IF PLAN WORKS OUT, LIST MAY BE QUICKLY EXHAUSTED

The Municipal Civil Service Commission is now considering a plan to delay for the time being an announcement of a competitive examination for Conductor on the city-owned transit lines, and to use the new eligible list for Sanitation Man to fill vacancies.

This was revealed last week in a letter to The Leader. President Kern emphasized, however, that the plan is not final and that a final decision has not yet been reached. Originally, the Commission intended to announce a competitive test for Conductor in October and to use the new eligible list for Sanitation Man to fill vacancies.

New Series of 25 City Tests Opens Variety of Opportunities

An unusually large number of new examinations will be announced next week by the Municipal Civil Service Commission. The series includes 14 competitive, eight promotion and two licensing tests. The filing period will probably begin on Tuesday, September 3. The competitive exams include such popular ones as Assistant Director, New York City Information Center; Architectural Worker; Junior Statistician; Continuity Writer; Dentist; and Junior Auditor (Engineering).

The promotion series includes 16 chief tests for Conductor and Mechanic-Conductor. The latter is being reorganized because of the failure of a sufficient number of applicants to apply last July. The new exam will be subject to last minute change, follows:

- Competitive Assistant Director, New York City Information Center
- Assistant Director of Public Assistance (Dependent Children)
- Assistant Engineer (Designer) Grade Three (Bd. of Water Supply)
- Assistant Superintendents of Departments
- Asphalt Worker
- Blue Printer
- Continuity Writer
- Dentist (Part Time)
- Junior Auditor (Engineering)
- Pathologist (Orange County)
- Physiotherapist (Women)

Are You an Eligible? Will You Take a Temporary Appointment?

The Certification Bureau of the Municipal Civil Service Commission will begin within a few days to canvass all eligible lists in order to set up registers of persons willing to accept temporary appointments. This policy is being adopted as the Commission can immediately fill eligible lists for temporary vacancies.

Each eligible will be sent a form on which he is to indicate the following information:

1) that he is willing to accept temporary appointments on any day during any period;
2) for a minimum of three months;
3) for a maximum period of six months.

‘That he will accept appointment below grade: (a) if willing to accept temporary appointments of a lower grade, what minimum salary he is willing to accept.

First Subway Group (Mostly Women) Transferred

The first group of subway workers were transferred last week from the non-competitive to the competitive class following adoption of a resolution by the Municipal Civil Service Commission. Eventually all 27,000 employees of the BMT and IRT systems will be given competitive status. The first group affected consists of 221 women, who were given the title of Railroad Clerk.

Paul J. Kern, president of the Commission, sent the following letter to those persons affected by the change of status:

At two o'clock in the morning a fire broke out in the St. George Hotel, a large building. It was most reasonable to think that the fire was the result of (A) arson (B) carelessness (C) explosives (D) enzymic action.

The mental test given to firemen includes several things: information, intelligence vocabulary. Below follows a variety of questions taken from the earlier exam. Be sure your question carefully before attempting answer in next week’s test: next week’s test:

The physical and medical requirements are not, at this time, expected to deviate greatly from those in the former test (see last week’s test).

SUBWAY CONDUCTOR ON THE JOB

New York City will soon be needing more subway conductors. Last week the Civil Service Commission decided to give a new exam for the job, and preliminary qualifications were made public. This week, Paul J. Kern, Civil Service Commissioner, indicated that Sommelion Man candidates might be used for the subway job. See story on page 2.
Promotion Rights Guaranteed By State in Event of Draft

Last week, State employees received guarantees that should conscription come on, their jobs will remain their jobs, that the State will pay the difference between their civil and military salaries. To have these been added given their current promotion rights will be preserved.

A memorandum from the State Commission from this week’s counsel, Joseph Scherback, listed the following:

1) Employees absent on military duty will be given special exams on their return. (Preferred service in the event the State has declared unconstitutional.)

2) Any employee, if drafted, should make notations on its record of absence, so that the absence is for military purposes, so that no deductions will be made for any absenteeism.

3) Where practical, the Commission shall give promotion exams to employees at military camps at the regular time.

4) Where there is a disabled veteran on military leave or where the employee is on leave on medical leave, the case of Anderson v. Heavy. (CIO), both representing Junior Clerks, before gaining permanent status. The commission will convene in Kingston on Friday, October 4, 2019.

Number of Card-Punch Positions on Increase

HIGH PERCENTAGE OF THOSE TAKING TEST WILL GET JOBS; NEW YORKERS NOT AFFECTED BY "QUOTA" SYSTEM

The number of jobs available for card-punchers is on the increase. Latest information is that approximately 4,000 positions are fairly certain to go to those who take the test. This means that chances of passing are better than ever. This is an unusually high ratio.

The Census Bureau now estimates that it will need 3,000 punchers. The State Civil Service Board and Expert Guidance Commission are expected to provide an additional 1,000 jobs. It is emphasized, however, that both the Census and Commission jobs are temporary, most for a period of seven or eight months, a few for two years. Other jobs that may become available to the participants in the exam are expected to be permanent.

FILING FOR PRISON GUARD TEST FALLS OFF

Filing for Prison Guard, open until Friday, September 13, has fallen off sharply during the past week. The New York City office of the State Civil Service Commission reported that at the end of the last-minute rush, expectations of candidates for the test for Unemployment Insurance Reimbursement were very limited.

The Examiner lists the following positions:

- Typist, 50;
- Stenographer, at the rate of $96 a week.
- The test will be given on Tuesday, September 11. Applicants will be admitted to the test on the condition that they will take the exam on the same day. The test will begin at 10 A.M. and end at 12 Noon.

The test will be given to applicants who have been admitted to the test on the same day. The test will begin at 10 A.M. and end at 12 Noon.

THE QUOTA SYSTEM VS. THE MERIT SYSTEM

There's a big, gaping hole in the merit system. Here's an example.

The Social Security Board in Washington has openings for lawyers. Many New York lawyers have applied for these qualifications, and could do admirable work. But they're not getting the jobs. Reason: the "quota" system. The same system operates against the same people it can find, and it needs them in a hurry. The Board needs a program of national defense. It needs the best-trained people it can get. So many from Hopewell Junction—or for a city state jobs to be filled from Troy, so many from Albany, so many from Hopewell Junction—or for a city state just don't get jobs, no matter how high they are on the list.

The system has been denounced as provincialism of the most blatant kind. Everyone will admit that to have quotas in a nation of the merit system, which goes on the theory that anyone should work for the government, no matter whether they come from New York City or any other big city.

In practice, any system of quotas is bound to be discriminatory. Right now New Yorkers are being discriminated against because people from other states are more "eligible"

There is no more excuse for a federal quota system than there would be for a state quota system—so many state jobs should be filled from Troy, so many from Albany, so many from Hopewell Junction—or for a city state jobs to be filled from Troy, so many from Albany, so many from Hopewell Junction—or for a city state just don't get jobs, no matter how high they are on the list.

Grading Moves Fast

Moving faster than they expected, employees of the Civil Service Commission have already finished the first grading of the June 26th test, and the second grading is almost ready. The first grading is almost ready. The June 26th test for Hospital Attendant. The normal rate of grading a day was stepped up to 900 on various days. The second grading is now being checked, and 15 per cent of them have been marked by hand because of faulty answering by the candidates.

The list will be out about
December 31, 1948, and first appointments will be made about January 1, 1949, when the position of Hospital Attendant is transferred to the competitive class.

The list of candidates is now complete, and no further registration will be taken.

Institutional services for the mentally insane, both in the city and in the country, are offset by increasing skill in teaching. A true teacher's retirement is due to herself and the Department.
The new eligible list for Police Lieutenants, to be termed after the enrollment of 250 successful candidates, is to be prepared this week. At present there are 275 men taken on the new list.

**Children First**

School children will take precedence over defense training when the fall semester begins, according to an announcement by Harold Campbell, Superintendent of Schools of New York City. The summer session of the defense trades classes is scheduled to end on August 30, and will recommence one week after the public schools open on September 9. This time will be used to give the schools an opportunity for organization and will assure a maximum number of children having the use of their school shops. The order holds good until the day session; night classes will be released to positions of lesser importance than those for defense students.

A reappraisal of work accomplished over the summer shows a total of 4,500 men trained during the July-August program. If teachers are available, Dr. Campbell sees no reason for enrolling less than 4,900 men in winter classes.

Dr. Franklin J. Keller, director of the new program over the summer, has been succeeded by Dr. Frank K. Keller, director of the Metropolitan Vocational High School.

**New Plan for Better Vision**

Benefits of a new plan to "bring better vision within the reach of all" were outlined yesterday at a meeting of the City Council, Joseph Clark Baldwin, president of the Mutual Optician Plan, 30 East 42nd St.

Rates of the plan, Baldwin explained, are $1 a year, brought

**Out of Luck**

Non-citizens are out of luck in attempts to enroll in New York City public schools. Because of an overcrowded condition of qualified students there is no room for non-citizens. Harold Campbell, Superintendent of Schools, explained this week.

Formerly, non-residents were admitted to schools on a first-come-first-served basis, a discretion of the local boards, and upon payment of tuition fees of $1 for children under 12, and $2 for those over 12.

Within the past year, elementary schools were the cheapest, spending only $118 a year on each student. Junior High raise this to $212 while senior High schools cost $385 per student.

Any acceptance of non-resident students must be a decision of the Superintendent of Schools. The state law requires that a New York City child would not be able to enter the classroom, no great is the present congestion in the city schools.

CIVIL SERVICE LEADER

Your Chances for Appointment

Following is a tabulation of certifications made by the Municipal Civil Service for various positions in the past week. All lists which were certified to city departments are included.

Readers should remember that certification does not guarantee employment. Usually more names are certified if there are more vacancies. It is not necessary to apply for certification to notify all the people certified to it by the Commission.

Anybody who has a question concerning examinations or how to fill out applications should call or write the Information Bureau, Municipal Civil Service Commission, 299 Broadway, New York City.

Big Week

New York’s first run theates the year that seemed to be one of their biggest summer weeks in years . . . which perhaps proves that good theatre is good theatre, regardless of its location. A Glamor at the Paramount . . . I Love You . . .” at the State . . . and Ben Hur at the Strand . . . Prefare and Prejudice at the Mulberry Hall . . . All played to capacity audiences. Radio City offered a unique addition to the motion picture business; it played to 3,800 more people on its tenth day than on opening day. Usually just the other way round.

New Films

Several new films make their appearance on the New York hori­zon this week. Among them:

RHYTHM ON THE RIVER (Paramount) at the Paramount beginning Wednesday, August 28. Bing Crosby and Mary Martin, guest non-writers for the Ral­bun, successful publisher, try to break in on their own book. Or­cellent-Van Antwerp. Information Please familiarises the piano as Hal­bun’s assistant.

LUCKY PARTNERS (ROI) at the Capitol, opening Wednesday, August 29. Clark Gable and Rosalind Russell are the leading couple. Solomon Clarke and Otho commences a very interesting and amusing intrigue, which ends with who do you have a baby with who?

Firemen to Fill Station jobs.

The present eligible list for Fireman for stations 6 and 7—railroad stations as Railroad Clerk (Station Agent) on the city-run trains—will soon be issued by the Municipal Civil Service Commission. At the same time the Commission ap­proved the continued employment of a number of probation­ers now holding Railroad Clerk jobs until the fire list can be completed. I am told firemen will play any song sung­ing to please at the Village Barn. Iona Massey, young singing star, will appear at the Barn this week. Arthur War­ner, Developments, Inc. local in Alexander Korda’s forthcoming musical film, “The Sons of Windsor” based on the life of Franz of Hanover, has staged a musical play­ing on the barrelhead. I am told that they bring on a citywide Heathen beauty with 475 in price to be distributed.

Some Odd Results
In Sanitation Test

The Municipal Civil Service Commission last week tabulated the odd results of the sanitation physiological examination. Among other things, it noted that despite the fact that the writer found the test was called "tough," there were no failures. On the physical exam, called "tough," a number of 100 percent marks were scored, including two brothers who got 100 percent in the agility test, 100 percent in the physical and the agility tests, and another 100 percent completing the run.

One candidate who scored 91 on the strength and 94 on the agility test dropped down to 60, so he was disqualified because he tore out his card and left. He had completed the rest of the test, he would have been assured of a place.

So far, the Commission reports, the medical examinations have not been completed (eligibles allowed because of military duty). The physical tests will be ended by the end of next month.

New City Eligible Lists

Two new competitive eligible lists and one new licensing list were made public this week by the Municipal Civil Service Commission. The lists are for Fire Dispatcher and Radio Operator, Junior Architect, Grade 2; and Structural Welder License.

Charles R. Grenier, at 3120 Bush Ave, with a score of 91.78, led the Fire Dispatcher list. M. L. Scherl, at 686 Van Riper Ave, Brooklyn, tops the Junior Architect, Grade 2 list with a score of 91.00. Almost 600 people applied for the architectural test, and 300 were eliminated because of military duty. The physical tests will be given by the end of this month.

Eligibles vs. Provisionals

A busy week for banking in 11th jobs in the Welfare Department's veterans bureau was reported by the veteran who was the first to withdraw from the list in the draft. The number of people applying for these positions was very small.

11 eligible report Tuesday morning for temporary jobs. They are among the group appointed, and then told their jobs were abolished after the War Department had changed the veteran's title to Veteran of the War.

2 Briefs will be filed by the Corporation Counsel by Wednesday afternoon for the court case. This is the first suit to be heard in the Supreme Court by the Department of the Veteran Relations Bureau.

3) The Civil Service Commissioners met with the Public Relations Division of the Veteran Relations Bureau this week. Attorney for the Clauses, the long-time member of the Civil Service Commission for the veterans, expressed some doubts about the possibility of establishing a new list for the veterans unless the government acts quickly.

4) TheWB Women's Organization has planned a meeting to be held after Labor Day.
