APPEALS COURT UPHOLDS CSEA ON UNIT REVIEW NOW

AFSCME's Woes On Long Island

Council 50's Kings Park Unit Head Bolts To CSEA; Pilgrim Treasurer Quits

(Mostly To The Leader)

MINEOLA—The president of the Council 50, American Federation of State, County, and Municipal Employees' local at Kings Park State Hospital has resigned her post, quit the union, and joined the Civil Service Employees Assn., The Leader has learned.

In an exclusive interview with officials of the Civil Service Employees Assn., Miss Mary E. Wilson, who was elected last fall to head the Council 50 local at the Long Island State mental institution for a two-year term, said she was quitting the union because she felt it was "no longer democratically run."

She also criticized the Council 50 leadership for calling an election to fill her position instead of naming the current vice-president to the post. Informed sources report that the Council 50 leadership intends to replace Miss Wilson with a hand-picked successor.

The union leaders, in calling the new election cited provisions for such elections under the International AFSCME constitution. It is reported however that the union listed deals only with the duties and term of office of the International secretary-treasurer.

In fact, one source said that appendix 'C' of the union constitution lists only with the duties and term of office of the International secretary-treasurer.

(Continued on Page 2)

WELCOME TO CSEA—Nicholas Pollicino, field representative for the Civil Service Employees Assn., welcomes new members of the Kings Park local of Council 50, American Federation of State, County, and Municipal Employees, Mary Wilson who joined the CSEA after her resignation as head of the Kings Park union.

CSEA Elections Set; Nominations Now Open

(Mostly To The Leader)

ALBANY—Harry L. Ginsberg of the Department of Law in Albany was elected chairman of the nominating committee of the Civil Service Employees Assn., at the committee's first meeting here recently.

Joseph C. Sykes, special authorities representative, was elected vice-chairman, and Blanche Ruotn of Nassau County is secretary.

The committee's next meeting is on May 29, when it will consider candidate recommendations from CSEA members for the office of Statewide president, five vice-presidents, secretary and treasurer, and members of the State Executive Committee.

Members were urged by Ginsberg to submit their recommendations to him at CSEA headquarters. (Continued on Page 2)

Fight Renewed Against Five Separate Units

(Special To The Leader)

ALBANY—The Civil Service Employees Assn., expressed jubilation over Friday's Court of Appeals decision calling for a review by the State's Courts of the Public Employment Relations Board determination splitting State employees into five collective bargaining units.

"CSEA president Theodore C. Wenzl, commenting on the decision, said: "It is extremely gratifying to CSEA to have our position on this matter vindicated by the high court."

"We have opposed PERB's five unit determination from the very outset on the ground that it is completely arbitrary and too far reaching and permanent to be decided by a single State agency in existence for less than two years."

"The myriad ramifications of such a decision as they affect the State government, its employees and the public should be reviewed thoroughly and impartially by the courts before any final decision is reached, and before State employees select organizations to represent them in collective negotiations."

"We will immediately file an appeal with the Appellate Division requesting that PERB's five unit determination be thrown out in favor of a more suitable plan."

"We have consistently called for Statewide elections in one unit, but PERB has chosen to ignore this suggestion."

Would stressed that "CSEA was and is for elections, but feels that the courts and not PERB should make the final decision as to how State employees should be represented."

"We welcome elections—valid elections," the CSEA leader asserted.

The decision upholds an earlier unanimous decision by the Appeals Division.

(Continued on Page 14)

Armory Employees Will Get Same Benefits As State Employees

(Special To The Leader)

ALBANY—Army employees of the State Division of Military and Naval Affairs are included in the salary and fringe benefit package won by the Civil Service Employees Assn. The Leader has learned.

These employees were included in the negotiations and will benefit the same as other State employees, a CSEA spokesman pointed out.

In addition, those employees of the Division of Military and Naval Affairs who were specifically excluded from the contract, are expected to be given the same benefits, it was noted.

CSEA Other Aides

In other departments, legislation correcting inequities were also passed and signed into law by the governor.

Employees from the former New York City Sales Tax Bureau who had been absorbed into State Service when the State took over collection of sales taxes in New York City were brought up to salary levels which they would have enjoyed had they remained City employees. To accomplish this, legislation, supported by CSEA, was required.

Teachers who retire will now.

(Continued on Page 14)

Leader Moves

Offices of the Civil Service Leader have moved to new quarters at 11 Warren St., Manhattan. The telephone number will remain the same—313-999-616.

The Leader book store is now located on the second floor reception area along with the expanded editorial, advertising and business offices.

CIVIL SERVICE LEADER, Tuesday, May 29, 196...
Independent Hearing Officers Legislation Before Governor

(Several To The Leader)

ALBANY—A bill sponsored by the Civil Service Employees Association, to provide independent hearing officers on disciplinary hearings, has been introduced in both houses of the State Legislature and has gone to Governor Rockefeller's office for signature.

Council 50's Woes On L.I.

(Continued From Page 1)

The new amendment states: The hearing upon such charges shall be held by a person or persons designated in writing by the employee or by Corporation Civil Service Commission having jurisdiction, who shall hear and decide, and decision shall be binding upon the officer or body having the power to remove the person charged against whom such charges are preferred.

The new bill was introduced in the Senate by Senator Theodore Day and supported vigorously by CSEA.

The committee chairman, Plaumenbaum, said: "The union's main objection to the present system is that the same body or officer presiding over the hearing against whom such charges are preferred."

Quander asked the presidents if they were "concerned what is going on in the council; who is piloting the course of this council? thirty-seven or fifty??" The union activist and Blue Shield coverage are:

INCOMING SLATE — Annual elections were held recently for officers of the Ulster State Hospital chapter, Civil Service Employees Asso., at the Twin Ponds Country Club. The results? New officers are: left to right, Ed Barzan, second vice-president; Arlene Skinner, treasurer; Art Tennis, 1st vice president, and John DeWitt, recording secretary; and John DeWitt, first vice-president.

Security Officer Reclassification Appeal Supported By S.U.N.Y.

After Discussion With CSEA

(Several To The Leader)

ALBANY—the vice-chancellor of personnel of the State University has promised to back an appeal by the Civil Service Employees Asso. to the State Civil Service Commission which recognizes the unique responsibilities of campus security personnel with a title, salary and classification pattern differing from the institutional safety officer series, now which includes the campus security forces.

The promise came in a recent meeting between vice chancellor, David S. Price and CSEA's Special State University Committee headed by Edward Duked. Also present were Joseph D. Loebner, CSEA executive director; John M. Carey, CSEA associate program specialist; and Paul T. Burich, CSEA staff advisor to the State University Committee.

Topics covered in the talks included lines of authority on campus, which have been described by some institutional safety officers as blurred and confused, thus inhibiting the performance of duty. Price agreed to advise all State University presidents to define the lines of authority and the responsibilities of the security forces at the campuses.

Out-of-title work, such as message-carrying and electrical repair, was another bone of contention for the safety officers. University officials agreed to try to eliminate it.

The vice-chancellor also promised to seek an okay from the State Civil Service Department for $100 extra pay per month for security personnel who are designated "Special Policemen," and to consider a separate title and pay scale for those officers who are peace officers.

"The serious problem of whether or not to arm campus security personnel was also discussed," said Burch. "We were told that if a university policy not to arm such personnel, but CSEA suggested that those men be armed when investigating certain types of crimes, when escorting large sums of money, and in other special instances. We were told that at present only campus president have the right to arm their security forces—at their own discretion.

"Although this meeting produced no instant solutions to the various problems campus security personnel face, it did produce significant progress towards a better understanding between the two parties," said Burch.
The Statewide Plan:

it's like having a fortune in your own bank vault.

That's a fact. Belonging to the Statewide Plan is like having a fortune in your own bank vault.

Since no one knows how sick he might be, no one knows what a serious illness can really cost. Recently, Blue Cross covered a New York State employee's hospital bill of over $19,000. The patient didn't have to pay a penny.

And the Statewide Plan didn't have an option...it paid substantial amounts for doctors and other medical bills under Blue Shield and Major Medical.

With the Statewide Plan you have it all—a "no nonsense" three-part program especially designed for you and your family.

There's one hitch though. It's strictly to pay your hospital and medical bills. But on second thought, can you think of any time you'd need money more?

We can't.
City Combs Stenoland To Fill Absence Of Vacant Posts

Adventures in Stenoland can turn from daydream to reality quite simply: all you need to do is apply to the City Department of Personnel and take one of their Monday-through-Friday open recruitment exams. And previous experience is not required.

Instead of griping about the proverbial rabbit hole, perk up your ears and hop on over to the department’s cubby-hole at 220 Church St., open for testing weeks.

The alternate route to the Department of Social Services steno positions (so hard-to-hunt-wanted) leads you to the County of New York, arrow 305 Broadway, corner of Doanes Park, and tell the elevator man you want to floor four.

For those foolish stenoholic cats running enrolled in the stenotics program, your particular test will take place at the school of your studying, and while relatively easy, it won’t quite be a tea party.

Enrollment Tainted

The practical examination consists of taking dictation at the rate of 80 words per minute for five minutes. A score of 75 percent is required to pass. In addition there is a stenographic typing test, administered at 35 words per minute for five minutes. A score of 60 percent is required to pass. Any test errors required for a passing grade.

There are promotional prospects to the title of senior stenographer, and benefits of New York City employee include assurance of pay increases, membership in social security system, the pension plan, and the blood credit program.

Suggestion Winner

ALBANY—Mrs. Bertha Keller, an employee of the State Insurance Fund Claims Department, has received her tenth Stenicle merit award, the valuable suggestions on improving State service.

Her latest suggestion was an improved file work system. About a month ago, she received her eighth and ninth awards.

Retired

ALBANY—Charles B. Ford has retired after a senior chemical engineer with the Division of Industrial Hygiene, State Labor Department. He began State service in 1937.

CIVIL SERVICE LEADER

130 White Street
New York, New York
Approval Required

A bill currently before Governor Nelson Rockefeller for approval would grant a 20-year retirement to members of the State Park Police.

This bill, supported by the State Civil Service Employees Assoc., would give members of the department the same retirement benefits as those enjoyed by members of the Division of State Police and members of other large Police Departments throughout the State.

While not always in the public eye as are the troopers and municipal policemen, State Park Policemen are peace officers with Statewide jurisdiction, just as the State Police are the troopers, perform the same vital protective services, face the same hazards and consequently, deserve the same pension rights.

The bill before the Governor would correct this injustice and we urge his favorable consideration.

Also before the Governor is legislation which would extend to employees of the State Thruway Authority the same pension benefits won for other State employees by the Civil Service Employees Assoc., and signed into law by the Governor earlier.

Now, it is up to the Governor and we feel, in justice, he cannot refuse to grant his approval.

Calling Dr. Ronan

We ardently maintain that those who are charged with the tasks and responsibilities of public employment are also entitled, by all reasonable standards of fairness, to the protection and benefits that are part and parcel of being in civil service.

One glaring inconsistency with this principle involves the work force of the Manhattan and Bronx Surface Transit Operating Authority, whose employees were originally working for the New York City Railways and Lines and Surface Transit, Inc., when these lines were seized by the City of New York and absorbed into the Transit Authority as a subsidiary.

The employees of the new agency, MABSTOA, found out that as a result, they were bound by the rules of public employment, but deprived of its fruits and its benefits.

Now that MABSTOA has assumed an equivalent status to the Transit Authority under the Metropolitan Transit Authority, Dr. William Ronan's superverz for all mass transportation personnel, the time is ripe for rectification.

We call upon Dr. Ronan to take whatever action is necessary to cover these employees into the civil service family.

In Letter to Governor

Stein Asks Approval Of Bill Improving Teachers' Pensions

Assemblyman Andrew Stein (D-Manhattan) has asked Governor Rockefeller to approve a bill approved by the Legislature that would award teachers' retirement allowances from the Consumers Price Index at the year of retirement to the Consumers Price Index of 1968. The text of Assemblyman Stein's letter to Governor Rockefeller follows: Dear Governor Rockefeller: RE: AE129 I respectfully urge you to approve the bill referred to above, which adjusts the retirement allowance of retired New York City teachers to the 1968 Consumer Price Index and 6% of the teacher's retirement year.

As you know, cost-of-living increases have seriously eroded labor union negotiated wage increases and have been disastrous (Continued on Page 10)
The answer is YES!

Your relatives or friends over 65 can join H.I.P.-Medicare, even if they were never in H.I.P. before.

Under this nationally-praised program, H.I.P. benefits round out Medicare Part B benefits. This means that elderly New Yorkers can enjoy a greater degree of protection than can be found anywhere else in the country.

The premium per individual comes to less than the $50 annual deductible they now have to pay under Medicare Part B!

Here's what H.I.P.-Medicare does for people enrolled in Part B. For them there is:

- No $50 deductible for medical care in or out of the hospital
- No 20 per cent sharing of doctor bills
- No need to submit Medicare claim forms, except for emergencies and certain in-hospital services.

Only a brief health statement, subject to approval, is required for acceptance into H.I.P.'s large family of Medicare members.

We will send information without obligation to interested friends or relatives. List their names and addresses and mail the coupon below to H.I.P.-Medicare, 625 Madison Avenue, New York, New York 10022.

Special discounts for CSEA employees

Exclusive arrangements have been made with Consumer Buying Service to enable all CSEA members to purchase major items at prices that cannot be matched. The program provides you, as an individual, with the mass-purchasing power of a group. Items available:

- Furniture: Complete lines of bedroom, living room and office furniture at prices that cannot be matched.
- Appliances: All major brand name refrigerators and ranges, washers, dryers, dishwashers, air conditioners, tape recorders, and other unlisted prices.

New Cars

Special purchase plan includes virtually every make or model car at $100-$125 above factory invoice. Franchise and non-franchise dealers.

Corporating/Tile

National brand name copper matériel at specially negotiated prices available for tax exempt and approved dealers.

Travel Program

Special charter and group trips have been arranged at many vacation spots in the United States, and the following countries: Spain; Italy; France; Greece; Denmark; South Africa; Australia; Japan; Hawaii; Austria; and South America. Details on request.

Mexico* 15 days/fr. $299

Includes Mexico City, Tuxpeño and Acapulco at the Hilton Hotel.

Jamaica* 8 days/fr. $199

At the Playboy Club Hotel. Includes air, meals, drinks, entertainment, and much more.

Hawaii* 14 days/fr. $499

The exciting vacation of a lifetime in the Las Vegas at the Sands—7 days in Honolulu; 7 days in San Francisco.

How you are protected:

Dealers cooperating in this program must first meet our high standards before they can participate. And they are subjected to an in-depth investigation to be certain you will receive full protection and assurance from Consumer Buying Service. These prices are guaranteed to be as low as prices made by any other company, except those which may be added to the operations of the Association in the future such as systems analysts.

The Association is an NFP membership corporation.
Stein Asks Governor To Sign Pension Bill

(Continued from Page 6)

so retired teachers living on fixed incomes. Indeed, living costs have so sharply increased in the first quarter of 1969, so as to make even this adjustment virtually obsolete.

It is a sad commentary on the character of our civilization that so many retired teachers, who are dependent for a lifetime of service to the education of our children, should be obliged to resort to welfare assistance to supplement their meager retirement allowances.

Sincerely and justice mandate approval of this bill. I urge you to so do.

Sincerely yours,
Andrew Stein, Assembyman, 62 A.D.

The Board of Education has approved proposals to the City-wide Board of Education. The proposals do not represent the total of funds and projects approved by the Board of Education. The breakdown of funds and projects approved are as follows:

- $74,899 for a college-bound program for 150 students at PS 19, 31, 61, 64, and 122.
- $271,680 to provide educational opportunities for Neighborhood Youth Corps enrollees.
- $43,000 to bus poverty area children to City parks for science study.
- $34,000 to train teachers mentally retarded and brain damaged children through workshops, demonstrations, lectures, and practical experience.

In addition, the Board of Education is working towards the opening of new schools, including a new elementary school on Manhattan's Lower East Side and a new junior high school on a local school board district.

In District 10, the Board of Education has approved the appointment of Mr. James A. Peck as the new President of the City-wide Board of Education. Mr. Peck will assume his position on June 24, 1970.

A unique community for retirees and elderly people. Beverly Hills, Fla., built by long-time builder and real-estate magnate Sam J. Kellner, of Hicksville, N.Y., is now in the process of settling its second thousand families. Located in the highest, driest and most finely landscaped lots in a community west of New York City, Beverly Hills offers low-cost, high-quality homes on full-landscape plots, one for $1 million in cash. To accommodate retirees and equipped with all the modern conveniences that provide, in the words of its founder and builder, "a new way of life." A Detroit model of a Beverly Hills home is now open at 23050 Five Mile Road, Livonia, Mich. (between Middlebelt and Delhi.) Kellner, a self-made millionaire who has had phenomenal success in real-estate and construction enterprises, got interested in the Beverly Hills project on a vacation to Florida some years ago. "I decided," he says, "that I wanted to provide older people a chance to get a real return for their money and that I had the knowhow to do it. I don't believe you can sell a retirement home somewhere, and let them abandon him after the deed is signed. I knew there was going to be a community — and a whole new way of life to go along with it if he's to be happy. Kellner spent weeks criss-crossing Florida by car; he never missed the chance to talk to a potential buyer. He bought 5,000 acres of it, enough for 17,000 homes, for about $6 million. Beverly Hills shall be a home for a lifetime for those who want to retire in this sunny healthful resort city. "I suggest they buy a round-trip ticket to come and see it," he adds. "It's a must to see for those who want to retire in Florida." (Continued on Page 15)

A Detroit model of a Beverly Hills home is now open at 23050 Five Mile Road, Livonia, Mich. (between Middlebelt and Delhi.) Kellner, a self-made millionaire who has had phenomenal success in real-estate and construction enterprises, got interested in the Beverly Hills project on a vacation to Florida some years ago. "I decided," he says, "that I wanted to provide older people a chance to get a real return for their money and that I had the knowhow to do it. I don't believe you can sell a retirement home somewhere, and let them abandon him after the deed is signed. I knew there was going to be a community — and a whole new way of life to go along with it if he's to be happy. Kellner spent weeks criss-crossing Florida by car; he never missed the chance to talk to a potential buyer. He bought 5,000 acres of it, enough for 17,000 homes, for about $6 million. Beverly Hills shall be a home for a lifetime for those who want to retire in this sunny healthful resort city. "I suggest they buy a round-trip ticket to come and see it," he adds. "It's a must to see for those who want to retire in Florida." (Continued on Page 15)

**Florida Community for Retirees**

A unique community for retirees and elderly people. Beverly Hills, Fla., built by long-time builder and real-estate magnate Sam J. Kellner, of Hicksville, N.Y., is now in the process of settling its second thousand families. Located in the highest, driest and most finely landscaped area of Florida, near Le-

**Beverly Hills volunteers and equipped with acres of it, enough for 17,000 homes, for $1 million in cash. To accommodate retirees and equipped with all the modern conveniences that provide, in the words of its founder and builder, "a new way of life." TEACHER ELIGIBLE LISTS

(Continued from Page 13)

By chance, if you're hoping to be a real—field representative for the Civil Service Employees Assn. with the annual salary of $10,220 to $12,225 (gotten there via five yearly salary increments)—then you are in luck. Two up-and-coming field reps. are working variables at the moment.

One appointment will situate the new employee in the region known as the Greater Binghamton, Chenango County area. The representation to people living there in the industrial centers of Binghamton, Johnson City, and Endwell.

A second opening occurs in the Lower Hudson Valley. This district will consist of the counties of Westchester, Dutchess, Rockland, Sullivan and Orange. For either job, the successful candidate must be a resident of the area to be served.

The positions per se will involve efforts to develop membership promotion activities and service to the membership in the immediate area. The successful candidate will proceed the appointment made permanently.

Some of the duties are visiting chapter and regional conferences; addressing meetings of the Association; programs and services which may arise from employment problems before the Association.

Promotions Announced

Community College

The College of Nanaimo, Community College of British Columbia, has announced the promotion of two members of the professional staff. Two full professors are Dr. Al

Putnam Valley Aides Win Wage And Fringe Benefit Improvements

(Special To The Leader)

PUTNAM VALLEY — A 25-cents-an-hour increase to all employees, retirement and health insurance improvements and a 40-hour work week and seniority are among the features of the final contract negotiated recently by the Town of Putnam Valley by the Civil Service Employees Assn. The amendment and increase was signed by the mayor and president of the Town of Putnam Valley CSEA, committee chairman. A meeting of Town Board negotiators, noting that the latter team "took a very realistic and fair-minded aproach" to the negotiations. CSEA collective bargaining specialist Emile Vicari assisted in the negotiations.
