A LEADER reporter was handed the assignment to report just what NYC employees complain about. As might be expected, the leading complaint was about City salaries. It is high enough to meet wartime living expenses, but prevalent kick was the uncertainty over the holdout jobs. "We have to hold on to it, some," confided one Welfare investigator, "but now it seems that Mayor doesn't like it. Other officials and the highest in the city we can hold another job and do the other.

Here is the detailed report on NYC employee grips:

"There aren't enough first aid kits in the Civil Service. Five physicians have to cover on every floor," a superintendent opined.

"They keep our windows clean," a perpetrater in that building stated, "I like that.

"Cobweb-Thinking Decreed By 'Leader' Editor
Discusses Employee-Management Relations

"Relations between management and employees in civil service are too often marred by either study or certification," Mr. Lehman, Executive Editor of the Civil Service Leader, declared before a class in the City College of New York, addressed the students to give close attention to the problems of employee-employer and to the discipline in civil service. Mr. Lehman pointed out that only rarely has he had the opportunity to study the background of several cases to show that discipline is often at fault.

Among the stories told by the newspaper men was one regarding a Brooklyn office of the Mayor's Committee on Parents and Citizens who had brought a complaint against an employee. The employee had been accused of stealing the property of a citizen and had been suspended for six months. He had received back his property and was paid off. He was discharged after a short time.

The truth about the case, according to Mr. Lehman, was that there was no evidence of the employee's guilt. The employee had been accused of stealing the property of a citizen and had been suspended for six months. He had received back his property and was paid off. He was discharged after a short time.

Incentives
Mr. Lehman also advised prosperity men and women to use the possibilities of incentives to their advantage. Some incentives have been prove d to be successful, he pointed out, but others have been killjoy. The concept of "pay for performance" has been most successful, he stated, but "pay for performance" is difficult to use in practice. In addition, additional vacation pay and reduced working hours have been found to be successful. However, there were much to be said for the use of incentives in reply to a question about the use of "pay for performance" programs, which are often used in the New York City service.

The Fireman Was Fired
But Fire Officials, 'Sh.'

Dear Boss,

I had another bout with the Fire Department today. It was really a bad day for me. I thought I'd write to let you know what happened.

I wanted to know about the Vincent G. Calafiaia case, the young fireman who was fired May 5 because of 'infectious disease.' During the past year he did vital work in a war emergency, and his record was excellent. Didn't it make any difference to the department that he was a fireman exposed to this disease? That's what I wanted to know.

I have been a member of the department for 15 years, and I have never been a real good one. I didn't want more money, but I feel it was my duty to try to get a fair settlement for this man.

I went to see the department head, and he said that there was no such thing as infectious disease. But I believe you, and I want to know why the department wouldn't settle this case.

Sincerely yours,

The Female Touch

According to an item in "Lighting Time," the recent controversy over the departure of Water Supply Director John Lantry and Assistant Director Milton Davis from the department has caused a great deal of alarm among the employees. The Water Supply Department is responsible for providing water to the residents of New York City, and the departure of these two key figures has raised concerns about the future of the department.

The issue was first raised in a meeting of the department's labor union, where it was argued that the departure of these two officials would lead to a decline in the quality of service. The union claimed that the departures were part of a broader trend of personnel reductions and budget cuts, which would have a negative impact on the department's ability to serve the city.

The Water Supply Department has faced several challenges in recent years, including a shortage of funds and a lack of staff. The union argued that these problems were being worsened by the departures of Lantry and Davis.

However, the Water Supply Department has denied the claims made by the union. In a statement, the department said that the departures were part of a normal turnover process and that the department was well staffed and prepared to continue operating effectively.

The Water Supply Department has also faced criticism for its handling of the recent drought. The department has been accused of not doing enough to conserve water and to find alternative sources of supply.

The departures of Lantry and Davis have also raised concerns about the future of the department. The union has called for a full investigation of the departures and for the department to be held accountable for its actions.

The Water Supply Department has responded to the criticism by saying that it is committed to providing high-quality service to the residents of New York City. The department has also said that it is working on a variety of initiatives to improve its performance and to address the concerns raised by the union.

Civil Service Back on Job

The Appellate Division, First Department, affirmed an order by Justice Benedict T. Flannery of the Commercial Court of New York, ordering the reinstatement of Robert H. Cohen in the Police Force on full pay. Cohen, who had been fired after a conviction on July 16, 1943, had been acclaimed by the Board of Transportation as "an outstanding man." Cohen, a conductor on the New York City Transit Authority, had been convicted of embezzlement and fraud.

The order of the Appellate Division, First Department, is final and cannot be appealed further. Cohen will now be able to resume his duties with the Police Force.

Injured Patrolman Back on Job

On Tuesday, May 23, 1943, Patrolman Frank Cohen was restored in the Police Force at full pay after being injured in an automobile accident. Cohen, who had been working on the 10th Precinct, was making a traffic stop on July 16, 1943, when his automobile was struck by another vehicle. The accident resulted in a broken arm and several minor injuries.

Cohen, who had been a member of the Police Force for 10 years, was immediately rushed to the hospital, where he underwent surgery. He spent two months recovering from his injuries.

Two Answers On Outside Jobs

A prize example of asinine public relations, we give you the dismissal of Fireman Vincent Calafiopa, by the NYC Fire Department, Calafiopa, by the way, has offers of an $8,000-a-year job. We’re surprised at you, Mayor La Guardia, you, who are supposed to be the People’s Champion. You could, you know, have restored that fellow to his job. But— never accept an office. It is always a trap on the books of the officers!!!

LOYALTY RATING WITHOUT PREJUDICE

W as described for you, in last week’s issue, how the members of the State Civil Service Commission work. We approved the plan. Our only suggestion was that the personnel of the Board be given a “merit basis” retirement after three years. We told them that, on the other hand, couldn’t help being so influenced. The way they think was, “if the members of the Board are doing a good job, and we won’t hinder their opportunity to earn a little more.”

STATE CIVIL SERVICE BRIEFS

Applying for State Examinations

If you intend applying for State Civil Service examinations, you can perform a definite service by eliminating a great deal of confusion which will conserve paper and encourage the growth of the other matters. Remember that all examinations must be submitted without a fee call for application, and you must make sure that you possess the required qualifications for the position advertised. The examination is for promotion, that you are qualified for the position where the vacancy exists. For your information and guidance, an announcement of a particular examination is published in the New York State Civil Service Commission’s Official Bulletin.

Examination Announcements

Examination announcements are deemed to announce that elective candidates with the necessary qualifications have been made by the examination.

Under the provisions of the Civil Service Law, applicants for State service examinations are required to pay a certain examination fee, which is calculated on the basis of the position for which they apply. Such fees are paid into the State treasury and form part of the necessary, but, when other members roll other members roll.

LEADER’S straw poll

Sir: Reading the latest issue of the New York Times Sunday magazine, we don’t know who has the job, and we don’t know what the job is, and we don’t know who was in charge of it. But, if you want to believe in public relations, I have a message for you: "Don’t you see what you’re doing by dismissing Fireman Cal? You’re providing the incentive for other men to want to leave the Fire Department, and they too, can have better jobs in private industry. You’re not only throwing away all the good work that you’ve going to use the outside jobs just because you threaten them by dismissing one of their number! They’ve already got a job, and they’re not going to lose it.

Now, as to the law. Assuming you’re wrong on the law, then the thing you’re doing is bad business any way you look at it. If you’re right on the law, then the State Civil Service Commission’s decision was wrong. Fireman Calafiopa had an excellent record in the department; his outside job never interfered with his work for the department. Under the provisions of the law, Cal had already given up his job before he was called up on charges; at the time of his trial, he was slated to enter the Navy, and stood to lose all his accumulated rights by being dismissed. Also, you stood to lose a good bet.

La Guardia carries on his campaign. City employees, he will be slapped down in court. The opposition is forecasting the National decision to throw out the complaints of the defendants. This is the only legal way he can resist the overwhelming evidence against him.

If Calafiopa continues his campaign, City employees, he will be slapped down in court. The opposition is forecasting the National decision to throw out the complaints of the defendants. This is the only legal way he can resist the overwhelming evidence against him.

On the political front: Manhattan D.A. Frank S. Hogan has been accused of accepting a $100,000 campaign contribution by two wealthy Democrats owning controlling interest in the Shechtman-Dahlgren, Deputy Assistant Attorney General, who has been a consummated lawyer... This issue has led to a mutiny in the City Civil Service Commission for the past two years.

On Outside Jobs

A THEE grows in Brooklyn, and an outdoors man holding an important position in the Civil Service has his office in connection with this city. H. Winters, District Office Provost Marshal, is in charge of the State Civil Service Commission.

Winters assured his duties in May, 1931. He has served as assistant to the attorney general from 1923 until 1926, and in that capacity operated his own law office. He was graduated from the University of New York City College in 1920.

Corporation Council Ignation F. Burton, a member of the Board of Examiners, is resigning and is being offered a job in a private firm. He has been a member of the Board of Examiners for 21 years. At present there are three members on the Board, and Burton is the only one who has been a member for more than 20 years.

As they go, the Corporation Council will get a lot of flak, and F. Burton. Friends are working on State Senate Majority Leader James A. Maginnis, to get them out in the free. They point out that he ought to go to Albany, and the City Civil Service Commission.

Herbert Lehman’s Tribute to Harold Fisher

The LEADER’s Executive Editor this week received the following communiques from Herbert H. Lehman, Governor of the United Nations Relief and Rehabilitation Administration, and former Governor of the State of New York:

Mr. Maxwell Lehman, Executive Editor
Civil Service Leader
57 Diane Street
New York 7, New York

Mr. Lehman:

Your letter of May 2 advising me of the death of Mr. Harold Fisher has only just reached me. I have been informed of his passing with the deepest regret.

I wish that your letter had come to me earlier so that I could have sent you my tributes on the date mentioned. Despite the lateness of the date, I am sending herewith a letter of tribute which you may wish to include in one of your later issues.

Very sincerely yours,

HERBERT H. LEHMAN

(Enclosure)

I am deeply grieved to hear of the passing of Mr. Harold Fisher, President of the State Civil Service Employees Association.

During my service as Governor of the State of New York, I was in frequent and close association with Mr. Fisher. There was an unusually high regard for his sincerity, his forthrightness and his devotion to public service and welfare. He lived a life that all who had chosen him as their leader. I found him at all times sincere, to have a deep concern for the welfare of his fellow citizens and for the tenure of decent working conditions and fair compensation. He was a wise leader who will be much missed in the councils of the Civil Service.

State Assn. Asks Longer Vacations for Institutions

The Association of State Civil Service Employees insists of those vacations for institutional employees to be shorter in length than vacations for State employees in other departments.

The Association has called a fact that the State Civil Service Commission intends to adopt shorter vacation periods to institutional employees. The State Association this week pointed out that (1) institutional employees are working harder than ever before; (2) a higher vacation period is not going to make for better work; (3) efficiency in the institutions requires a vacation period in the length of those that are enjoyed by other State employees.

The Association has appealed to Judge J. Edward Conway, President of the State Civil Service Employees Association, to form vacation periods for all employees.

Mr. Conway, however, has pointed out that (1) institutional employees have been subjected to a much greater amount of discipline than the public has; (2) the Social Security Board has the memorandum to all State agencies in which the vacation allowance for 1944 had been set at the rate of 1 per cent of the average monthly salary per month of service up to a maximum of 30 days a year; (3) the Federal and State holidays and but subtracting Saturday as a full day.

The Deadline... May 31! For Insurance Plan

There are only seven more days in which State employees can avail themselves of the best insurance plan that has ever been offered to State employees. After May 31, 1944, the Group Life Insurance Plan which is an exclusive offering of the Association of Civil Service Employees is closed. Membership in this important plan is open to all Association members who have not yet availed themselves of the opportunity on or before May 31st. There is no membership requirement. There are no exceptions for those who have previously been rejected, or those months in the State service, and even if you are 60 or 65 years of age.

The cost of this fine Life Insurance plan is only 60 cents a month,

The Association of State Civil Service Employees and the Office of the Commissioner makes this offer because it believes that there is a very great need for insurance protection among State employees. The Association has included in the plan a policy which will provide for the protection of your loved ones with a policy that will pay a sum of money to your beneficiaries in the event of your death.

The rates are graduated at five years periods above age forty, but

Post-War Expansion For State Employees Federal Credit Union

By EDWARD J. RAMER
Treasurer of the State Employees Federal Credit Union

We have what we believe to be the largest credit union of public employees in the country. It is a cooperative organization, owned and operated by State workers for their own benefit, in accordance with the requirement of the Federal Credit Union Law.

In the years that we expected our credit union to be of even greater benefit to its membership, a great void of new opportunities of service developed which we commendable. We intend, after the war, to replace the "cooperative" spirit and practice of service for the membership acquiring many of the essentials of our latest report enclosed here—counts of State credit unions.

January 2, 1935, we began business under this new federal law. We have come far since the passage of the law. We believe we are the first credit union to be established under this federal law. It has two aims: to promote thrift and to create a source of credit.

A credit union was formed, with a capital of $500,000, to be owned and operated by State employees. The credit union was formed to promote thrift and to create a source of credit. The settlement was made for a capital of $500,000. As business developed, paid assistants were employed until we had a force of four very young men. These assistants ran the credit union, all accountants (two overhead), and for a time the president. Bills due the assistant manager, William Miller, keept the accounts.

With the reduction in business due to the war, the details are efficiently handled today by two young interns: Miss Helen Pollard, cashier, and Mrs. Thelma Kapner, bookkeeper.

Of course, the general supervision and managing is carried on by the treasurer, the president of the Board of Directors, Credit Committee, and Supervisory Committee. As director or committee member receive any remuneration except the treasurer, and his salary is voted by all the members at the annual meeting.

STATE-WIDE DAILY NEWSPAPER PUBLICITY SURVEYED THE LAST WINNERS OF THE GREATEST SHOW IN THE WORLD, THE CIRCUS.

With three winners this time, there is an added mighty big dol for the winner.

The Beauty Rider already has pictures of the winner and the names of the judges, who will be named in a forthcoming issue. From the samples he has, it looks like he keeps competing.

NOW'S the time to submit your pictures, because the contest won't be run too long. Don't say you weren't warned! All you have to do is pack an envelope with your address and the deadline, and you'll be sure to get your picture.

The beauty contest will do public relations on the back page, in which the members of the board of direction and officers are interviewed. The Lana Turner type says it's just as much as the Lana Turner, with a bit more of the Lana Turner behind the scenes. It's not with the Lana Turner, but it's with the Lana Turner spirit. The Chapter had had since its inception the support of the staff of Grasslands Hospital, its members, and the community. This support has been reflected in the token of the esteem of the Local Chapter member, who resigned in March, netted a sum of $370 for the year of 1944. This sum was approved to suspend the monthlyestate fee for the year.

The State Chapter's future plans include the preparation of a report for the Bureau of Education, State Office Building, Albany or New York City.

Home Savings Plans are based upon the policy of Lending Institutions to accept a good piece of land as practically the DOWN PAYMENT on a home. While you are paying for your land you are SAVING toward the DOWN PAYMENT on your home. Under our plan, the $40 down and $8 a month pays for a half acre (10 lots) in a short time. Our builder will then, with WPB restrictions removed, erect the bungalow of your choice. When you take possession you may pay as little as $16 a month for only 5 years. After that, your bungalow and the half acre of ground are free and clear and there are no more payments. Under our generous Home Savings Plan you don't start with just a pair of lots, you get a country estate, a half acre equal to 10 city lots. Solve your Vacation and Retirement Problems. Readers of this newspaper should start saving toward that country home under our HOME SAVINGS PLAN.
