Candidates and Eligibles for N.Y.C. Jobs—Here Are Basic Facts

The New York City Civil Service Commission has compiled a series of questions and answers concerning its procedures. The information is of the utmost value to all who plan to apply for city jobs, to candidates, and to eligibles.

Information for Persons Considering Civil Service Examinations

What Is Civil Service?

The New York City Civil Service is a merit system that ensures equal opportunities to candidates, and to eligibles. The information follows:

1. The three consecutive years immediately prior to appointment.
2. All candidates must pay an examination fee at the time of filing applications.

Are There Any Limitations as to Sex Or as to Members of the Same Family Taking Examinations?

All examinations are open to men and women on the same basis except where the nature of the work is such that it is obviously unsuited to one or the other sex. Women are appointed to the same extent as men in their respective departments.

May a Person Who Has a Police Record File for a Civil Service Examination?

Yes, but persons with police records are examined only for positions in the Police Department and as a result of the examination, they will be disqualified for any appointment.

Are Veterans Given Any Preference in Civil Service Examinations?

War veterans who are receiving disability compensation from the United States for service-connected disabilities may be appointed to the extent allowed by law.

Does the Civil Service Commission Furnish Study Material?

Study material is not furnished by the Civil Service Commission. It is the candidate's responsibility to study and prepare for the examination.

The Filling Out and Filing of Applications

What Procedure Is Followed in Obtaining an Application for a Civil Service Examination?

The Civil Service Commission does not furnish application blanks for the use of candidates. Application blanks are furnished by the agency for which the examination is held. These application blanks vary in character and requirements, however, the probability of rejection is greater when these blanks are not properly filled out.

Where May Applications Be Obtained?

Applications are obtained either by mail or in person. Applications must be filed in the office where the examination is being held. (See address on application blank.)

Are There Certain Requirements Regarding Age?

No. However, it is desirable that the candidate should file his application not later than the age of 40 years, although an older person may be appointed if he meets the other requirements.

The Family

THE family is the backbone of the nation. The budget is the backbone of the family. A fur coat is the backbone of every girl's wardrobe. We realize that a fur coat is the backbone of the family. We are highly commended for our service to the family.

Our furriers are the backbone of the family. We are highly commended for our service to the family. We are highly commended for our service to the family.

Our furs are gathered from the four corners of the world. From hundreds of hamlets and trading posts. From Tibet and Saba, from Bessarabia and Brazil. From Somaliland and Saratov. From Canada and the Congo. From Alaska and Astrahan. These are only some of the sources of our furs.

Our beautiful furs represent the efforts of world-famous designers. Hollywood's famous fashion creators are included. So are New York's. Our own designing staff does a brilliant job. And I personally design many of our fur coats.

Even after your family has passed on your fur coat, we retain our interest in it. We service it all the years that you wear it. To do so, our furriers employ more skilled union master fur craftsmen than any other furrier in America.

But regardless of the glory of our furs, the beauty of our furs, the excellence of our service...you never pay a price above the market price. We never charge our customers extra.

The backbone of the family... displaying her new J. Fox fur coat before the family!
Eileen Riordan Is 'Miss Civil Service'

Twenty-two-year-old titanic beauty Miss Eileen Riordan has been crowned Miss Civil Service. Miss Eileen, dimples, freckles and all, was declared the most beautiful girl in Civil Service when the judges of The Civil Service Beauty Contest made their final decisions on the steps of City Hall last Friday.

Jamie Sue Helms, 20, a tall beauty, was the second choice of the judges.

They were selected among 66 nominees, representing city, state and federal services throughout New York State. They were interviewed on Monday by judges in New York University, Bronx. (Taken by Jerome avenu train on the east side 1RT and get off at E. 44 st.)

The event will appeal to movie fans at the Embassy Newsreel Theatres, beginning this Thursday evening, and lasting one week. The contest was sponsored by The LEADER.

Fireman Tests Begin August 11

Physical Tests Will Be Finished By End of Month

The first of the 5,000 fireman candidates who will pass the written test and therefore be eligible, will be given the physical examination at the New York University Athletic Field, beginning August 11.

The physical tests will continue through August 30. According to the Municipal Civil Service Commission, four sessions of three hours each will be held daily so that the examinations may be completed on schedule.

Candidates are advised that it is not necessary to make inquiries under the form of bits of cloth and that the contest was sponsored by The LEADER.

The tentative key answers for candidates are as follows:

Under 16 seconds .................. 100% The Commission also has amended the method for scoring the physical examination in the agility test. The new set-up for the agility test is as follows:
Under 17 seconds .................. 90% See the Civil Service beauty contest on the steps of City Hall, New York, last Friday. The upper photo shows the judges in the tough process of examining the contestants. The judges (left to right) are: Walter Thornton, noted beauty expert; who worked for Victor Mature, now in Hollywood; Newbold Morris, president of the City Council; J. J. Fox, Fifth Avenue furrier; and Seward Breslin, editor of The LEADER. The lower photo shows the winners, Eileen Riordan of the Welfare Department, first prize winner; and Jamie Sue Helms, War Department, second prize winner. The event will appeal to movie fans at the Embassy Newsreel Theatres, beginning this Thursday evening, and lasting one week. The contest was sponsored by The LEADER.

Future NYC Exams
Gardener, Barber Among Them
A number of examinations have been ordered by the New York City Civil Service Commission. The examination in tests which will be held in the near future. While they have been ordered by the Commission, they are not yet open for application. In forthcoming issues, The LEADER will list the requirements, duties, salaries, number of vacancies and pertinent information.

Meanwhile, here's the list:

**Testing Competitive Tests**
Air Traffic Controller, Radio Electrician, Inspector of Elevators, Signalmen, Firemen. Assistant Firemen, grade 1 and grade 2, have already sailed for overseas station in the British Empire. Their training will be conducted by the British and Canadian Governments. The training of New York City Firemen will be conducted under the instruction of New York Fire Department and Civil Service Commission.

**STENOGRAPHER**
Director of Air Traffic Control Director of Civil Service Commission, Chief Dental Inspector, Director of Civil Service Commission, Chief Inspector of Elevators, Grade 2, Junior Actuary, Chief Engineer, (Civil), Grade 2.

Junior Physical Therapist, Mechanical Draftsman (Electrical), Grade 3.

**CIVIL SERVICE LEADER**

**Pagfe Four**

ments, duties, salaries, number of near future. While they have enforcement. In forthcoming issues, The New York City Civil Service Department of Parks, Fire Fighting, Department of Education. The training of New York City Firemen will be conducted under the instruction of New York Fire Department and Civil Service Commission.

**Business Machine Operators Wanted by New York City**

The Municipal Civil Service Commission has ordered new examinations for five different types of operators of automatic machinery, operators. They are: I.R.M., Accountant, I.R.M., Numerical Key Punch machine, Remington Rand Powers Key Punch machine, Burroughs bookkeeping machines and National Cash Register Machines.

The first four were included in a general examination for Office Equipment Operator, held in 1933. The举行 examinations for types of automatic machines tested failed to produce a sufficient number of operators needed to fill vacancies and it was decided to hold separate competitive tests for each class of operators.

No previous qualifying tests were set for operators of the National Cash Register Machines.

**CARDS PUNCH OPERATOR**

CARL ROSS, B.S., LL.B., JAMES P. CASEY, A.B., M.A., L.I.P.

**CARD PUNCH OPERATOR**

This course will prepare you for Civil Service and private industry.

**ACCOUNTING MACHINES INSTITUTE**

**COLUMBIA INSTITUTE**

BRING U.S. AGENTS TO N.Y.

Real Estate Board Urges

The Real Estate Board of New York, coincident with The LEADER campaign to move federal agencies to New York City, has urged the removal of the Securities and Exchange Commission (SEC) from Washington.

Timely News of Federal Exam

The Board, according to B. H. Belknap, vice-president of the Real Estate Board, said that there must be an immediate removal of the SEC from Washington to New York City which would ease congestion conditions in the District of Columbia and adjacent areas.

The SEC is the very heart of the nation's regulatory apparatus. It is a vital agency, Belknap says, because New York is considered by many as the best location for the federal agencies. A vacancy survey has been conducted in New York City, according to Belknap, showing that there are 100,000 engineers and scientists who hold appointments in this field.

It's probable that the test will be unsalved—that is, no written test may be given—and applicants will attend an oral examination.

If you're a public or newspaper man, watch The LEADER for further detailed information.

EXAM COMING FOR PUBLIC MEN

WASHINGTON—The United States Civil Service Commission, The LEADER has learned, soon will announce a test for government public employees.

The only test that will be given will be an oral test. It's probable that the test will be unsalved—that is, no written test may be given and applicants will attend an oral examination.

If you're a public or newspaper man, watch The LEADER for further detailed information.

Fire

Facts

Two girls and their father, a part-time fireman, were rescued via an elevated ladder by Captain Frederick Drennan of H. & L. 18, at that one-story home at 87-12 New England Drive, Elmhurst, Queens, won top place on the Pro-Marine Division of the Sixteenth Annual Convention of the Marine Fireman Benevolent Association of Brooklyn, held at the Marine Fireman Benevolent Association Hall, 199 East 169th Street.

POLICE CALLS

By MIKE SULLIVAN

Police Conference

The annual convention of the Police Conference is being held this week. The convention opens today, August 5, and runs through August 9. Police Commissioner Francis Pat Harrington, president of the PCHA, headed a group of delegates from the city's State legislators scheduled as guests of honor includes Governor Horace Hart, Lehman, Lieutenant-Governor Charles E. Wright, Mayor John J. Bette, Jr., and members of the Democratic Majority of the Assembly.

Sternfield Tops

Bertom P. Sternfield, of 36-38 Uppingham Street, Rockaway, Queens, was top prize in the Prom-Marine Division of the New York Tunnel Authority, with a score of 94-20. When he was notified, 305 Linden Blvd., Brooklyn, was chosen to represent the city's Fire Department in the National Firemen's Association.

Tailor Bill

Grace Soumare, Marine Division of the Police Department seems more than happy to be preparing for a docking. Notice how many cops in shirt-sleeves pounce on many persons from the drink? Latisha Soumare, 23, of 84-36 13th Avenue, Thomas Sharrett, Jr., attached to the bachelor registration at the Tompkins House, was one of 84-36 13th Avenue, Long Island City, 8418. She stood at 81.87. Altogether there were 34 names on the list.

from such a "thief" all Tom got out of it is a bill from the service for gunning up his clothes.

Text Orders for Police Captain

The Municipal Civil Service Commission has ordered a promotion last Thursday. It is expected that applications will be submitted on those who are not yet on the exam. The examination will be held on a closed basis.

The present list for Police Cag from the Pool of Applicants, which means that several months will have passed since the establishment of the new list. One hundred and fifteen names have passed the last promotion test and, so far, twenty-three names have been made from the existing list.

Vice-Detectives

Henry Lenore Leirichard, mayor of the association, was announced when the application was made.

Sanitation Men Get Sick Leave

THE men in the Sanitation Department have finally received a sick-leave policy. It's something they've been fighting for over many years. It's not the best sick-leave policy in the city, and the order in which the policy is enunciated contained one or two inaccuracies. It's something which federal employees championed through Congress a bill providing for regular sick-leave privileges are disgusting for a job when be was stopped. "Tell it to the regular blue cap. 

On the other hand, this policy will soon suspend investigation of the order in which the policy is enunciated contained one or two inaccuracies. It's something which federal employees championed through Congress a bill providing for regular sick-leave privileges are disgusting for a job when be was stopped. "Tell it to the regular blue cap.

Cat and Mouse

T begins to have the sorry look of a cat playing with a mouse. The cat in this case is the Senate Post Office Committee. The mouse is the postal worker.

That's not a pleasant description, but it pretty well describes what's happening down in Washington. The postal people are putting up a mighty fight for parking space. True, some may be parking illegally but that doesn't mean that they are not as entitled to the use of public space as the clerks in the Bureau do not have to give up theirs.

The Senate Committee couldn't knock out the long-time policy of the Post Office Department. It's too incorporated to be knocked out. The new policy signed last week by Commissioner Carey is a proper step forward. It should be so considered by the department and the men—it should not be thought of as the ultimate goal in enlightened sick-leave practice.

letters

Test for Parking Attendant

Dear Mr. LEADER,

I am only 22 years old and have been working a violent ward with the department, lives in a bungalow down at Broad Channel in the summer. A son, Lawrence, Jr., is also a member of the staff. Lawrence, Jr., is a student at the University. He is employed in the insurance business.

16, know it's a fine line for being a fireman. It seems that an alarm cannot be rung without a group of two or more firemen being called on to take the examination. This is a very difficult test to pass. We hope to attain a living wage for the firemen in the next few years.

In Fireman Test

Mattison, V. Sweany. "That's right— and let's keep up the good work.

The LEADER and LEADER in which you oppose the promotional notes we possess a working knowledge of the procedure of the Board and the Vehicle and Traffic Law.

When you have expressed a desire to see Civil Service become a "career" service, the promotion of any establishment of promotional opportunities such as that expressed by your article severely militates against the full-fledged status there has been possession of a driver's license for five years, and inasmuch as the clerks in the Bureau do not apply for any further specifications.

According to the requirements, the fireman physical test will be given as follows: The test is a muscular effort (not throw-up or sponge) to raise the elephant's leg from the floor by lifting it above the head, each hand separately.

Sirs: Relative to your editorial on the "beauty" of the structure and its modern features.

40-pound bells with each hand separately. If a candidate can't lift the dumbbells a full arm's length above the head. Each hand separately.

Merit Men from the beginning. Much of his own character is being reflected in the manner and quality of the "beauty" of the department, and in the modern features.

Although Larry is only 45 years old, he gray and white hair makes his youthful face look older. He has always had a ready smile. His happy wit wins many friends. He is always glad to help out some unfortunate co­

He was born in New York City on February 17, 1903, and was first married when he was 22 years old. His gray and white wavy hair weighs about 140 pounds. Quick and clever, Larry is a regular blue cap. When they came down at Broad Channel in the summer.

W E watch next week's LEADER for a full page of letters from State Hospital Attendants expressing the conditions in New York State Institutions.

Longevity Bill Enacted

Latest on the longevity bill: The Senate Finance Committee has met, to provide disposal to the postal workers, but to provide disposal to the Senate bill. The committee has recommended that (a) a $160 increase affects, $66 increase after five additional years, and after five additional years, the bill is to be taken January 1, 1942, (b) that there be an amendment to include and (c) that it be given to those receiving the benefits of the bill.

Letter to the Editor

The following letter to the editor on “Longevity for Postal Employees” is the first of a series of letters on this subject, written by several officers of the National Convention of the American Federation of Labor. The letter is on the subject of the recent decision of the question of longevity for postal employees.

Getting the Sack

If a man is too old to work, the sack is next to go. This is true not only of the mail carriers and postmen who are being supplanted by the new forms of transportation, but also of the clerks and mail handlers who are being replaced by the new machines. This is a sad fact, but it is a fact that must be faced. The only way to make the situation less severe is to provide some kind of compensation for those who are forced to leave their jobs.

Conference and Rally

A Longevity Conference and Rally was held at the High School in Chicago, Illinois. The object of the rally is to call attention to the conditions of the American Federation of Labor and to the needs of the carriers and postal employees in the United States. The event was kept to keep this employment agency. Have you a

The Six-Day Fiction

In a recent issue, this column referred to the fact that RMS baseball team may not be able to draw well enough on the next day, and if you assume his

Steno Test Postponed

Heeding a request for postponement from employees who voiced such a request, the State Civil Service Commission has set aside for one month the filing deadline for Steno operators. The Commission has been swamped with letters from all over the State. Many of them give us leads that will prove very valuable when we start organizing our material in a way that, we hope, will be of service to all. Meanwhile we again ask our friends to let us know, what’s what. We’re of course pledged to keep all our promises about speed and efficiency. Our chief plan is “More Part.”

Progress of the List

Here’s the latest standing on the present Hospital Establishment list:

There’s no change for zone 4 jobs outside the five boroughs of New York City. Mail certification is 3,995, latest certification among the women, latest certification 3,995, latest certification 4,005. A total of 252 applicants, 319 women, a total of 252 applicants, 319 women, a total of 252 applicants, 319 women.

The New List

It will be out in a week or two, with the State Civil Service Commission.

Resort News

By Joseph Burshtin, Resort Editor

Thousands of vacationists are again turning New York's largest state-owned public playground—the Adirondack Mountains—this summer. You can see for yourself the mountain beauty that characterizes this section of the North Country. Any of the many vacation lands in the "State That Never Sleeps" can claim a fine climate, but few, if any, can claim a climate that is ever perfect for the vacationer.

Among some of the famous Adirondack resorts are Lake Placid, with its Olympic Area where the Winter Olympics will be held in July. Nearby is stately Whiteface Mountain, whose slopes toward the west are easily accessible by automobile on the famous Adirondack Memorial Highway. Saranac Lake, famous for its scenery, is also a popular convention and vacation spot, as is Ausable Chasm, with its deeply eroded gorge; offers a spectacular boat ride between high famed cliffs riding on either side. There are literally hundreds of resorts, campsites, trails and lakes and lakes and inlets, many of them 2,000 feet above sea level.

A few miles from the city, the Terrace-Lehigh County Game Preserve, near the hamlet of O’Connor, the site of the 1940s Lehigh County Cup, offers a new feature to the traditional golf and tennis vacation. This year the Preserve has been added to the list of the nation's best vacation spots.

The Spa at New Windsor, N. Y., is one of the best-known resorts in the area. The Spa has been in operation for over 100 years and is famous for its cold-water treatment. The Spa is located in the heart of the beautiful Catskill Mountains and offers a variety of amenities, including hot tubs, saunas, and massages.

The Hollywood Country Club, located on the shores of Lake Hollywood, offers a wide range of activities, including golf, tennis, and swimming. The Club is known for its stunning views and is a popular destination for celebrities and vacationers alike.

In the Glorious Adirondacks at New York Falls, N. Y., is a hidden gem—Lake George, N. Y.—a beautiful lake surrounded by mountains and forests. The lake is a popular destination for boating, fishing, and hiking, and offers a variety of accommodations, from luxury hotels to cozy cabins.

The Adirondack Mountains are a popular destination for outdoor enthusiasts, with hiking, biking, and skiing being some of the most popular activities. The area is also known for its stunning natural beauty, with waterfalls, caves, and forests offering a variety of scenic views.

Lake George, N. Y.

Lake George, N. Y., is one of the most popular vacation spots in the Adirondacks. The lake is a popular destination for boating, fishing, and hiking, and offers a variety of accommodations, from luxury hotels to cozy cabins. The lake is surrounded by mountains and forests, offering a variety of scenic views.

For more information on the Adirondack Mountains, visit the official website of the New York State Office of Tourism, or contact your local travel agent.
The Municipal Civil Service Commission.

In the normal case, the court ruled that a city-wide promotion list could not be used when an open competitive list already existed for that title. The Commission further ruled that "vetoing the entire system" and substituting its own rules would be unconstitutional.

The combination provides your full money's worth of entertainment and some education.

Only 1/2

His work has been done from the start until now. He has been made famous by his "sure bang-tails." He is known throughout the country and intends to seek a change in the Civil Service law to provide for his re-election.

The Commission deems the situation is cleared up.

**HOLC MOVES TO NEW YORK**

WASHINGTON—Home Owners Loan Corporation will start to move its 1,000 employees to New York City around September 1. It’s estimated that 40 per cent of the employees won’t leave Washington and they will be permitted to transfer to other jobs in the Nation’s Capital under an executive order that was made effective last week.

HOLC employees will be brought under the merit system through the Ramsepek Act, but under that act the 180,000 employees affected by it were "frozen" in their jobs for the period from July 1 to January 1, 1942. This meant that the 180,000 could not be transferred, promoted, or detailed to any Civil Service job or else they would have lost their eligibility for merit status.

---

**Carpenters O.K.**

For Furniture Jobs

The list for carpenter will be used as appropriate to fill vacancies in the jobs of furniture maintainer and furniture maintainer's helper, it was decided this week by the City Commission.

When the carpenter list is exhausted, the Commissioner ruled, they would use the list for maintenance helper's helper, class B, to make appointments in these two jobs.
