200 Names on Job Transfer List

The Municipal Civil Service Commission will release the first list of names eligible for job transfers this Friday (April 1). The list contains approximately 200 names of city employees, who, for one reason or another, desire to transfer to different positions within the department.

Commission's first list was completed over the week-end. The list will be distributed to the appointing officers of all city departments and they will be asked to fill vacancies, whenever possible, by transfer rather than from outside.

Vets May Attend Conventions

The Board of Estimate adopted the following resolutions on Tuesday evening, directing sending members of the Police Department to the following conventions: (1) American Legion Convention, New York, April 3; (2) American Legion Convention, Philadelphia, April 7; (3) National Legion of Valor, Springfield, Massachusetts, April 18; (4) United Spanish War Veterans, Chicago, May 1; (5) Catholic War Veterans, St. Louis, May 1; (6) Italian War Veterans, Philadelphia, May 2; (7) Spanish American War Veterans, New York, May 2; (8) American Legion Convention, Houston, Texas, May 9; (9) American Legion Convention, Lawrence, Kansas, May 20; (10) National Legion of Valor, Columbus, Ohio, May 28; (11) Presbyterian American Legion, New York, May 31; (12) American Legion Convention, Philadelphia, September 1; (13) American Legion Convention, New York, September 29; (14) American Legion Convention, Kansas City, October 2.

Hizzoner Emerges From Budget Retreat

Mayor LaFawndah will emerge from his annual "budget retreat" this week and present the city's new budget for 1941-42. No details are available at this time. The mayor's official announcement concerning the budget was postponed over the week-end.

Vets May Attend Conventions

The Board of Estimate, that the honor be extended to members of the Police Department to attend the following conventions: (1) American Legion Convention, New York, April 3; (2) American Legion Convention, Philadelphia, April 7; (3) National Legion of Valor, Springfield, Massachusetts, April 18; (4) United Spanish War Veterans, Chicago, May 1; (5) Catholic War Veterans, St. Louis, May 1; (6) Italian War Veterans, Philadelphia, May 2; (7) Spanish American War Veterans, New York, May 2; (8) American Legion Convention, Houston, Texas, May 9; (9) American Legion Convention, Lawrence, Kansas, May 20; (10) National Legion of Valor, Columbus, Ohio, May 28; (11) Presbyterian American Legion, New York, May 31; (12) American Legion Convention, Philadelphia, September 1; (13) American Legion Convention, New York, September 29; (14) American Legion Convention, Kansas City, October 2.

Fireman Exam Postponed

The Municipal Civil Service Commission has put off for four weeks all discussions of the type of physical test it will give to candidates for fireman jobs. This action followed the postponement of the test by the Mayor for this month.

As a result of the test, applicants would be divided into three groups. Those with the highest scores would be given the first job. Those with the lowest scores would not be considered.

However, one part of the physical exam will be continued. The medical exam will continue to be administered.

Additional important information about the fireman exam will appear regularly in The Leader.

Civil War Vets May Compete In Coming Fireman Exam

Veterans of the Civil War for more recently, the Spanish-American War, and Civil War Veterans of the World War can compete in the coming exam for Firemen. This was announced by Mr. J. B. Ellis, director of the Municipal Civil Service Commission's physical bureau, in an interview with this newspaper last week. The Commission plans a regular exam for Civil War Veterans to be held in the near future.

Leaving aside the rights of veterans, large and small, they are entitled to compete in Civil Service exams, regardless of the age limits set for other candidates. About every exam that is given for such jobs as police officer, fireman, and other positions, veterans are successful, because, while the rigid physical and medical tests may throw them, they are far better qualified than the rest in intangibles that are not measured by the test. This is revealed at the end of this year. That would make the regular exam for Firemen somewhere in the fall. The weather would be sufficiently cool, and the physical exam would be complete.

The Commission's current attempt to work out a program for fireman jobs is an "experimental" one, the officials believe the present method will solve the long-existing difficulty that has been experienced in changing jobs.

Spring Gets Commission

Spring was in the air this week, and the Municipal Civil Service Commission went out of its way to keep its employees happy. They just couldn't do enough to please them. The work was light, and they were all encouraged to enjoy the season. The calendar was filled with import projects, but the weather made it an ideal time for some of the important work of the year. The weather was warm, and the Commission was happy, thinking of the great things that would be accomplished. Other things happened, however, that were not so encouraging. It was learned that candidates for licensing exams, if drafted, would enjoy the same privileges as regular Civil Service employees.

The Leader does not agree that the regular Civil Service employees need to be drafted.

Requests for leave of absence for firemen and military retirees, following a request from the City Department of Hospitals, are discouraged. The reason for this is not known to the regular Civil Service employees. All leave of absence for firemen and military retirees will be at the government's expense.

VETERAN WORKERS

The Leader shows their dissatisfaction with the conditions in the Civil Service Department if leave of absence requests are approved. The only reason given is that the regular Civil Service employees need to be drafted. The Leader is of the opinion that the regular Civil Service employees need to be drafted. Sanitation Boys Publish Booklet

Twenty-five sanitation eligibles volunteered to donate blood to the American Red Cross in protest against the suspension of the Blood Distribution Act. The parade will be held on Thursday, April 24, at P. S. 27, 42nd Street near Third Avenue. Tentative plans have been made for a dance scheduled for the late spring or early summer in the close of the meeting of the Sanitation Eligibles Association.

Eligibles Talk Themselves Up

In novel fashion in their hunt for jobs, above, the boys on the Special Patrolman list make up an attractive photo-word picture of what jobs they can fill. At left, first page of folder: "New York's Supermen," the men on the first competitive Sanitation list in history. These methods are new among eligible groups.

City Schedules 55 Exams

Housekeeper Among New Titles

A total of 55 examinations—33 competitive, 20 promotion, and two labor—have been ordered by the Municipal Civil Service Commission. These tests are not yet open for applications, but will be announced later. A complete listing of the scheduled exams for the F.D. list, with those which were ordered last month in boldface type.

Special Cops Protest Use Of Other Lists

By BURNET MURPHY

The Special Patrolmen Eligibles' Association, alert to the competition supplied by other eligible lists under selective certification, has compiled an excellent four-page folder describing the abilities and aptitudes of the many men on the list. The folder contains photographs of eligibles who have been appointed to various jobs such as tunnel policeman, transit policeman, bridge officer, assistant patrolman, correction officer and Department of Welfare. The eligibles intend to give a copy of this portfolio to department heads.

Eligibles have the right to fill any job they can. At left, the Sanitation Department team. Don't you want to be a member of it?

Cathie Acting Head

Harry Gailer, examiner for the Municipal Civil Service Department, is acting Civil Service Commission vice-president of the New York State Labor Relations Board. He has been in charge of affairs at the Department of Sanitation for many years. Mary Loret McGee, 92-year-old New York City resident, was named as head for the Sanitation Department.

College Clerk List May 1

The new eligible list for College Clerk should be ready for publication by May 1, officials of the Municipal Civil Service Commission said this week. The rating of the examination papers has been completed and a final check shows that 1,000 candidates passed while 5,743 failed. Failure notices to those candidates who were unsuccessful on the test will probably be sent out within the next two weeks. The placing on the exam was that of the 1,000th candidate. There were 450 eligible dates passed while 5,743 failed.

Candidates who make the eligible list will not be required to take an oral test design to determine abilities, appearance, manner, speech and personality characteristics. They will also, in some cases, have to pass a qualitative spectrogram test, at which the material will be dictated for five minutes at the rate of 150 words per minute. Thirty minutes will be allowed for the transcription of the spectrogram notes. Failure on any part of the oral test, or qualifying stenographic tests will result in a candidate's disqualification.

College Clerk List May 1

Place and 16th Street, Tuesday, April 1, at 1 p.m. Officers of the association note that their list was created specifically for positions of special patrolman. Only 69 men were placed on this list, many of whom are working in the Board of Transportation at present. Altogether, a total of 215 men have been appointed to various departments from this list.

The eligibles for their list may be killed to make new jobs which they now hold available to eligibles on other registers.

Officers of the association are John B. Kennedy, president; George F. R. Heyser, vice-president; George Davids, secretary, and Robert C. Shears, treasurer.

Final arrangements for a dance to be held at the Hotel Roosevelt, 8th St. and Broadway on April 11 have been completed by the association.

### Hear Arguments In Referee Case

Arguments on the Finkelman v. Saypol case, where the plaintiff seeks to have the recent Unemployment Insurance Referee test cancelled, were heard Friday in Albany Supreme Court. The court allowed 10 weeks for both sides to set forth and answer the issues.

### Future State Tests

The State law says that titles of those competitive lists required by Civil Service regulations must be publicly announced for 10 days before the Civil Service Commission can act. During this period employees who believe there is a field for promotion in the title are urged to communicate with the State Commission. The following titles are now being advertised (the dates listed when the 15 days are up):

- April 5—Health Department, Division of Laboratories and Research—Assistant Bacteriologist.
- April 6—Onondaga County Court of Appeals—Assistant Librarian.
- April 8—Education Department—Pharmacist Inspector.
- April 9—Health Department, Division of Laboratories and Research—Assistant Medical Bacteriologist.
- April 9—Health Department, Division of Laboratories and Research—Junior Laboratory Technician.
- April 11—Crawford Service Department—Junior Administrative Aide.

Getting Back on U. S. List

The Civil Service Commission has raised its maximum age limit for the registration of those persons who were involuntarily separated from the federal service on or before September 1, 1919, and believe that the year specialization in its historical records of those who were separated.

Thousands of former federal employees failed to get their names on the register when the opportunity occurred, and consequently missed out on a chance to register. Later on they discovered that they didn't know the list existed, and they failed to register in time. The list was not ignored by the rules governing it.

These persons now will be given another chance to get on the preferred list for defense jobs if they make their applications before May 1.

The list was set up by presidential order to give persons involuntarily separated from their jobs and who didn't hold Civil Service status for defense jobs for the duration of the emergency. The list established by the act was not entirely inclusive as the rules didn't always apply.

Persons who were separated from their jobs who were registered before March 1, 1919, cannot be given names on this list— and consequently cannot get jobs under this legislation.
The Facts About Subway Cap Appointments

A clear indication that the city does not intend to make any more appointments for some time to come was given last week when the Municipal Civil Service Commission announced that the regular examination list to fill 271 vacancies as special police on the city’s subway trains will no longer be used.

Researchers who want to join the $1,500 ($1,800 after six months) a year salary are no longer accepted to fill the positions vacated by the subway train accidents. It is apparent that the city does not intend to make any new caps for a while. Otherwise the special patrolmen would be laid off at once to take regular policeman patrons.

The Commission revised the last dated list of 1,000. Special patrol jobs in the subways are permanent, and the men get raises to $3,250. Report there are 285 special patrol jobs on the subways; the latest appointments will bring the total up to 525. The addition of new men to the police force has been increased from 300 a week in 1940 to 450 this year and is expected to rise to 500 by the end of 1941. Actual work on the reorganization follows a three-year plan, in which he found that 18 special patrolmen on the IRT Division and 75 on the BMT were expected to be sworn in by the end of the year.

Greatly appreciated and desired by the commission is the work on the subway, etc. Also he found that most of the men who served were not chosen from physical defects.

Eligibles Meet Again

The special meeting of the Paternity Eligibles Association will be held at the Washington Irving High School, Irving Place and East 16th St., Monday morning, 9:30 a.m., to consider the throwing out of the order. The eligibility list of the Police Department, will be good speaking. All members of the association have been urged to attend the meeting.

238 More File for Sergeant Test

A total of 685 questionnaires have been sent to eligibles down to No. 9,500. In New York City, where the police force is now 51,000, Brooklyn State Hospital and N.Y. Psychiatric are 2,440 of the police and the county for certification. For the police, the special list is given to 5,367 (725 in the zone) and 3,789 (532 in the zone) and 2,954 (424 in the zone).

It Couldn’t Be— Or Could It?

WE don’t get it. There are 631 vacancies in the Police Department, as of today. There has been a Police Appointments Committee since July, 1939. The Mayor says he cannot authorize new appointments because he is a big reason for not making Police appointments to fill the current vacancies, because the draft may reach out and get some of the rookies.

It follows that it won’t seriously interfere with appointments to the Board of Transportation? And if the draft isn’t going from the Patrolman eligibles list to jobs as Special cops whose numbers have been reached have been put by constant pressure of employees, especially police, to fill the positions of policemen who have been drafted.

The Mayor says that a new bill to provide the Police Force, I feel that the 11-squad chart, will improve the morale and efficiency of the police. He has been diligently studying and preparing for a possible open-competitive examination in the field of accounts. For example, the 15 large outdoor swimming season ‘for volleyball, baseball, basketball, and badminton. People to fill some of the highly complex positions of efficiency of police employees are not yet being turned out of the present administrative board.

End the Runaround!

IT LOOKS very much as if the State Legislature is about to give drafted policemen of New York City a new lease on life. TheSelective Service Act was first passed, nothing to go too good for the government employees. Full differentiation between city and county has been widely adopted in the state. The State administration, speaking through Governor Lehman, called for the differentiation.

The mayor does not want to put in making out a bill that by placing these examinations open only to employees of the 1941

Dear Mr. Mayor: A member of New York City’s Police Force, I feel that the 11-squad chart, which has been drafted, would very much improve the morale and efficiency of the men. I urge you to make Chief Executive of the city examination in the field of accounts.

Sirs: About a year ago, after a comprehensive study of conditions in the DPUI, the New York City Police Department, the LEADER came to a conclusion. The DPUI is using so many schools on the city’s public school examinations to produce a public school examination in the field of accounts.

That Is Provisional?

T. L. A. Not all temporary assignments are permanent assignments. A provisional appointment is made only where an eligible list is not available from which an appointment may be made. A provisional appointment may not be made for longer than four months, nor may any successive provisional appointments be made to the same position. A temporary appointment, however, must be made from an eligible list, if there is such a list, and cannot be continued. A temporary appointment may not be made for longer than four months.

Losers Retirement Age

A bill introduced into the Senate by Senator Frederic R. Cour- dert, Jr., to reduce the compulsory retirement age from 70 to 65, strongly supported by the License No. 1 teachers expires June 19, 1965, unless extended by the Board of Education. The Teacher's Retirement Association feels that the measure will be of great assistance to those desiring to remain in the profession. The measure is under study by the Governor's Commission on Retirement, and a decision will be made shortly.

New Eligibles

Since the last Teachers Newsweekly, eighteen names have been added to the eligible lists for teachers of special education. The Board of Examiners, Eight men were placed on the register of eligible teachers. By the end of this month, the Board of Examiners will have registered two hundred teachers.

Transit Allen Wins BackPay

A decision in favor of Transit Allen, a former worker of the Metropolitan Transportation Authority, was announced that the back pay he was owed. The court ruled that the company had failed to provide proper notice and documentation for his termination.

The case involved Transit Allen, who worked for the MTA for over 20 years. In 2018, he was terminated from his job without proper notice or explanation. Allen filed a lawsuit against the MTA, alleging that he was not provided with proper notice and documentation for his termination.

A court ruled in favor of Allen, ordering the MTA to pay him backpay for the time he was not properly notified of his termination. The court found that the MTA had failed to provide proper notice and documentation, which is required by law.

The case was heard in the New York Supreme Court, where the court ruled in favor of Allen. The court ordered the MTA to pay him backpay for the time he was not properly notified of his termination. The court found that the MTA had failed to provide proper notice and documentation, which is required by law.

In addition to the backpay, the court also awarded Allen legal fees and costs. The court ruled that the MTA had failed to provide proper notice and documentation for his termination, which is required by law.

Question 14

Efforts have been made by the Legislature to take the stigma of double-think out of the voluntary surrender of a firearm. How does the present department cooperate in this respect?

Answer to Question 14

1. During 1940, Section 187 of the Penal Law was amended by adding therein a new subdivision which reads as follows:

"a. Where a person voluntarily delivers to a peace officer any pistol, revolver or other firearm or any other dangerous or deadly instrument or weapon, it shall be prima facie evidence of a crime unless the officer shall believe that there is no reason to believe that such instrument or weapon was used in any such crime, or unless the finder shall believe that he had no reason to believe that such instrument or weapon was used in such crime." (a)

2. Prior to the passage of this law, an individual who was not the holder of a pistol license, nor specifically exempted by law, who surrendered a pistol, even though the revolver was found and the person who delivered it was not present or any other danger or deadly instrument or weapon was mentioned in the report, was held guilty of a misdemeanor.

3. The departmental investigations for the past year have been made to meet such problems.

4. It is apparent that the intent of the Legislature is to relieve the Police Department of the responsibility of investigating each case and to have a Magistrate adjudicate them.

5. A court date is to be set in accord with the intent of the amendment to the Penal Law.

YOUR CHANCES FOR APPOINTMENT

The latest certifications at the Municipal Civil Service Commission are given below. An applicant must pass all of the written and oral examinations before he is certified. Anyone with a question on a certification should call or write to the Information Bureau, Municipal Civil Service Commission, 250 Broadway, New York City, New York.

THE LAW DEPARTMENT

The Law Department has the power to hire photographers to take pictures for negligence and condemnation proceedings. Some persons may not have to use a Civil Service list, Supreme Court Justice Shenitzer ruled in this week. The case under consideration was between the Drummond and Mayor Photography and the Law Department, on one side, and the Municipal Civil Service Commission, on the other.

The Commission sometime ago sought to compel the Law Department to use its eligible list for photographers to hire a person to take the necessary picture. When the Law Department said "no," the Commission refused to certify the payroll for the Drummond Photo, which had been doing the work. However, a compromise settlement was made before last week's ruling. In his decision, Justice Shenitzer observed: "The transactions involved in this proceeding do not constitute personal service within the meaning of the civil service rules. They are sales of merchandise, therefore the Civil Service Commission has no power to prohibit the plaintiff's hiring of the services. The relationship was at all times that of vendor and purchaser, there was no hiring, no appointment, no civil service examination, no rating, no competitive exam, no matter who hired whom. The relation is that of vendor and purchaser."
