

The filing period for a new series of 16 competitive, promotion and licensing examinations to be held by the Municipal Civil Service Commission ends Tuesday, September 23. In September 23, the New York City Municipal Civil Service Commission announces the following tests:

PROBATIONARY PERIODS

J.O.W.—If you are recognized by the D. B. Veterans' Administration as a disabled war veteran and are still disabled, you are entitled under the New York State Constitution to a preference in appointment regardless of the rating you receive in the test, provided, of course, that you have passed that part of the test. The Civil Service Commission is the agency that determines whether the disability claimed still exists at the time the claim is made. All disabled veterans are required to appoint before any non-disabled veteran on the same merit list.

In the federal service, the Civil Service Commission accepts the opinions of the Veterans Administration regarding disability status of veterans without question. However, the Commission disapproves of any such contributions by the Commission to the federal appointment process. The Hatch act only applies to employees of the Federal Government. The decision whether or not to use such contributions depends on the interests of the political party and the policies in effect at the time.

AGE LIMITS

A.C.B.—When the Commissioner of Personnel, according to the New York City Charter, appoints a Board of Transportation employee paid wholly or in part by employees, there is no reason why you may not be appointed, even if they are only a part of the Commission's political action or make any political contributions. Political contributions must be reported publicly by the political party, if it exists, in accordance with the State Constitution to a preference in appointment thereof. The Civil Service Commission is the agency that determines whether the disability claimed still exists at the time the claim is made. All disabled veterans are required to appoint before any non-disabled veteran on the same merit list.

In the federal service, the Civil Service Commission accepts the opinions of the Veterans Administration regarding disability status of veterans without question. The decision whether or not to use such contributions depends on the interests of the political party and the policies in effect at the time.

The Bronx County Building. At that time the three elected members of the Central Counties of County, the Recorder, the Secretary and the County, has issued all members to the attention.

Track Driver Plan Meeting

The Track Driver Eligibility List was made on September 15 at 8 p.m. The meeting is scheduled for September 15 at 8 p.m. All eligible will have been invited to attend the session.

State Police

The apportionment officers may select any of the three top per-son ratings as the "widowed" disabled veteran if he wants to be considered for disability preference. The Disability Commission must sign the application of the applicant for your disability claim, setting forth in detail the facts relating to it.

"TEMPORARY" CASES

The apportionment officers may select any of the three top per-son ratings as the "widowed" disabled veteran if he wants to be considered for disability preference. The Disability Commission must sign the application of the applicant for your disability claim, setting forth in detail the facts relating to it.

HATCH ACT PROVISIONS

The Hatch act prohibits political activity of Civil Service employees who have not been appointed by the Civil Service Commission after their initial appointment. The Hatch act only applies to employees of the Federal Government. The decision whether or not to use such contributions depends on the interests of the political party and the policies in effect at the time.

Married v. Single

A baseball game between mar-ried and single women of the Civil Service Commission was forced to hold the written tests in a number of cities and has been urged to attend by Earl |.

Two hundred candidates for the federal Steno test took the written part of the examination on Friday, September 3, 2040, at 9 a.m. and at 4 p.m. for the combined Junior and Senior Steno and Typist test. The Civil Service Commission was forced to hold the written tests in a number of cities and has been urged to attend by Earl |.

DECLINING JOBS

Married v. Single
This rainy weather has kept the indoor courts in prime condition. The excellent summer business of the tennis enthusiasts, with the best of the film crop going on the general circuits. Among the first run features:

FOREIGN CORRESPONDENT (United Artists) — At the Music Hall beginning Thursday, Sept. 5. George Sanders, in the role of an elderly statesman, are all superb. Produced by Alfred Hitchcock, director of an old master in his art. This picture qualifies as one of the top films of an already excellent season. Hitchcock is one of those unique directors whose name means something to the public and rightly so... Foreign Correspondent stars Joel McCrea, Herbert Marshall and Laraine Day, and although these turn in most creditable performances, the brilliance of the film lies on the supporting cast. George Sanders as a Fleet Street newspaperman, Edmund Gwenn, a European Murder Inc. parallel, and Alfred Betzerman, in the role of an elderly statesman, are all superb.

Lucky Partners (RKO) At the Music Hall beginning Thursday, Sept. 5. Ginger Rogers, a new Ginger Rogers, a brunette Ginger Rogers in remake of an old French story, story centers on a bump between the two and lucky ex-queens... Amusing comedy... As a sure fire headline... Ginger Rogers, No Longer Blooming, co-starring with Ronald Colman at the Music Hall, beginning Thursday, Sept. 5.

Civil Employees Join Optimal Plan

Hundreds of Civil Service employees, individually and in groups, responded last week to the first call that they join the Mutual Optimal Plan, from Commissioner Joseph Clark Baldwin, president.

At the offices of the plan, 50 E. 42nd St., Baldwin explained that the rates are $1 a year, but come down to 75 cents for groups of 11-50, and 50 cents for groups of 51 and over. The member and his immediate family are covered by this fee.

Urging that others join up in this plan "to bring better vision within the reach of all," Baldwin pointed out nine benefits:
1) Examination as often as necessary.
2) Estimated saving of 30-50 per cent on highest-quality optical products when necessary.
3) Free messenger service to New York City for members.
4) Broken lenses duplicated from prescription or pieces, and delivered in 3-4 hours anywhere in New York City.
5) Frame guaranteed 1-10 of 12 k. gold filled.
6) Lenses of first-quality standard makes used exclusively.
7) Minor repairs free: a small number of roads when parts are necessary.
8) Members are notified regarding periodic examinations and general check-up.
9) Benefits are not obtained within 12 months after registration. There is no charge for renewal of annual membership.

Mayor Moves to Save Engineers' Jobs

Mayor LaGuardia moved swiftly last week to save the jobs of employees of the Board of Transportation who have been fined for minor traffic violations and with layoffs resulting from the transit unionization or the demobilization of certain elevated and other lines.

In a meeting with Lester Flower, Assistant Budget Director, and various officials of the Board of Transportation, the Department of Public Works and other departments, the Mayor explored a plan whereby the transit employees threatened with layoffs would be transferred to other employment.

The majority of workers whose jobs have been in jeopardy are engineers. Under the present system, the Board of Transportation will be made to the other departments. Formerly, employees had-off from their jobs were put on preferred lists and had to wait, in some cases, for months to receive new appointments. Now such lapsed of employment will be employed and each department will be combed for possible vacancies that can be filled by the Board of Transportation employees.
