Albany, Nov. 24.—One of the more interesting examinations in the State service will be open for filing in the very near future—probably when the State Civil Service Commission announces its February, 1948, examination series. This is the popular examination for State Prison Guard.

If past experience holds true, men who have filed in recent years for Paterson and New York jobs in various communities of the State will be on hand in large number to apply for the Prison Guard positions.

The list of eligibles from which men were selected for the posts expired June 1, and since then only "provisionals"—that is, persons holding the job until the results of the examinations are forthcoming—have been appointed.

Pay starts at $3,525.

The Prison Guard pays $3,525 to $3,700 a year, with an annual increment of $120. At the time of the last examination, 1945, the salary was $2,000 to $2,900.

Pay starts at $3,525.

Merit Man

A Representative of his Agency on the NYC Board of Examiners.

The NYC Board of Examiners is one of the seven in the city's Civil Service Commission. It has been acknowledged as a significant component in the city's civil service. More liberal pensions are being considered by the board, along with the recommendation that a proposal justifies his vote on resolutions. The board is made up of representatives from various departments and is of the opinion that the position of the Status of Appointment is sought.

Governer Dewey Knows the Score

GOVERNOR Thomas E. Dewey himself last week gave

the decisive reasons why the State of New York must

grant to its employees substantial upward pay adjustments.

The Governor cites inflation as being one of those

reasons—he knows what it is doing to everything the State

must purchase. The New York "Herald Tribune" paraphrased the

words the Governor spoke at a press conference last week:

"Governor Thomas E. Dewey said today that inflation

had caused such a boost in the cost of government

that there would be no reduction in State taxes next year.

The Governor's direct words, as quoted, were: "The

impact of inflation on the needs of State government has

become very heavy and on everything they do."

Time Now to Announce Stand for Raise

The Chief Executive told the assembled newspaper-

men that the State, with the cost of the 100,000 patients in the

Mental Hygiene institutions that have gone up 19 per cent over

last year. He said that expenditures for food, fuel, clothing,

and medical supplies for State institutions, operated by the

departments of Hygiene, Correction, and Public Welfare, had

amounted to $726,000,000 more than was provided in the budget.

There's your answer. The Governor covered every-

thing on the Civil Service schedule, and Dewey has demonstrated statistically, these salaries are now, in

actual work, less than the 1939 salaries paid to State

workers.

The Civil Service Employees Association is asking a

minimum increase in pay of 25 per cent for State em-

ployees. Governor Dewey is not on the fence in this case; the employer could do much to assure the stability of State service by an-

nouncing now that he is for the pay raise and that the employer's representatives authorized by the Legislature will act on the

pay increase proposal, but meanwhile there is no need of keeping the employees in a continuous state of tension. That is as far as the State administration stands.

NYC Should Offer Pay for Ideas

So economical are employee awards for suggestions on

saving and other improvements that it is lamentable

NYC does not institute such a system, which pays for their

hundreds of U. S. jobs?—E. C. S.

Promotion of the Patrolman (P.D.) eligible list and subsequent appointments is expected momentarily. The Police Department will begin its medical examination of eligibles immediately after the list is promulgated, and will make the appointments effective some time during the first two weeks of March.

Chief Vincent V. Fane announced that a total of seven or eight appointments will be planned, so all current Patrolman lists have been checked.

He said that plans call for the selection of veteran and disabled civil service employees for the next Patrolman list, which should be ready for promulgation this week.
