EXAMS FOR CITY, STATE, U. S. JOBS

IF WAR COMES
What Happens to You in Civil Service?

500 To Be Hired From CUSTOMS INSPECTOR List

Hospital Attendant Deadline Postponed

2,100 PROVISIONALS TO GO
**CIVIL SERVICE LEADER**

**33 State Exams Due**

**APPLICATIONS ACCEPTED UNTIL JUNE 10**

Filing for the July series of 33 exams of the State Civil Service Commission will open during the week of June 10, and end about July 8. The tests themselves are to be held on Saturday, July 27.

Thirteen of the tests are for county positions. One is open to non-residents of New York State as well as residents, while another is open to residents of every county in the State. The others are open only to residents of four month standing in the particular county.

Two of the State-wide tests are open to both residents and non-residents of the State.

The complete list of titles, salaries, and fees, along with certain restrictions, follows:

**Assistant District Health Officer**

Department of Health. (Usual salary range, $1,000-$1,500; appointment expected at the minimum, but may be made at less.) See $3.

**Assistant Game Research Investigator**

Conservation. (Usual salary range, $1,500-$2,000; appointment expected at the minimum, but may be made at less.) See $2.

**Assistant Laboratory Worker**

Division of Laboratories and Research. (Usual salary range, $1,100-$1,600; appointment expected at minimum, but may be made at less.) See $2.

**Assistant Principal School of Nursing, Department of Mental Hygiene.** (Several appointments expected at $1,200 and maintenance.) See $2.

**Assistant Steam and Electrical Operating Engineer**

State and County Hospitals, Departments, and Institutions. (Salary varies; appointment expected from $1,000-$1,500 and maintenance.) See $1.

**Assistant District Health**

Assistant in Section, State Board of Health. (Salary varies; appointment expected from $900-$1,500 and maintenance.) See $2.

**Bridge Superintendent**

Commission’s Appointments. (Appointment expected at $1,600.) See $1.

**Secretary**

Assistant to the Commissioner. (Appointments expected at $1,500-$2,000.) See $1.

**Special Notice:**

Appointment of 300 patroonl to the Police Department will be made this week.

94% of men who took the physical for this test passed and over 66% of them attained a rating between 90% and 100%. Compare our record in these tests with that of any police department.

**Patrolman and Fireman:** New classes are now forming. Permission to specialize with unlimited success in the new type test. (Small fee—installments.) See $1

**Staff Officer:** For physical medical examination.

**Special Notice!**

Thousands will file for this exam. Only those well-prepared will get graduated. Three evenings weekly. Attend Open House on the first evening.

**DELEHANTY INSTITUTE**

115 East 15th Street STuyvesant 9-6900

**Special Notice!**

Maintainer’s Helper Applicants

Thousands will file for this exam. Only those well-prepared will get graduated. Three evenings weekly. Attend Open House on the first evening.

**Payroll**

**MIDTOWN SCHOOL**

**New City Exams**

Beginning today and tomorrow the Municipal Civil Service Commission will begin the application period for two competitive, one licensing and eight promotion tests. The tests include firemen, police, nurses, clergymen and others. The complete details about all these exams are published in this issue of The Leader beginning on page 2.

**Customers' Exams List**

To Be Used for Hiring Immigration Patrol

EMERGENCY DEMAND FOR 500 ADDITIONAL MEN;
GRADUES TO BE ANNOUNCED WITHIN TWO WEEKS

By CHARLES SULLIVAN

(Exclusive to The Leader)

WASHINGTON.— Between 400 and 500 Immigration Patrol Inspectors are being hired by the Immigration and Naturalization Service as a defense measure, it was learned exclusively by The Leader.

The U. S. Civil Service Commission is certifying eligibles from the General Investigator examination which was given more than a year ago to be used in the 2,400 person immigration patrol force given by the Commission and all the 24,000 examination papers haven't yet been graded.

The Leader pointed out in a recent issue that the government did not contemplate using this list to hire New Yorkers. However, the call for additional Immigration Patrol Inspectors was an emergency demand in view of the international situation.

The Commission’s examination division has had to lay aside most of its regular work during the past two weeks and concentrate on the massive General Investigator test. Because of the emergency the Commission has been forced to certify several hundred who qualified for Immigration Patrol Inspectors before grading was completed on the required test. The same examination covered Cust. Inspectors.

Commission officials requested the Leader to make it plain that participants in the examination will get their grades as soon as possible after the grading is completed. Several hundred Immigration Patrol Inspectors were being tested for fear another unlimited request for information would be forthcoming.

"Grades will be announced with the next few weeks," it was indicated. Meanwhile, this news will keep informed the New Yorkers who took the test.

91,411 Competitive Employees in N.Y. -

A comprehensive survey completed by the Municipal Civil Service Commission has just been made by the Municipal Civil Service Commission. This is the first such survey in 28 years and according to the Commission a titles, numbers of employees in all grades and salaries are shown. Some of the highlights are:

19,346 Cop

1) There are 19,346 cops in the civil service in New York City. One-half of the total number of employees are in the headquarters and operations of the Police Department. There are 32 other groups within the Police Department itself, the second largest number being in its traffic division.

Fire Service with 10,833 employees,

164. When transit employees are added in to the total list of employees it will number 21,700—the biggest group in the city's civil service.

932,000 Employees-

The U. S. Civil Service Commission announced last night that there are 932,000 employees on the rolls of the 1,480 Federal agencies, a 21% increase since 1920. The increase in the number of employees has been due in part to the increase in the number of agencies and in part to the increase in the number of employees per agency.

The Federal Government employs more than one in every five civilians in the United States.

A number of the employees on the pay rolls are former employees of State and local governments.

The Civil Rights Division of the Commission has just completed an examination to fill 2,000 positions in the Foreign Service.

For full information regarding these examinations, the days and hours which are to be held for them, the minimum requirements and the minimum qualifications for each position, refer to a copy of the Circular of Notice No. 180. This Circular is available at any public library or from the Department of Civil Service, 310 Broadway, New York City.
CIVIL SERVICE LEADER

TUESDAY, JUNE 6, 1948

CIVIL SERVICE LEADER

New Subway Jobs

The Municipal Civil Service Commission will announce a series of preliminary lists for Con­ way jobs early in July. The Leader learned last week. One competition list will be in­ cluded in the series—Towers. The other two groups consist of Towermen, Assist­ ant Towermen, and Assistant Fire­ Departher, Police-Car Con­ ductor, Telephone-Car Con­ ductor, Assistant Police-Car Con­ ductor, and Assistant Staf­ f Station Superintendent and Station Superintendents of the Board.

The next step is the selection of applicants to fill the positions. The commission will announce the names of the successful applicants at a later date.

Judging by the number of applications already received, it is expected that there will be a large number of applicants. The commission is urging all interested persons to apply as soon as possible.

Are You on a State List?

A good State list is expected during the next few weeks, according to the examination of the State Civil Service Commis­sion. The total number of provisionals in the city service is expected to be reduced to one fourth its present size by the end of the summer, according to the commission.

The list is expected to be reduced to one fourth its present size by the end of the summer, according to the commission.

Sanitation physical exams are expected to be administered in the next few weeks. The exam will consist of a physical examination and an interview with a doctor.

Are You on a State List?

Many headaches in bringing men under civil service

The Commission so far has been unable to complete its work on the promotion list for civil service employees. The commission has not yet announced the names of the employees who will be promoted.

The commission has not yet announced the names of the employees who will be promoted.

In bringing in the new employees, the commission plans to use the new examination system. The new system will be used to determine the names of the employees who will be promoted.

IIN the general area of City Hall, you come across a small, sticky, bombastic, profane, energetic man who looks like a cross between an old-time Tammany politician and a Civil Service employee. You hear him call Henry Feinstein.

There is nothing deep or mysterious about Henry Feinstein. He is what he appears. He tells you straight out what he thinks and feels—take it or leave it. And he acts the same way.

Today Feinstein is in charge of all remitted contributions to the Borough of Manhattan. When he first came in the Civil Service years ago, he didn't like the way big-city employees were being pushed around.

Auto Engineers were earning $6 per diem. That didn't have a pretty fair wage—if you were lucky enough to get a full week's work. But if you didn't have pull at the local Democratic club, you didn't get a full week's work.

Organizer

He saw the acute necessity of doing something to stabilize the working conditions of those in civil employment. He undertook to organize them.

In answer to a question about his career as an organizer by someone who wants to join the Forum.

Can the Leader tell us what makes you so jittery? A super-duper,_tcp_cop. MEMBER OF THE CABINET

The Leader does not accnse Commissioner Valentine. We don't know the facts any more than the general public.

What has the Commissioner to say about the suicide? What conditions exist in the department or in the city that can't be remedied to save men's lives? What is this grinding terrible force that leads men to death rather than to face any longer whatever it is they fear?

But what does the Commissioner have to say about the suicide? What conditions exist in the department or in the city that can't be remedied to save men's lives? What is this grinding terrible force that leads men to death rather than to face any longer whatever it is they fear?

New York City deserves a fire commissioner who really likes his job. The Leader will continue its campaign seeking him out. It seems only fair that until reigns or a forced out of the job.

McElligott Must Go!

Cops and Suicide

LAST week, another cop took his life. That makes close to 100 in the last six years.

Why do cops, a tough breed of men earning their bread in a tough way of life, reach a point where it appears futile to remain any longer among the living?

New Yorkers can't keep struggling over this curious phenomenon.

The social welfare bureau of the Patrolmen's Benevolent Association has been working on the problem, and provides a faint glimmering answer to the suicide problem—rather than to face any longer whatever it is they fear?

The social welfare bureau of the Patrolmen's Benevolent Association has been working on the problem, and provides a faint glimmering answer to the suicide problem—rather than to face any longer whatever it is they fear?

Police Calls

By BURNET Murphy

300 Rookies Join
New York's Finest

Three hundred rookies will be sworn into the Police force tomorrow (Wednesday, June 5) at 6 p.m. in the Court of Appeals, at New York's Police Palace, where Commissioner Valentine will lead the ceremonies which include the presentations of the annual awards to the finest men in the force through the past year.

Last week the Municipal Civil Service Commission this week made another change in the final answers to the recent promotion test to Police Lieutenants. Last month 14 answers to the recent promotion test were ruled incorrect, and 15 others were disqualified.

The Municipal Civil Service Commission last week made another change in the final answers to the recent promotion test to Police Lieutenants. Last month 14 answers to the recent promotion test were ruled incorrect, and 15 others were disqualified.

Law enforcement officials estimate they will need 9,000 additional skilled workers in a nation-wide effort to be trained. It's only a guess, but the Army probably will need 5,000 men.

State Quotas

House and Senate Conferences on the Federal Security-Labor appropriation bill are deadlocked over a House rider which would compel all non-Civil Service jobs here to be selected on a state quota basis. Senate conferees have refused to accept the rider and so far no compromise has been worked out.

The rider is aimed at New York State which has, among other states, more than its share of non-Civil Service jobs in Washington. Both Senators Jenness and Edicken would be instrumental in getting the rider stricken out in the Senate.

Ban Reds, Nazis

To keep clear of what it calls "fifth column" activities, the U. S. Civil Service Commission last clamped down on Nazis, Communist, members of the German-American Bund, Communist organizations in general, and members of fellow-traveler groups. In the future, no person with Communist or Nazi affiliations will be certified to any position in the U. S. government. This applies not only to jobs in the executive branch but to those in all departments.

The Weeding Process

Ofiicials of the U. S. Civil Service Commission's offices in New York last week expressed confidence that they would have no trouble in weeding out Nazis and Communists from the thousands of eligible on federal lists. They pointed out that before a person is certified and appointed, he is thoroughly investigated. Officials refused to divulge what groups they considered fellows-travelers and added that the work would proceed in secrecy and that they would follow the efficient pattern of the O-Men in their investigations.

Navy officials estimate they will need 9,000 additional skilled workers in a nation-wide effort to be trained. It's only a guess, but the Army probably will need 5,000 men.
Case Histories

A weekly column devoted to the interests of employees of the Civil Service Department.

By HENRY TRACERS

With the Field Office Supervisors

Do you know? . . .

This Edward Smith is called "My God." He doesn't know why he's called it because he rarely speaks unless spoken to. . . . That the two are not related is impossible to determine. Henry Linskell and Dennis Morgan, both field office supervisors, have known the man for years. Stern-looking Alex Weisinger has a squadron of special attendants, who are generally considered to be with him. Dick Kern was once a fanatical baseball player. He broke his ankle out short his running career. . . . That Harry Main is a grandfather. . . . That Yed Schoenfeld is an accomplished pianist and has played with professional orchestras.

Girls, Girls, Girls: It's positively impossible. In D.O. 5, 5 employees had 6 babies—and all 5 were girls. . . . Here's the story's list: Mrs. Bertha Wulch, inaugurator, ma'am to Judith开展 . . . Charles Durlach, office manager, a puppy to Dorothy Dorf, assistant in the office. Dorrance, Mrs. Jeanne Elsler, assistant supervisor, mother to Elizabeth, wife to Pauline Aversa, inquisition.

Kern is Reapointed

Paul Jerome Kern, 52-year-old head of the Municipal Civil Service Commission, was reappointed by Mayor LaGuardia, Tuesday. Kern's term ended Friday and un¬ til a successor is named he will remain in his office at noon the following day. Kern had no idea whether he would or would not be reappointed.

Kern has been a frequent storm center in Civil Service circles. The appointment has been regarded as a test of Mike LaGuardia's own strength. The Commission was recently vetoed as the suggestion of Alfred E. Smith. The actual investigation will set underway late this month. The Commission in the past two years has been busy with large-scale reclassifications of titles and salary grades of thousands of Civil Service employees.

Fire Alarm

Monumental James A. Blanket, 18, fireman in the 2nd Precinct, N.Y.P.D., slapped a 31-year old female in Central Park, N.Y.C. on the streets Saturday, June 29, 1937. A fight for the woman's pants, known as a false alarm May 277, the point where his ball last stopped. The point where his ball last stopped.

Are they permanent? Are they temporary? That is the question.

Maintenance Workers who will soon be appointed to the Dept. of Welfare will earn a permanent status, so far as the Municipal Civil Service Commission is concerned, but the Board of Directors will place the men in the temporary category. Watch side of the fence will the Welfare Department.

As permanent Civil Service employees, the men are given the same seniority and promotion rights, so that they have a stronger incentive to remain in the Department. The Board of Directors will place the temporary status so that they can remain in the service temporarily.

The filming deadline is now Fri¬ day, July 10. It is now known that the response to the exam, which was sent out the week before and un¬ der the name in the State between 18-45, has been much below expecta¬ tions. They will be given a few days to correct the situation. They will be given a few days to correct the situation.

Appliances blanks are avail¬ able at all offices of the New York State Employment Service, and by mail from the examination di¬ visions, State Civil Service Com¬ mission.

For further details, enclose to post card.

There's an elegant hotel for the laundry.

When the Civil Service Commission Gets Down to Serious Work, It Will Face the Problem of What to Do With the Many Towns That Do New York State. The Executive Secretary of the Association of Towns Outlines Some of the Problems

FRANK C. MOORE

Sanitation Medical Situation

The medical examinations for Salvation Man will probably run well into August, it was announced yesterday by Paul M. Brennan, Examiner in charge of the Medical and Physical Examination of the Municipal Civil Service Commission. According to the estimates made by the Commission, it will take 4,000 candidates to fill the positions at the 10,000 jobs that will be advertised in the July number of the Civil Service Leader, and the first 640 will be called for the examination. The last day of the examination will be June 14th.

The examination will be held on the day of the town election, and the first session will begin at 7:30 a.m. The examination will consist of a written examination and a physical examination. The written examination will include questions on the Civil Service laws and regulations, as well as questions on the duties of the position to be filled. The physical examination will consist of a medical examination and a dental examination.

The public is invited to attend the examination, and those who have not taken the examination are encouraged to do so. The examination will be held at the Salvation Army Building in New York City on June 14th.

The examination will be administered by the New York City Board of Examiners, and the results will be announced within a few weeks after the examination. Those who pass the examination will be placed on the register of eligible candidates, and will be offered the positions as they become available.

Get application at 80 Centre Street or any, State Employment Office. Study material has been prepared by The CIVIL SERVICE LEADER
Sick teachers report for work daily. Why?—Absence refunds are inadequate and indefin­
ite. Pressure from Dr. Allman. Teachers feel that the only group of pub­licly paid employees who have no definite rights of compensa­tion when absent due to illness are needed. Do you know that you are worth more absent than when present? When present you are paid 1/30 of a month's salary for the day. When absent due to illness, no condition to leave their homes; no compensation when ill. It looks now, perhaps,—perhaps,—

This inequitable situation must be­

righted—and at once. Teachers, like other people, get sick just as
cold, get the flu, need emergency operations, but are compelled to drag themselves to their work be­

cause they are ill. It looks now, through this financial emergency, no
doubt they can find the way.

Teachers in War

A few weeks ago the U. S. declared war. Because of World War II seemed remote, but

Fun for 8,000,000

A recreation program to accommodate an aggregate attendance of 8,000,000 will be launched by the Board of Educa-
tion this summer. The new program includes 264 playgrounds, 25 athletic fields, and 450 special recreation programs. Officials will be available for adult recreation as well as for the children. The playground special events will feature basketball, baseball, and swimming for children, and kindergarten teachers, music and physical education classes, and in attendance. For older children there will be equipment for baseball, paddle tennis, roller-

لاقية، and the drop

Life Through Play

In New York's schools, children play wha-
to what it is like to live in the world. Here, a little girl buries her playthings in the sand to

In attendance. For older children there will be equipment for baseball, paddle tennis, roller-

OUTSIDE WORK
J.W.—Nothing in the civil service law prevents one from carrying on any business outside of office hours and not incompatible with his public position. However, the Mayor has requested his department heads not to permit city employees to engage in private enterprises while employed by the city.

FEDERAL INTERVIEWS
M.D.—Questions on a list such as stenographer or clerk for appointment in a Federal field position up-state may be inter­viewed for appointment in New York City. This practice is not the exception but the rule. A recent examination list includes a number of those who were interviewed before appointment.

CIVIL SERVICE BRIEFS AND LISTS

Future State Tests

The Civil Service Commission has announced the dates of open competitive lists required for the State Com­mission. These lists must be public­ly announced for 15 days before the State examinations are made.

The following lists are now be­ing advertised for open competi­tive examinations:

June 23—Mount Morris Tuesday afternoon by the Yonkers Hospital—Occupational Therapy.

June 3—Appointments to the State Commission, filing deadlines are: Broome and Warren Districts for the amount Invested. The rea­son for this is that the city is required under the pension plan to match the contribution made by the city.

TRANSFER TO LOWER GRADE

A.—An employee who obtains a transfer to a position in a lower grade does not have the privilege of being placed on a preferred list for the position from which he was transferred. The right to go on a preferred list for the position is preserved for those who qualify under the law only if they acquire the grades requested through lack of work or funds. This applies both to the state and city services.

STATE TO CITY TRANSFERS

A.—I see no means by which you may be transferred from a position in a state institution to a similar position in the service of a city. Unfortunately, we have not yet developed any rules for transfers from state to city or city to state, except for the class of administrative positions in a state agency paid out of city funds, eg. T. Guynn, who has been transferred to similar positions in the city service; he has been made eligible under the approval of both the State and City Commissions.

PENSIONS FOR THOSE OVER 50

H.—Your peace-time earnings will be based on marks attained in all three tests, not on date of examination, but you might get a 5 per cent extra credit in a city or state physical examination. Final ratings will be based on marks attained in all three tests, not on date of filing applications.

RECORDS OF CIVIL SERVICE COMMISSION

M.—The title of asphalt worker, and there is an eligible list for the position, you should bring the matter to the attention of the Civil Service Commission. The civil service law does not provide a means to certify employments of provisional appointments where there is an elig­ible list for the position available.

NATIONAL GUARD

The Civil Service National Guard are not granted any special privileges in civil service examina­tions. If a member of the National Guard may be considered for such positions under the grade and salary related to the duties of the position.

PROVISIONS AND ELIGIBLES

There is no eligibility requirement for serving provisionally under the title of asphalt worker, and there is an eligible list for the position.

S.E.—I see no means by which you may be transferred from a position in a state institution to a similar position in the service of a city. Unfortunately, we have not yet developed any rules for transfers from state to city or city to state, except for the class of administrative positions in a state agency paid out of city funds, eg. T. Guynn, who has been transferred to similar positions in the city service; he has been made eligible under the approval of both the State and City Commissions.

NATIONAL GUARD

As a national guard veteran, you may be transferred from a position in a state institution to a similar position in the service of a city. Unfortunately, we have not yet developed any rules for transfers from state to city or city to state, except for the class of administrative positions in a state agency paid out of city funds, eg. T. Guynn, who has been transferred to similar positions in the city service; he has been made eligible under the approval of both the State and City Commissions.

If War Comes

What will happen to Civil Service should America go to war—just in case?

Only a few official offices refuse to talk. But these same uncooperative officials have been making plans since September, when the invasion of Poland launched the second World War.

Some expansion of jobs has already been seen since the fall: in FBI, the U.S. Maritime Commission, and in various divisions of the Army Air Corps, where inspection work is being done.

The navy yards have been clamoring for clerks, and the navy itself is spending millions when the calls were insufficiently answered.

If America goes to war, the U.S. Civil Service Commission has the power of inducing civilian personnel to supply and equip our armed forces. Reporters have been told that any machinery to 20 times its current pace.

Bottling Zoro

Already, patronage-minded legislators have joined in their cry. Since the national defense problem became acute, the number of those who want to have the door open for political appointees has rapidly increased. And though, they're hating zero. Department heads want nothing less.

Deputizing heads want nothing less than the number of employes called for by the war effort, in order to meet the demand for personnel, to man issued equipment, and to make sure that the various bureaus roll. In time of war, the various bureaus roll in time of war. The service rolls increase in time of war. The executive branch of the U.S. government has already been reduced by the Armistice was signed in November, 1918, there was a reduction of 1,977,900 men and women on the payroll; that represented a reduction of 58 per cent in 15 months, or less than a year and a half.

The Armistice was signed in November, 1918, there was a reduction of 1,977,900 men and women on the payroll; that represented a reduction of 58 per cent in 15 months, or less than a year and a half. The Armistice was signed in November, 1918, there was a reduction of 1,977,900 men and women on the payroll; that represented a reduction of 58 per cent in 15 months, or less than a year and a half.

The employment situation is almost exactly similar to the one which existed during the war, as many as three departments of the government at any one time.

Some of the elder statesmen still active in Washington at the present time; on the other hand, the manpower shortage has made it possible for many of them to be put to work.

Others, less fortunate, are given jobs at lower levels. This is the reason for the large increase in the number of employees during the war, as many as three departments of the government at any one time.

The employment situation is almost exactly similar to the one which existed during the war, as many as three departments of the government at any one time.

One thing certain is that the distinction between Civil Service and patronage personnel will mean little in the face of the war effort. The public is not going to look for the distinction between Civil Service and patronage personnel will mean little in the face of the war effort. The public is not going to look for

Promotion Opportunities In New York City Services

A tentative outline of the promotional opportunities for employees in the New York City Services was announced this week by the Municipal Civil Service Commission. The

Commission listed the following services as those which will be open to Chemical Physicist, and Pharmacist Services employees in these services tend to

promotions will be permitted from pos-
sitions in the next lower or the same grade of the service, if a promotion examination in the 4th grade inspectors and 3rd and 4th grade Employees of services may be required to show that they are qualified in specialized types of work in order to take the

promotion examination.

In the Administrative Services.

The great similarity existing be-

tween the duties of employees in these two services leads the Commission to the belief that city-wide promotions should be permitted at all grades of both services, open to the same or the next lower grade of the other service, e.g., Parole Officers will be permitted to take the promotion examination to Senior Probation Officer, and Probation Officers will be admitted to the examinations for Senior Parole Officer. Due to departmental specialization and the care

in his own service and his own department over passing candidates from the other service or from other departments, the Commission proposes to establish two separate agencies.

The majority of positions in each of these services will be open to Chemical Physicist positions are now being re-
classified as swiftly as possible in

Mail Delivery Ruling

If an examination notice is lost in the mails, the Civil Service Commission will acknowledge the fault and allow the candidate a second chance, it was ruled last week by the Municipal Commission.

When the United States Post Office advised the Commission that through an error on its part a notice was not delivered to Senator Hiram Johnson, the Commission decided to permit Mr. Fox to appear for another examination.

"We recognize the Post Office as our agent," explained Commissioner Wallace S. Sayre.

Other items on the weekly calendar follow:
