Higher Pensions Now Set For Syracuse & Onondaga Aides

(From Leader Correspondent)
SYRACUSE -- Syracuse city and Onondaga County employees retiring from now on will receive higher pensions under the retroactive 1/60th Plan, which was requested for both groups by Onondaga chapter, Civil Service Employees Association, Mrs. Hilda Young is president of the Onondaga chapter.

Both the Syracuse Common Council and the Onondaga County Legislature adopted the plan, with final action coming.

The plan became effective July 8 for the City's 1,500 workers and the county's 2,000-plus employees. Onondaga chapter includes both groups of workers, and has been shown by both City and county as the bargaining agent under the Taylor Act to represent all groups of workers of both.

Workers retiring after the effective date will receive pensions totaling up to two-thirds higher than they would have received under the former retirement plan (1/120th of the City and county). The new plan guarantees a minimum of one-half of the final average salary upon retirement.

Re--or--she--can retire as early as possible as if he has 30 years of service.

Under the plan a retiring em-

Nassau Chap. Demands Immediate Negotiations With County Officials

(From Leader Correspondent)
MINOLA -- Warning against the consequences of any further delay, the Nassau chapter of the Civil Service Civil Service Employees Association, last week served a notice on county officials to begin negotiations by July 20.

"We don't want to wait any longer," declared chapter president Irving Flammeman. "Any further delays will raise doubts of the good faith of county officials.

Flammeman noted that the county Public Employment Relations Board, after lengthy hearings, had upheld its original determination to establish a single bargaining unit throughout the county service. The action is tantamount to recognition of CSEA as sole bargaining agent, since more than 8,000 of the 11,000 county employees have already submitted petition cards requesting representation by CSEA.

However, the PERB is not taken the final step of recognizing CSEA and county officials have failed to begin negotiations.

Flammeman said the CSEA

Thanksgiving Wined In London—Only $198

Members of the Civil Service Employees Association are offered a Thanksgiving trip to London which will leave New York on Wednesday, Nov. 27 and return on Monday, Dec. 1.

This unusual package includes round trip air fare, rooms at the luxury class hotel Royal Lancaster, two sightseeing tours and all activities, for only $198.

Those wishing to purchase air fare only may do so for only $115.

Immediate application should be made to Irving Flammeman, P.O. Box 91, Hempstead, N.Y., telephone 510 FET 2-1144.

CSEA Urges Erie Co. on 1/60th Plan

BUFFALO — Neil V. Cummings, president of the Erie County chapter of the Civil Service Employees Association, has requested that the County adopt the 1/60th plan retroactive to 1938 that was negotiated by CSEA for State employees.

In a letter to County Executive Edward Hath, Cummings emphasized that adoption of such a plan would erase a long standing inequity in comparing the pensions for many senior county employees.

The plan negotiated by CSEA and made permissive for adoption by political subdivision would guarantee a retirement allowance of at least half pay at age 55 after 30 years service.

Hath and Nassau counties as well as the city of Newburgh already have approved the retroactive plan for their employees at the request of the local CSEA chapters.

The efforts of the CSEA chapter there, and another at Wassaic State Hospital, will conclude in the fall with the administering of a high school equivalency test to the patients.

Narcotic Aides Await Decision On Reallocation

ALBANY -- The Civil Service Employees Association is awaiting a decision on the reallocation of narcotic assistant from grade 8 to grade 12 after presenting oral arguments at a recent Civil Service Commission hearing.

Making the opening statement at last week's hearing was Assemblyman A. Campione, research assistant for CSEA. Bronilia P. Kosnarow, narcotic security assistant at Pilgrim State Hospital, then followed with his presentation as chief spokesman for his group.

Those testifying emphasized the (Continued on Page 3)

Overtime Pay Delay Problem Is Solved At State University

(Special To The Leader)
ALBANY -- Dr. T. Normand Hurd, State Budget Director, has issued a prompt reply to a letter from Civil Service Employees Association concerning the payment of overtime to classified employees of the State University. In the response to the letter from CSEA president, Dr. Theodore C. Wendt, Hurd noted that the situation was isolated at the Albany campus and that the delay was caused solely by the failure of campus authorities to submit a request for scheduled overtime.

Dr. Hurd went on to say that he had asked the University's Central Administration to process the overtime schedule so that the proper amounts could be paid April 1 can be included in the employees' July 18-31 checks. He noted that payment for overtime time after that date would henceforth be paid on a current basis.

Resigns

ALBANY -- Peter Otooson has resigned his position with the Finance Unit of the State Civil Service Department to attend New Mexico State College.

CSEA Wins Mileage Raise For Two Aides

ALBANY -- In response to a request from the Civil Service Employees Association, the State Thruway Authority has increased the mileage reimbursement rate from nine to ten cents a mile for employees using their personal cars on official Thruway business.

The Thruway's action was prompted by a letter from Dr. Theodore C. Wendt in which the letter requested the increase which was won recently by CSEA for state employees. The increase became effective July 1.
CSEA Offers $7,770 For Administrative Job

The Civil Service Employees Assn. is accepting applications until July 20 for the position of executive headquarters office manager in Albany.

The maximum salary may be reached after five annual increments. However, additional increments will be forthcoming after ten and fifteen years of service.

This position includes responsibility, under general direction, for planning, directing and coordinating printing, mail and supply distribution and supply procurement operations.

As such, it includes such specific duties as staff direction, work scheduling, design of material for insert machines, the establishment of work priorities, some multi-line operation, printing lay-out direction, purchasing of all headquarters office supplies, inventory control, and overall responsibility for the maintenance of business machines.

The holder of this position will also be responsible for supervising the flow of outgoing mail and related clerical work.

Applicants for this position must have a high school or equivalent diploma and at least five years of progressively responsible experience in the operation of various types of printing and duplication machines and related equipment such as folding machines and inspectors, two years of which must have been as supervisor of a printing operation including responsibility for production scheduling, planning and supervision of subordinate employees.

Some Space Left On Last Bahamas Tour

Space is left on only one more summer, week-long trip to the Grand Bahamas. All others have been sold out; it was announced last week.

Members of the Civil Service Employees Assn. may apply for remaining space on a 346-rip that departs from New York on Aug. 10 and returns on Aug. 17. The price of only $129 includes round trip air fare, rooms at the Oceanview and two deluxe meals a day.

Immediate application should be made to Samuel Emmett, 1060 East 28th St., Brooklyn, 11218, telephone (212) Overbeaver 3-4488.

Apply Until July 20
For CSEA Field Rep.

The Civil Service Employees Assn. has openings for three field representatives at a salary of $10,220 to $12,335 per year. The three appointments will serve the Binghamton area, Nassau and Suffolk Counties and Westchester and Putnam Counties.

A high school or equivalency diploma is required for the job, plus three years of business or investment experience which involved public contact. Graduation from a college or university with a bachelor's degree, or a satisfactory equivalent of training and experience, may be substituted for the business experience.

Applicants must possess a New York State driver's license and a car for business and must be residents of New York State.

To obtain an application, contact the Civil Service Employees Assn., 22-41 E 28th St., Albany. Applications will be accepted up until July 20.

Rockland Fills The Gap

S

OME months ago, George Celentano, president of the Rockland State Hospital chapter of the Civil Service Employees Assn., decided to aid his fellow workers in covering an educational program that the State General had expressed the desire to complete their high school diploma requirements through equivalency courses and Mr. Celentano arranged for these courses to be provided through his organization.

The success of the Rockland State Hospital chapter's program was immediate. The same experimental program was then tried by the Wassaic State School chapter of the Employees Association. From these two imaginative actions has been created a course of study which will now be available to employees in the Mental Hygiene Department's institutions all over the State.

We congratulate Mr. Celentano for his creative thinking in providing his fellow workers with the route for better employment through education, and the State Mental Hygiene Department for its readiness to accept and act on a good idea when it saw one. This is the kind of employee-employer cooperation from which everybody benefits.

Is It Necessary?

THE New York City Uniformed Fire Officers Assn. is now canvassing its membership to approve a sub-committee report which calls for job action to begin at 8:45 a.m. on August 1.

Should the report be approved—and signs of discontent within that indicate that it will—the fire officers will lead their men in actual firefighting and other emergency operations only. Paperwork, inspections, and other department programs will be disregarded.

The question is—Is this strong action necessary? Can it be avoided?

We believe it can by implementation of the UFOA's recommendation to reduce the work load. Welfare workers were forced to the streets several years ago to force the City to reduce the work load. So were other unions. We hope the firefighters do not have to act in a similar fashion.

The dangers of allowing the Fire Department to operate at its present understaffed level have been pointed out before. While the incidents requiring the department's services have tripled over the past decade, the growth of the department has not kept pace. In fact, this year, a manpower reduction was called for in Mayor Lindsay's budget. While not agreeing on the number of additional members needed, the fire commissioner, Robert O. Lowery and three line organizations have called on the Mayor to provide additional men to help reduce the load.

Efficient officials from a private firm now surveying the department to see if companies could be reduced, re-located or eliminated should spend a tour or two with the firemen, pulling hoses, chopping holes in roofs and putting their lives on the line every hour. Then they will agree with the commissioner and the line organizations that help is needed now.

Again, we hope the job action will not be necessary.

It can be eliminated, Mayor Lindsay. Will you act?
T.V. Cameraman
Jobs With City
Open: To $7,490
The New York City Department of Personnel has announced the opening of filling for the position of television cameraman. The position pays from $6,690 to $7,690 per year. There are presently 18 vacancies with the Municipal Broadcasting System.
Applications will be received until July 30 for a test set tentatively for Oct. 31.

Candidates must have at least one year’s experience at the time of filling.

For applications and further information, contact the New York City Department of Personnel, 49 Thomas St., New York City, 10011.

Research for Protection
...so more will live.

It is estimated that there are now more than 350,000 blind people in the United States. Another estimate reveals that we may expect an additional 30,000 people to lose their sight in every year. Fortunately there are people who have been doing something about this serious problem.

The National Association for the Prevention of Blindness and its affiliated chapters have conducted a program of research, education and preventive service for over fifty years. The Society claims that more than half of all blindness could be prevented by full use of knowledge we already possess. It also states that more knowledge would undoubtedly have been acquired if more money were available for research.

While this program of research continues, programs of rehabilitation are being conducted. In every state there are agencies both public and private, which are helping blind people.

The National Society for the Prevention of Blindness warns that one out of every four school children is in need of eye care and that children’s eyes, even before they enter school, should be examined regularly.

Every responsible person can help advance the research program that may eliminate many causes of blindness. A contribution to your local Association for the Blind is a concrete way to help.

Benefits for Protection
...so more will be secure.

The Statewide Plan — since its beginning in 1957 — has been improved and expanded to provide more protection for eligible persons and their dependents against the steadily rising costs of hospital and medical care.

Medical research has given mankind many ways both to prevent illnesses and cure them when they strike. Hospitals and doctors are far better equipped to effect cures than they were a few years ago. The benefits of the STATEWIDE PLAN are constantly being expanded to meet the needs of those it serves — employees of New York State, other governmental units and agencies and their dependents.

The Major Medical provisions of the STATEWIDE PLAN — provided through the Metropolitan Life Insurance Company — are important! When the total amount of covered medical expenses incurred by a member (or one of his or her dependents) is not covered through Blue Cross-Blue Shield and/or exceeds the benefits under the basic Blue Cross-Blue Shield contracts, the Major Medical expense benefits will cover 80% of the excess covered medical expenses up to a maximum of $10,000 during a calendar year or $20,000 during a lifetime, for each covered subscriber. The initial amount for a member, or an eligible dependent of a member is the first $50 of covered medical expenses in any calendar year.

If you are not now enrolled in the STATEWIDE PLAN, get all the details how you may enroll from your Payroll or Personnel Officer.
Now, a car with a computer in it.

Every Volkswagen Squareback now comes with a computer.

It looks like a box, about a foot wide, and is connected to the engine in 9 places.

The Volkswagen Squareback is one of the few cars in the world with a fuel injection system.

A computer was designed to control this system.

To think of it.

For instance, the computer can actually figure engine speed, engine load and engine temperature.

Then send precise amounts of fuel and air to each cylinder.

Fuel waste decreases; mileage increases. And you'll get about 27 miles to the gallon.

What you won't get are carburetor problems.

There is no carburetor. Nothing to adjust, nothing to clean, nothing to ice.

Only the VW Squareback (and Fastback) has a fuel injection system and a thinking computer. Volkswagen always made sense.

They now have sense.

TRY THIS QUIZ!

DID YOUR MEDICAL PLAN PROTECT YOU AGAINST...

Out-of-Pocket Expenses for Doctor Visits?  YES NO
Maternity Bills?
Extra Charges for Surgery?
Extra Charges for Specialist Care?
Confusion over panels of participating doctors?
Uncertainty as to services covered in full or in part?
Limitations on Certain Services?
Filling in claim forms?
Discussion of fees or income with the doctor?

If you belong to a medical plan, we suggest you check the above list* against your family's experiences with medical care over the past year or so.

If you can check the "yes" box for every question, you are either an H.I.P. member or you haven't had much need for doctors' services lately.

*In H.I.P.'s basic service program, claim forms are needed only for emergencies requiring the use of non-H.I.P. physicians. They are also needed for optional benefits such as anesthesia and prescribed drugs and appliances.
No Special Requirements For City Stenographers

Applications are now being taken for City stenographers starting at $4,600.

There are no formal educational or experience requirements for stenographers. The best candidate will get the appointment. An applicant for whom the City has no record of employment in the previous year after the appointment is made.

Applications will be issued to candidates for the examination for the position at the Recruitment Division of the New York City Department of Personnel, 230 Church St., Monday through Friday from 9 a.m. to 1 p.m.

Applications to take the examination may also be made by telephone to the New York State Employment Service, Governmental Unit, PL 8-6100 (Main office), JA 2-2688 (Brooklyn office) or GI 7-5951 (Satan Island). Applicants interested in employment with the Department of Social Services may take the required tests by reporting to the 2nd floor, Department of Social Services, 250 Church St., on any Wednesday from 9 a.m. to 1 p.m. office.

Seven Mental Hygiene Employees Are Honored

ALBANY—Seven employees of the State Department of Mental Hygiene were honored for long service at a luncheon at the Gideon Putnam Hotel in Saratoga Springs.

Commissioner Alan D. Miller presented the employees with pins signifying membership in the department's Twenty-Five-Year Club.

Those honored are listed below.

Mrs. Edith Wieland, department safety director at the Albany office, was joined by an employee of a long service with the department. She has been in safety services since 1939, she received her 23-year pin at Willowbrook State School where she had been safety officer.

Mr. Emil Ziskes, began his term of service with the Department of Mental Hygiene in 1940. He is a principal account clerk at the Albany office.

Marguerite Montone, now a senior stenographer, began her career in State service in 1943. She is now employed at the Albany office.

James Ryan joined the Department of Mental Hygiene in 1941. He is now a head psychiatrist nurse at Sing Sing Prison, Ossining.

Vocational School Grades Placed In Jobs

Last year's graduates of New York City vocational high schools are holding jobs which will prepare them for a specific job a year, according to a report issued by the New York City school system.

Asstant Superintendent Maurice D. Hopkins, head of the Office of Vocational Instruction, estimated that 87.3 percent or 3,687 are in jobs related to their school programs, excluding those employed in occupations not related to their studies at school. There are 4.5 percent or 216 unemployed, according to the report.

It said there were 7,583 graduates in 1967, of whom 511 did not have a job at all because of either unemployment or other reasons. Because 1,625 were continuing their education in full-time high schools, this is 144 who entered the armed services and 131 married, were 399 left or not employed at the time of the survey. The survey was a random sample of 1,000 students earning between $12.54 and $26.80.

Teaching Computers In Five Schools

Computer laboratories have been installed at the Bronx HS of Science, Mobile Language Laboratory of the Bronx HS of Science, Science Laboratories at Forest Hills HS in Queens, an Electronics Laboratory at Brooklyn's Technical HS and Team Teaching Units with movable walls at JHSH 27.

Since 1958, through Title III of the National Defense Education Act, the New York City school system has been reimbursed by the federal government on a 50-50 split of the cost of these laboratories, like these and for materials and equipment in the total sum of $5 million.

"Education is enriched, enlivened and strengthened," says Dr. Roy E. De Leon, Assistant Superintendent of New York City's schools, "when supported and reinforced by equipment and materials that keep pace with new curricula and the rapidly-changing educational needs of the space age."

Three Schools Named

The Board of Education has conferred names upon two public schools in Brooklyn and another in Queens.

Junior High School 281, Brooklyn, which opened in September, will be called the Joseph B. Cavallaro School in memory of the attorney and former member and chairman of the Board of Higher Education.

The school 280, which opened on February 1, 1967, at 118 Chester St., will be known as the Elba R. Bevan School in memory of the late educator and chairman of the Board of Higher Education.

Program Work

Federal employees:

Want a better Blue Shield plan?

Keep the one you've got.

Because as of July 1, the one you’ve got has paid in full benefits, including, for the first time, paid in full maternity benefits. All you have to do is make sure you have the Blue Cross and Blue Shield High Option Health Plan and go to a Blue Shield participating physician. Not too much to ask when you consider what you get. Paid-in-full doctor services. No deductible. No dollar limit. No matter what your income. It’s nice to know that no matter what medical problems you have, they won’t be financial. Because when your Blue Shield benefits are paid in full, you’ve got everything you need.
City Police Dept. Seeks Attys.; No Written Test

The New York City Police Department is currently interviewing applicants for assistant attorney (provisional) on its legal staff. There is no written examination for the position.

The duties of this position shall include service as trial counsel in the New York City Family Courts and other quasi-judicial bodies; preparation of memoranda on law and other pertinent matters; contact with and guide members of the department in connection with legal problems; assist in the preparation and the review of legislative proposals; digest and advise on the implications of court decisions and statutes on law enforcement practices and procedures; etc.

Salary starts at $9,100 per annum and advances to a maximum of $12,400 over a five-year period. No less than three years' experience subsequent to admission to the New York State Bar is necessary. There are no residence requirements.

An appointment for an interview may be made by sending a resume to R. Harcourt Dodds, Deputy Commissioner, Legal Matters, 240 Centre St., New York, N.Y. 10012.

Samuel Lepler

New York—Funeral services were held for Samuel L. Lepler, 67, a member of the State Tax Commission, July 10 at the Riverside Chapel.

Named to the commission Feb. 17, 1963, Lepler had served as an associate attorney general in an acting capacity with the department prior to the appointment. He died after a brief illness.

3 CSEA Staff Aides Assume New Duties

ALBANY—Two veteran members of the Civil Service Employees Assn. staff have assumed their duties as regional field supervisors while another has been named associate program specialist.

John M. Carey, former field representative for the northeastern section of the State, is the new program specialist, replacing Thomas J. Luposello, who is now field supervisor for the southeastern area, including New York City and Long Island.

THOMAS J. LUPOSIELLO

working on his master's degree in public administration at New York University.

Corcoran, a native of the Albany area, services Nassau and Suffolk Counties for a number of years before becoming program specialist. Currently a resident of Peekskill, he is a native of the Westchester area. Luposello holds a bachelor's degree from Florida Southern University and is a graduate of the graduate school of New York University.

JOHN D. CORCORAN, JR.

employed for more than five years.

Responsibilities

Carey is responsible for coordinating the preparation of the CSEA program by representing both State and local government employees to introduce bills each year to the State Legislature. He is also involved in many of the CSEA special committee programs. He is a graduate of Saint Mary's College and a Navy veteran. Carey formerly was a hospital equipment sales representative. A native of the Albany area, he is married and the father of three children.

Luposello and Corcoran are responsible for coordinating the services rendered to members by CSEA field representatives in their respective areas, both reporting directly to the head of field services in Albany.

C. Julian Parrish, A 'Human Dynamo' Directs New EOU

ALBANY—The State Civil Service Department has put a spotlight on C. Julian Parrish, the new director of the Employee Assistance Unit (EOU) in the Department of Labor. Parrish is referred to as a 'human dynamo,' who is able "to cram more activity into one day than most men find time for in a week."

"In a profile printed in the department's personnel newspaper, Parrish is described as a 'man of drive and action. He is known as a 'human dynamo,' who is able "to cram more activity into one day than most men find time for in a week."

The group composed of engineers from throughout the State, who work at least 30 hours a week, benefits from a plan of this type, especially in terms of chain of command, and the employees have been very pleased.

BID FIGHTS

Bids were won to explain the effects of the CSEA-sponsored appeal, and discussion followed. Raymond called for a vote and the engineers unanimously chose to remain firm in their demand for the grade 27. Raymond promised them that he would continue to press for favorable action by the State.

Greece School Unit Ratifies New Contract

ROCHESTER—A seven percent pay increase, the 1/10th retirement plan and several fringe benefits were won this week by the Civil Service Employees Assn. in negotiations with the Town of Greece Central School District.

"The contract, approved earlier in July, meant wage increases ranging from $650 to $2,500 a year for more than 600 while collar workers represented by the Buffalo and CSEA Chapter.

"The shorter summer work week, which was approved by the State Education Department, allows additional paid time off for some workers."

Buffalo And CSEA Clear Up Misunderstandings On A New City Contract

(From Leader Correspondent)

BUFFALO—Grumbles turned to cheers last week after representatives cleared away misunderstandings about a Taylor Law contract between the City of Buffalo and a CSEA group.

"The contract, approved early in July, meant wage increases ranging from $650 to $2,500 a year for more than 600 while collar workers represented by the Buffalo and CSEA Chapter.

"The shorter summer work week, which was approved by the State Education Department, allows additional paid time off for some workers."

BUDDY EXPLAINS

Buddy Groth, an executive board member of CSEA, cleared up misunderstandings about a Taylor Law contract between the City of Buffalo and a CSEA group.

"The contract, approved early in July, meant wage increases ranging from $650 to $2,500 a year for more than 600 while collar workers represented by the Buffalo and CSEA Chapter.

"The shorter summer work week, which was approved by the State Education Department, allows additional paid time off for some workers."

"The shorter summer work week, which was approved by the State Education Department, allows additional paid time off for some workers."
