Does Uncle Sam Pay Fat Salaries?

WASHINGTON.—Does Uncle Sam pay fat salaries?

WASHINGTON.—Here’s the probable final shape of the new Government pay bill—the bill that will cost the Treasury millions of dollars. By Federal workers for the duration.

It does not apply to per diem workers. Neither does it apply to those whose salaries are fixed by wage boards, or by administrative action.

You count, and the robot counts many thousands of others—for those whose salaries are fixed. The Welch survey included only those postal, non-step workers you get to grant time off, in lieu of overtime pay, for work in excess of 40 hours per week.

If your overtime pay won’t amount to $2,600 and $3,000 to $5,000 employees in all will be cut down their staffs, it may be too late to talk to your Legislativel or Judicial branch—paid by $800 or more per month, whichever is greater. In addition, you will receive a $15 bonus for every important person.

And, as indicated above, it knocked out the ceiling which defined overtime pay to men making more than $2,000 and at the same time restricted the overtime pay to those whose salaries are fixed.

If you are an employee of an executive agency, or paid by $800 or more per month, whichever is greater. In addition, you will receive a $50 bonus for every important person.

WASHINGTON.—For Government workers who read in the daily press last week that 41 agencies ordered to reduce salaries between $2,600 and $3,000 to $5,000 employees in all will be cut down their staffs, it may be too late to talk to your Legislativel or Judicial branch—paid by $800 or more per month, whichever is greater. In addition, you will receive a $15 bonus for every important person.

Cops, Firemen Enlist
Public in Clever Stunt

The pay raise referendum en¬
acted by the combined forces of the Police Benevolent Associa¬
tion and the Uniformed Fire de¬
partment is rolling along.

The question is: Will you vote for or against the pay raise?

The Public

The public is divided on the question of the pay raise. Some are in favor of the increase, while others are opposed. The issue of the pay raise is a matter of concern to many residents of New York City.

The Pay Raise

The pay raise referendum is being held to give City employees a voice in the decision to increase their pay. The referendum will be held on April 8th.

The Big Complaint

The big complaint against the pay raise referendum is the fact that it is being held during the war. Some people believe that the war is the most important issue at hand, and that the pay raise should be put on hold until the war is over.

The Complaints

The complaints about the pay raise referendum are many. Some people believe that the pay raise is too small, while others believe that it is too large. Some people are concerned about the effect the pay raise will have on the economy, while others are concerned about the effect it will have on the war effort.

The Solution

The solution to the pay raise referendum is to hold it during the war, but to ensure that the pay raise is fair and reasonable. The City should also ensure that the pay raise is not used to increase the cost of living, but to improve the lives of its employees.

Estimate Boys Can't Agree on City Budget

The Mayor's version of the City budget is now in the hands of the Board of Estimate, and from there it goes to the City Council, who have the power to reduce items but not to increase them. By April 27, the Board must make up its mind about the budget.

The strong opposition to the pay raise referendum is the fact that it is being held during the war. Some people believe that the war is the most important issue at hand, and that the pay raise should be put on hold until the war is over.

The Board meeting on Thursday, April 21st, made a no decision. The Board will vote on the budget on May 1st.

Key Answers to Dietitian Exam

The tentative key answers for the dietitian exam, which is held on April 8th, appear below. Consult the Commissioner of Finance's office for official answers.

The key answers for the dietitian exam are listed below:

Self-defense is something you can teach yourself no matter how many years you have been a member of the police, or even in other careers.

The United States is a country of 230 million people, and the police protection is only one part of the overall security system. Police officers are trained to handle all kinds of situations, and they are always ready to help.

Council Puts Pay of Park Workers on Yearly Basis

The much-disputed Parks Department employees bill has finally reached the Council by a vote of 2-4. Several Council members admitted that they did not know what the measure would work out, but they were voting for it because it was put before them by Mayor La Guardia and Councilman Joseph J. Connelly.

Minority members of the Council charged that the measure violated the principles of the Civil Service Law and the protest maximums for regular gardeners and watchmen had been observed. The Council had been asked to do the uniform provision which requires that park workers purchase uniforms. The measure also allows the appointment of Robert Moses, to prescribe the types of uniforms to be purchased.
The Making of a Fireman

Firemen's School

The written exam for Temporary Patrolman and Fireman will be held on Saturday, May 1, when the 3,900 applicants sit down at 9:30 a.m. in various high schools to tackle the first part of the test which will decide who gets the jobs.

Candidates have already been notified that school to appear and here is the schedule:

Seward Park H. S., 1,967 candidates
Stuyvesant H. S., 1,400 candidates
Julie Richman H. S., 799 candidates

Correction Test
On May 12 names will be part of the correction for examination for patrol will be held.

Strahlenmuller H. S. will receive 875 candidates and the remaining 3,000 will take the test at Stuyvesant H. S.

Physical Exam
The physical portion will be held jointly as soon as the written tests are graded. Depending on a number of factors, the proportion of candidates who fail by appearing the number of police and to have to be investigated,... etc. the exact date for the physical has not yet been set by the Civil Service Commission. It has been indicated that successful candidates can expect their appointments to the Police and Fire departments. Everybody is nervous. It is reasonable that the physical test will be given in a few weeks. Correction officers' salaries will have a longer wait for appointments, but their jobs are permanent, and the list with all names probably used for appropriate jobs in departments other than Police.

In view of the small number of appointments for the public and fire jobs, almost every man who passes the examinations can expect an appointment, and those over 30 who pass are as good as in now.

State Employment

Interviewer List

Has 1,052 Names

It's been a long time—but the State employment interviewer list finally put in an appearance last week. Two thousand candidates passed the examinations on April 18, 1942, over a year ago. 3,582 persons had filed to take the examination. This list is designed to give personal for the Division of Placement and Unemploy- ment of State Department. Of these, the 3,582 persons have been disapproved. Only 260 faded the test and 2,943 have passed and 3 withdrew. After 38 who pass are as good as in now.

WAR JOB NEWS

Men:Women: Here's Your Chance to Enter Into Real War Work, Earn Good Money

During Wartime, men looking for a job or a change of scene have a chance to get into interesting war work. If you walk to the nearest employment office of the public war agencies, you will find women who can take the place of those who will soon be going into the armed services. This is a chance of the job for which many women are prepared. It is the War Manpower Commission's plan to find women who can be trained to do the work of the men who will soon be in the service. This is the opportunity of a lifetime for women who have a good education and some aptitude. Men's work is being done all over the country by women who have been trained. The War Manpower Commission is now working to find women who can be trained to take the place of men who are going into the armed forces, and it is a plan that is being carried out all over the nation.

The Federal Civil Service is offering a war training course to women who are interested. This is definitely a war job for women. The training period, during which three of the seats were sold for 75 cents each, one-half of them for 25 cents and the remaining seats at prices up to $5 per week.

The training is being offered in New York and other areas, and the women who have been offered to the training program are those who have been trained in white-collar work and are interested in making a career of it. Women who have been trained in white-collar work are eligible for the training program. The training will cover the entire period of the training period, during which the training will be given in the form of a course that is designed to give the women an idea of the work that is being done in the field of white-collar work.

In addition to the training program, there are also opportunities for women who have been trained in white-collar work to be able to find work in the field of white-collar work. The training program is designed to help women who have been trained in white-collar work to find work in the field of white-collar work.

How to Be a Schoolboy

Newbold Morris has a little, square, pinkish-furred dog named LaGuardia in his office. The Mayor doesn't attend the budget meetings, but he's been seen down at the Board of Estimate meetings when the Mayor's order prohibiting part-time jobs was in effect. The courts said the Mayor's order was wrong. The order has made a few more jobs available to the men and women employees who are facing the higher cost of living. They had to find some way of increasing their incomes. The only way they could do it was by taking on spare-time jobs. Most of them didn't particularly like to do it. They just had to.

Now, from the employee's point of view, the pay situation has been called "disastrous," and we have called it "disastrous," because civil service employees are disobedient or dishonest. To be sure, they'd rather be in jail than work for a living. They'd rather starve than work for a living. In short, the budget problem is the problem. Now, one small way of helping out in this bad situation is to allow—in fact, encourage—city employees not only to hold outside jobs, but are a specific and direct help to the war effort. In Albany and in Washington, many employees spend their spare-time helping the employee meet the prospective spart-time employer. There should be some way in which a war plant (let us say) that could use some help could make that help available to the employee. That policy has been discussed at least a couple of times in a case involving his own department. That's no way to evade a responsibility, Mr. Mayor. And by the way, a new employee organization is readying to bombshell the Welfare Department.

They're Doing Things

William Viertel, the City's wizened, white-haired doorman of the Green Book ready before the 12th month is out. I'll be the biggest and the best. He's a doorman of Civil Service Employees. He's served for Joseph D. Locke, the head of the Paterson, N.J., police force. . . . Eugene Caamaño, Hospitals and Terry, using his emerging influence in the State, and perhaps national, and he says that since he's been in the city he has more influence in the battle of the board of the city. The mayor's vacation time has been successful in his fight to get a fair raise for his group.

A manpower committee could easily set up to do this work—which must be viewed as an important contribution toward winning the war. We suggest this list of names, from which the committee might be constituted:

Newbold Morris, Council president, and Dr. Ernest L. Steebhen, Health Commissioner; Harry W. Marsh, president of the Civil Service Commission; Joseph Sharkey, majority leader in the City Council; Vincent A. Paleco, of the Board of Estimate; and five others of Richmond, who has studied the problem in some detail; Patrick Harney, president of the Patrolmen's Benevolent Association; and Vincent J. Kane, of the Uniformed Firemen's Association, who would act as representative of the patrolmen and firemen; James V. Kehoe, president of the Municipal Civil Service Employees Association (CIO); Ellis Reno, of the American Federation of State, County and Municipal Employees (AFL); a representative from the Civil Service Employees Association of the Public. And here's the program of the head of the United Federation of Employees, who has had the legal angles of the question.

How about it, Mr. Mayor?

BEFORE WE FORGET

And while we're on the subject, there is growing up the realization that the real solution for the financial problems of civil employees is decent salaries. The Board of Estimate is still able to provide better pay to more people. The issue was never so clear-cut before.

The LEADER would like to hear the views of city employees about the plan for spare-time jobs presented in this editorial.

THE 2nd WAR LOAN DRIVE IS ON!

America...you've got to get tougher!

A M E R I C A — Let's be frank about it...so far, many of us back home have been fighting this war from an easy chair. Many of us have bought War Bonds out of extra cash, out of money we didn’t miss too much. We haven’t been really tough with ourselves. But this war is a hard, down-to-reality war. And many of our boys are dying in it.

We've got to buy MORE bonds. So your government asks you to buy Bonds and more Bonds—to get really tough with yourself. We’re asking you to give up the frills and “extras.”

We know how human it is not to make sacrifices until we drown the enemy in an overwhelming torrent of bombs, bullets, guns, tanks, planes, ships, and shells.

That’s why we’re asking you, in this one month of April alone, to lend Uncle Sam 13 billions of dollars—by buying War Bonds. 13 billions of extra dollars—over and above any buying that you’d be doing anyway.

A lot of money

Of course, 13 billions of dollars is a lot of money. It’ll take sweat and tears to raise it. It’ll mean going without now. But also—it will mean savings now—to buy later. It’ll mean giving up everything you can’t square with your conscience, that so we, our children, can have a better, more decent place to live in when this war is won.

The drive is on

So during this month of April, if someone calls on you to ask you to buy War Bonds in this 2ND WAR LOAN DRIVE, will you buy to the limit—and then buy more? Better yet, will you go to your Bank, Post-office, or wherever you’re used to buying your Bonds—and buy NOW? Will you lend extra money this month? Money that can hasten the day of Victory? Money that can help to save American lives.

Money buys money

Remember, what you’re really buying with your money is still more money. For after all, these Bonds are money! Money plus! Every dollar you put into War Bonds will bring you a dollar plus interest.

So the more Bonds you buy the better for you. Americans — Get Tough — with yourselves — for your country.

There are 7 different types of U. S. Government Securities —Choose the ones best suited for you:

United States War Savings Bonds—Series E: The perfect investment for individual and family savings. Gives you back $4 for every $3 when the Bond matures. Designed especially for the smaller investor. Dated 1st day of month in which payment is received. Interest: 2.9% a year if held to maturity. Denominations: $25, $50, $100, $500, $1000. Redemption: any time 60 days after issue date. Price: 75% of maturity value.

21% Treasury Bonds of 1964-1969: Really marketable, acceptable as bank collateral, these Bonds are ideal investments for trust funds, estates and individuals. A special feature provides that they may be redeemed at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated April 15, 1943; due June 15, 1969. Denominations: $500, $1000, $5000, $10,000, $100,000, $1,000,000. Redemption: Not callable till June 15, 1964; thereafter at par and accrued interest on any interest date at 4 months’ notice. Price: par and accrued interest.

Other Securities: Series “C” Tax Notes: 13% Certificates of Indebtedness; 2% Treasury Bonds of 1950-1952; United States Savings Bonds Series “F”; United States Savings Bonds Series “G”

What Cops Firemen Should Know
Study Aids for the New York City Police-Fire Examination

The following questions, fifth of a series to run until the exam is given, are designed to acquaint the candidate with type of material likely to be incorporated into the examination. The answers and questions are not to be viewed as examples of just a few, but rather to acquaint yourself with the kind of things to expect when test-day rolls around. You won't be tested for the amount of knowledge you have—but for your judgment, reasoning ability, and capacity to act with common sense.

1. If K districts of a city total the average, L arrests per month, then the number of arrests per year for a district (A) K times L times M (B) K times M divided by L (C) K times L divided by M (D) none of the foregoing options. (28) E; (29) B; (30) D.

What It Takes To Be A Good Investigator

Here's an expert's idea of what it takes to be a good Social Investigator in Welfare, and it's by Mrs. Zilah P. Then, training consultant of the department.

"A social investigator must know and be able to apply the same laws and policies that individualize the client's problem and situation, while respecting the limits of legal mandates and agency policies."

"It is clear, therefore, that the social investigator has a three-fold function."

"First, to gather evidence and prepare a case for a court."

"In fulfilling these functions, it is essential that the social investigator possess special knowledge, sensitivity, flexibility, and an ability to understand and accommodate the relationships he has to the case."

"He is aware of the special services of the agency and of the community resources available to him to be able to utilize all available facilities to provide the best service possible to those who seek such services."

"In order to be able to make decisions regarding eligibility and relief grants, he must have sufficient knowledge of the resources the client will be required to provide and the personal qualifications of the client to be able to determine his eligibility."

"In addition to having knowledge of the client's personal status, the social investigator must have integrity and initiative in his work, and be able to work well with the client."

More Depts. OK Spare-Time Work; Only Carey Says "No"

In a continuation of the survey begun last week by The LEADER, in determinations by various New York City departments feel about spare-time jobs for their employees, the findings reported recently by the departments are being studied by the Civil Service Department which will make the final determination as to whether the employees have the right to hold jobs in their spare time.

Sanitation

The only outright "No" to the employees who want to do outside work is in the Sanitation Department, with 34 employees being denied the privilege of doing outside work.

The chief of the Sanitation Department, Mr. Van Name, said that the employees were not given the privilege because of the current labor shortage in the city.

"The problem has not arisen in any other department," said Mr. Van Name.

Borough Works

The Department of Borough Works, of which Commissioner Franklin G. Brown is in charge, said that they have not had any problems with employees seeking outside employment.

"We have had no problems with employees seeking outside jobs," said Commissioner Brown. "The employees are content with their work and have no desire to seek outside employment."
