CSEA Lashes Out Against Union’s Radio, T.V. ‘Attacks & Lies’ (Special To The Leader)

ALBANY — The Civil Service Employees Assn. last week cautioned members at State headquarters against circulating false information against what it termed invalidatory radio and television broadcasts beamed in their direction by agents of the alleged union’s ‘loyalty program’.

CSEA did not identify the union by name, noting that this was unnecessary since any public employee who listened to the broadcasts should readily recognize the same old tired party line.

“Only the medium has changed,” a CSEA spokesman said. “What this irresponsible group used to circulate through printed material, they now attempt to voice in an insidious manner on the air.”

The union said the public should be concentrating its broadcast activities in the Canal Zone, where several well-known correction institutions are located.

Association Statement

The gist of the union’s message, according to the Employees Association, is twofold. They divide their time and energy equally between attacks on CSEA and an all-out effort to stifle reports emanating among correction officers against their employers for various alleged alleged actions.

“Their talk in loud, gauzy language,” the spokesman said, “like using the word ‘strike’ every few sentences. But when it comes to suggesting any more positive remedial, they lapse into evasive generalization.”

The Employees Association emphasized its own concern over the alleged correction institutions which persist among correction institution personnel, “No one is more familiar with the correction officers’ problem than CSEA,” the spokesman said.

“Major gains were achieved in the correction offices in the course of the last several months,” he said. “The major gains were achieved on a most adequate level and the cooperation of the correction officers in the course of the last several months.”

CSEA predicted an end to the union’s broadcast activities in the Canal Zone “as the result of the full force of the community’s concern over the correction offices, its own concern over the proper conduct of its members in the Canal Zone.”

Representation Election Set

CSEA Cites Proud Record Of Accomplishments For Troopers Over The Years

ALBANY — The Civil Service Employees Assn. has expressed confidence that members of the State Police will select CSEA as their bargaining agent in elections, called by the Public Employees Relations Board, to be conducted within the next several weeks.

It’s plain and simple,” said CSEA President Dr. Theodore C. Wenzl, “We have the most to offer out of the contracts.” The CSEA leader went on to note that troopers have received pay raises and retirement benefits through the years as the result of CSEA efforts.

“Before the Taylor Law, we negotiated a deduction basis and won increases in concrete benefits for the State workers,” he said. “These same benefits were also accorded to members of the State Police at our urging.”

Dr. Wenzl pointed out that the recent record-keeping ten percent across-the-board pay raises negotiated by CSEA were also given to State Police members — at CSEA’s request. Further commenting, the CSEA chief said: “It’s time to say that no other employee organization except CSEA has won any significant improvements for troopers.”

“Unfortunately,” said Dr. Wenzl, “the Governor chose not to approve the 20-year retirement benefit for State Police this year because of what he called deficiencies. We don’t agree with his reasoning, but in any event, we plan to again sponsor this legislation in the same effective date — April 1, 1969.

In his disapproving message, Rockwell said: “The Governor is seeking a ‘properly drawn’ 20-year plan for State Police next year. We intend to fight this,” Wenzl declared.

Unit Changes

As a result of appeals filed by CSEA and other interested parties, PERB recently changed its original designation of bargaining units by establishing two instead of the usual one. The main unit will now include troopers, corporals, sergeants, investigators, senior investigators, and investigative specialists of the BCI, while the other unit would consist of lieutenants, captains and majors.

PERB in its most recent determination excluded the officers from the main unit and gave them the choice of having no representation or of forming their own unit and selecting either CSEA or the Police Benevolent Association — State Police, the only contenders, as their bargaining representation.

CSEA’s ‘68 Legislative Program Makes Gains For Civil Service

(Continued on Page 16)

ALBANY — The Civil Service Employees Assn. has announced that its 1968 legislative program has resulted in passage of several laws of vital interest to public employees in the State.

CSEA’s sponsored and obtained in record breaking CSEA negotiations on behalf of most State employees. Those points won included 10 percent salary increases, with a $600 minimum. For those in lower grades, this raised amount to 14-18 percent. The other part of the package provides for a guaranteed retirement allowance of 1/6th final average salary for each year’s service, with half-pay after 30 years. This measure included provision for adoption by local government units.

CSEA sponsored or supported additional legislation to bring about the inclusion of employees of Health Research, Inc. in the New York State Retirement System, a final average salary based on three highest years for members of the Police and Firemen’s Retirement System including State Police, extension of supplemental pensions for retirees, continuation of the $2,000 survivor’s benefit for State employees, and the extension of provisions relating to ordinary death benefits, disability retirements, and veterans benefits.

As a result of other laws, strongly supported by CSEA, institutional teachers under the jurisdiction of the Narcotics Addiction Control Commission gained equality with other institutional teachers in the State, while sheriffs and their deputies were brought into a 25-year retirement plan.

Several measures, although passed by the Legislature, were vetoed by the Governor. The major defeat concerned a joint CSEA-PFA measure to provide a 20-year retirement plan for members of the State Police. CSEA has promised to introduce a similar bill in the next Legislative session.

The Governor also rejected measures aimed at providing waivers for local employees not wishing to participate in the Retirement System; providing bridge toll allowances for non-resident employees of Manhattan State Hospital, despite CSEA dispositions that most New York State employees involved in this hospital for added burden; providing full pay to members of the Regional State Park Police who are in the line of duty; providing for the employment of retirees in public service; providing retirement credit of up to five years for veterans of World War II and the Korean Conflict; and providing service credit upon transfer within retirement system.

PENSION BENEFITS — Effective this week the 1,400 Retirement Plan dating back to April 1, 1918, will become applicable to all Westchester County employees in the State Retirement System. Shown this week at the Westchester County Office Building in White Plains discussing details of the new plan are, left to right, Dr. Leonard Herman of Mount Vernon, executive officer to the county executive; Denon Pearsall Jr., of Mount Vernon, county personnel officer; Superintendent Francis X. O'Rourke of Eastchester, chairman of the Westchester Board of Supervisors; Westchester County Executive Edwin G. Michaelian, of White Plains; Michael DeVecchio of White Plains, president of the county-wide Westchester chapter of the Civil Service Employees Ass.; and Pat P. Mascioli of Yonkers, president of the Westchester County unit, CSSEA. Passage of the new plan, which was unanimously approved by the Board of Supervisors, has the strong recommendation and endorsement of Michaelian, Herman and Pearsall as well as CSSEA officials. Preliminary cost to the County will be approximately $270,000.

Your Public Relations IQ

By Leo J. Margolin

Serious Damage

SERIOUS DAMAGE was inflicted on the good public relations of the civil service corps by the disgraceful violence outside New York’s City Hall by 1,600 youngsters two weeks ago.

LOOTING, vandalism, missile-throwing and robbing a defenseless 50-year-old woman civil servant were the methods these young hooligans employed to prevent contests in the summer job program financed jointly by the City and the Federal government.

THE DAMAGE done to civil service stemmed principally from the leader of the protest demonstration—a City employee. He is Willie J. Smith, director of the City’s Neighborhood Youth Corps, who told newspapers: "VIOLENCE—maybe the only thing this city understands."

THIS DECLARATION was made by Smith after the violence, the principal victims of which were several blind newsstand operators and itinerant hot dog purveyors.

THE SIGHT of a City employee leading a demonstration against the City which determined into violence dealt a serious blow to civil service. Smith was asked by reporters: "DON’T you think you take too many chances—a City employee leading demonstrations against the City?"

TO WHICH he replied: "No, I just believe in what I am doing."

WE WERE afraid that Mr. Smith, whose reputation otherwise is a good one, would have strengthend the sympathy and cooperation of the civil service corps. The damage done to the Corps was—perhaps inevitably.

ANOTHER EXAMPLE of how the dials on the indicator board are being missed is the series of recent experiences of civil service firefighters in New York City. These badly overworked firemen have had to contend with waves of rocks, bricks and bottles while fighting fires in the City’s poorer neighborhoods.

FOR THESE beleaguered civil servants, neighborhoods like the South Bronx and Brownsville have become jungles. Fire Commissioner Robert C. Lowery recently warned that if these attacks on firefighters persisted, he would reduce the number of fire companies answering such alarms in these neighborhoods. Thus, the residents of these neighborhoods would only add to the danger they already face daily from badly deteriorated buildings.

TO BE ABSOLUTELY fair to those in the front line against poverty—Smith included—let us say that the dials on the indicator board in Washington, particularly in Congress, are also being missed.

WITH BOTH sides misreading the dials of a critical situation, there can be only one inevitable result—chaos. And the civil service corps, an unusual, will be caught in the middle.

Funeral Rites Held For Edward D. Meacham; Civil Service Official

(Special To The Leader)

ALBANY — Funeral services were held recently for Edward D. Meacham, director of personnel services for the State Department of Civil Service, and widely known in public employee circles.

Mr. Meacham, 56, died after a brief illness at St. Peter's Hospital here.

Prior to his illness, he participated as a department representative in negotiations between the State Civil Service Employees Assn. CSEA officials were in constant contact with Meacham down through the years concerning personnel matters involving State employees.

Mr. Meacham was a veteran of 31 years' State service, 19 of which were spent with the Department of Civil Service.

A former administrative assistant to the State Commerce Commissioner, he began his career with the Civil Service Department as a senior classification examiner.

Former Governor Aviell Harri- man appointed him chairman of the State Grievance Board in 1965. In 1967 Meacham received the Alfred B. Stith Award from the Council of the American Society for Public Administration, for his outstanding service in public administration.

He also was active in local civic and religious affairs.

A native of Greece, he graduated from Syracuse University and the Maxwell School of Citizenship and Public Affairs at that university.

Surviving are his wife Helen, a daughter and a brother. Funeral services were held at the Samuel Oppenheim in Albany and burial was in Sylvan Lawn Cemetery in Greenlawn.

Broome Chapter Asks For Closed Bargaining Sessions; Retroactive 1/60 Retirement Tops Demands

(From Leader Correspondent)

BINGHAMONT—The Broome chapter of the Civil Service Employees Assn. has opened its campaign for a 1969 contract with a demand for closed-door bargaining sessions.

There are signs the CSEA demand will be granted.

John E. Herrick, president of the chapter that represents most of Broome's 1,200 employees, said a proposed contract is being prepared by chapter officials for presentation to a county negotiating team later this month.

The only CSEA demand made public so far is that Broome County take advantage of State enabling legislation, making the 1/60th retirement plan retroactive to 1938.

That benefit already has been extended to State employees, Herrick pointed out.

It granted, it would mean that a Broome worker who joined the county in 1938 or before could retire now at half pay.

Last year, at the urging of CSEA, Broome approved the 1/60th plan for its workers. But it was not retroactive beyond 1950.

Herrick told Edwin L. Crow (Continued on Page 16)

Insured Surgical Fees Reported Up

If you are a City employee, only H.I.P. can stand between you and the extra charges that lurk behind headlines such as these.

Cash allowance and major medical insurance programs cannot give you the full protection that your family needs today.

Fewer and fewer physicians are accepting insurance fee schedules. More and more "insured" families are having to pay out-of-pocket for services for which doctors' charges exceed the scheduled allowances. Major medical subscribers find that the higher the medical bill, the greater their "share" of the cost.

Only H.I.P. members have the peace of mind of knowing that their insurance fully protects them for all the plan's basic services—be it a preventive health check-up or open-heart surgery.

And they also know that H.I.P. is the only plan in the New York area that has established its own professional standards for affiliated physicians.

Once upon a time in New York State there was a toll equipment repairman who made $7,846 to start, up to $8,550, and his companion the toll equipment repairman trainee. He made $6,175. In order to get these titles and a year devoted to each category, he had to start at the same level as the toll equipment repairman trainee at first because he did not have the required additional year of previous experience in the maintenance of highway toll equipment before he applied for the New York State job. He made it to toll equipment repairman after the one year minimum period as a trainee however, although he had two years to learn as a trainee if he had needed it.

They had three other friends who had experience as radio and television repairmen, telephone installer and telephone lineman, respectively, who did not get to be toll equipment repairmen or even to take the test because those jobs were not considered as proper experience for the repairing of toll equipment.

They got their applications and further information about the jobs when they decided to take the test by contacting the State Department of Civil Service Office Building, Albany, New York 12226; or Room 1100, 375 Broadway, New York, New York, 10007; or Suite 150, 2 West Genesee Street, Buffalo, New York 14202; or Room 818, State Office Building, 320 East Washington Street, Syracuse, New York 13202.

They were able to enter their social security numbers on their applications. For whom the bell tolls...

City Jobs Open For Case Aides

Filing is open now for oral examinations for the position of Case Aides with the New York City Welfare Department.

Case-aide positions currently pay $4,280 to start with a maximum salary of $5,320.

Applications can be made each weekday except Thursday from 9 a.m. to 5:30 p.m. The oral examination is expected to be held approximately every two weeks.

Employees in the title of case-aide are accorded promotional opportunities to the position of assistant examiner.

For applications and further information, contact the New York City Department of Personnel, 49 Thomas St., New York City, 19212.

Fed. Stenos Test-Exam

Many applicants interested in Federal stenographer and typist positions are applying without taking the written or performance tests.

The Interagency Board of U.S. Civil Service Examiners has announced that the clerical and verbal abilities test will be provided for all applicants who have graduated from a New York State high school within the past five years and have received a score of 80 or above on the New York State English Regents examination.

The stenographic and typing performance tests will be waived for those applicants who have received an 80 or above on a New York State Stenography-Typing Regents examination. Certificates of proficiency may also be substituted for the performance tests.

Special Transportation Dept. Committee Meets With Officials To Discuss Problems Of Aides

(Special To The Leader)

ALBANY—Members of the Special Department of Transportation (DOT) committee of the Civil Service Employees Assn. met here recently with Department officials to discuss conditions of employment, and existing problems.

Born precipitated by the CSEA group, headed by John W. Raymond, CSEA department representative, were the withholding of time credits from certain Champaign Division Canal employees, whose supervisors incorrectly informed them that those credits could be held indefinitely. The Department stated that they would correct this matter. The establishment of intra-departmental

It’s Back To School For Nassau Chapter CSEA Members

MINENOLA — It’s back to school time for members of the Nassau chapter, Civil Service Employees Assn.

A course in collective bargaining is being co-sponsored by the chapter and the Nassau Community College and successful students will be awarded three points towards an A.A. degree in the two-year college.

In making the announcement, Nassau chapter president Irving Plasmanbaum noted: “This chapter is very proud to institute this first collective bargaining course under the Taylor Act and the Public Employees Relations Board rules. If this course proves successful, Nassau chapter will continue its each year giving employees the know-how in collective bargaining.”

Submitted by the chapter, the course will consist of 25 students per class which operates September 14. Classes will continue for 15 weeks and will start at 7:30, continuing until 9:30 p.m.

Early Summer Closing
Of Watertown Offices
Causes Pクト Confusion

WATERTOWN — In what was probably one of the wilt- dard closing dates ever for its local offices during July and August.

The earlier closing date left the City Hall and McGowan'sincips de
decided to officially order it after discovering there was no official directive.

Then the maneuvering started, all of which finally ended by abol-ishing the plan and returning those directly involved gained least.

The City Hall offices, excepting police, were ordered closed at 4 p.m. by ordinance. Police and firemen were given compensatory time, or the money, at the rate of an hour a day, or ½ a week.

The time of our concerns.

In amending the new Taylor law contracts with the Jefferson chap-

ter, CSEA, the Police Benevolent Society and the Fire Fighters' Loc-
al, the council acted arbitrarily.

Joseph McCullough

Joseph McCullough, long-
time Civil Service Employees Asn., representative of the New York City CSEA chapter's Education unit, was honored by friends and fellow workers at dinner marking his retirement ending 46 years of service as a New York State employee.

The dinner honoring McCul-

lough, who had recently been pre-

sented with the 35-year service

award of the State Education De-

partment, was held at the President

Restaurant and was attended by some 70 persons.

Among those paying tribute to McCullough was Solomon Benedict, former president of the chapter who praised the retiree for his untiring support to the cause of high civil service standards and improved status for civil service employees.

McCullough's civil service career began in 1922, when he started work as an investigator for the State Insurance Fund. Eleven years later he transferred to the profession- nal conduct division of the State Education Department, where he has been a senior in-

Investigator for the past 13 years.

Education Chap. Sets Aug. 16 Clambake

Educational chapter of the Civil Service Employees Asn., will hold its annual chapter outing and its annual clambake at West End Lake on August 16.

Athletic games and events and
dish for the non-athletes will be featured at the park starting at 1:30 p.m. The clambake will be served at 6 p.m., followed by dance and dance contests. Robert B. Carruthers, chapter president, will be toastmaster at dinner.

Tickets are $4 for members of the chapter and $7 for non-mem-

bers. The CSEA employees are

concerned about losing seniority, pension benefits and other rights. They have expressed their mis-

trust to surrender manage-

ment of Infermity facilities to a private firm.

The CSEA employees assured they would receive jobs at least equal to those in the county at or above Brookome Community Health Center, and that they would not choose to work for the private oper-

ators.

CSEA members reported a

meeting with the Board of Education and a visit to Governor's Park.

It was contained in a "state-

ment of policy" for bargaining purposes.

The statement said:

"In order to conduct collective

bargaining, it is necessary to de-

on outside influence or pressure and

to insure frank and unan-

ounced discussions between the two parties. This meeting would be restricted to persons who are directly connected with

bargaining negotiations to be conducted.

In fact, all negotiations (as we requested), that all proceedings be conducted under

stricter confidence until such a time as the two negotiating

teams may feel it desirable to have public certain matters of

any negotiations are con-

cluded.

It also asked that the chas-

motors remind the parties involved of the confidence at the out-

numbers of the negotiations.

Should Brookome honor the re-

quest, as Crawford suggested, it be kept to a wild card by the

jury, open to the press.
