WASHINGTON. — The Civil Service Commission already is facing the problem of what to do about the soldier who comes back from the front to reclaim his former Government job. Specifically, it is facing the question: What to do about ex-Federal employees who have been released from the Army under the recent General Order 25, which provides for the return to civilian life of men over thirty.

According to regulations issued in 1941, three men are entitled to return if:

1. The precise job they formerly held, or
2. A job of "like seniority, salary, and pay.

In a Departmental letter circular issued that week, the Commission sought to put these rules into effect as they apply to men over 30.

The Civil Service has ruled that such a man, before release, or (b) by the former employee, or (c) in a position to which he ordinarily could be transferred, must be notified of the proposed changes in his present position. Such notification must be obtained from the Commission.

Word to Employees

Present Pay Setup Will Probably Be Extended

WASHINGTON. — Best inside word on Capitol Hill is that the Government pay adjustment act, which expires April 30, probably will be extended in very much its present form. In other words, Federal employees should be advised against hoping for any major change in the present act. Three such changes have been proposed:

Proposed Changes

1. One would grant overtime pay at a full time-and-one-half rate, instead of the present time-and-a-quarter-in other words, 20 per cent more pay for the 48-hour work week act now in force of the present 25.6 per cent.
2. It would grant a 15 per cent bonus based on the present overtime ceiling; this would be about $6,000 a year. As a substitute, it would permit the Government to pay time-and-quarter for overtime pay on the first $5,000 a year.
3. It extends overtime pay on the first $5,000 a year for more and more men.

WASHINGTON. — The War Department is considering proposals that it put its civilian employees in uniform—but officials now indicate that action is unlikely in the near future. Instead, they say they are "keeping an ear to the ground," and watching the situation closely to learn if any considerable sentiment for uniforms develops.

In the New York City area,enti­
uments are developing strongly among women in War Department jobs.

Accordingly, Civil Service Commissioner Arthur Kushnick, director of civilian personnel for the Civil Service, announced last week, that while the Commission would make "no official statement, with the full realization that such a man, before release, or (b) by the former employee, or (c) in a position to which he ordinarily could be transferred, must be notified of the proposed changes in his present position. Such notification must be obtained from the Commission.

Bonds

The old fixed plan

F. H. A. AMORTIZED PLAN

1. You borrow $50.00.
2. You pay $3.65 extra each month, which earns interest and reduces principal.
3. In 20 years you pay $6,000.00 in interest at 5.75 per cent.
4. In 20 years you owe nothing.

3-B Status for Family Men

WASHINGTON.—The case of 3-B status for family men is not now up to the Post Office Department.

On Mr. Roosevelt’s desk is a proposed executive order which would extend the 3-B status to the veterans up to the end of 1942.

The order is to be submitted to Congress for its official sanction, which is expected momentarily.

If approved, it is reported, these veterans would be entitled to the 3-B status.

Vet Employees Delighted With Celebration

Brooklyn, N. Y. — A Memorial Administration week last week marked the beginning of the 25th anniversary celebration of the 3-B status for the veteran employees.

Men of the Civil Service Commission were expected to bring out a favorable report.

Ramspack Begins His Investigation

WASHINGTON. — Rep. Robert Ramspack’s committee to investigate Federal personnel practices will begin public hearings here this week. The panel will be aided by Civil Service Commissioner Arthur S. Blochman.

Secrecy about Government mailing practices, however, will be subject to the committee’s scrutiny.

The panel will be aided by the Post Office Department, which has been asked for a report on the service.

Long Postal Day

WASHINGTON. — The Post Office Department is being called upon to investigate the possibility of working ten-hour days in the Post Office's Central Office.

The ruling which will probably be announced early this week, however, will be for how long is uncertain.

The longer work day is being advocated as a means of saving money and keeping the work level up.

Work in Washington

And Eat Oatmeal

WASHINGTON.—Big problem for war workers is this: How can you find a cheap meal near your work that will provide for so much of your daily food intake? In Washington, the question was answered the other day by Charles W. Beckman, director of personnel for the Department of Labor.

Congressional dining rooms have been used by Federal personnel for some time.

In other words, in effect, you have to pay for the time as well as the food.

Early Posts Seen for Gals
On Phone List

Federal Employees—For Informal answers to your problems come in to the Personnel Office in Room 120, Federal Building, New York, N.Y. 10007. Also, you may contact Miss Mathilda Miller, Personnel Secretary, if you have any problems that need to be brought to the attention of management.

On the day you leave for the Army, Court Guard, Navy or Air Force or for the gals, WAACs, AAA at home, or for the mail, please call the Personnel Office so they can figure back to you the last vacation and pay due, even if you are on leave (if you haven’t finished your leave by then), for each day you are entitled to.

You can have your choice of

cash or time off, but not more than 28 days altogether.

The Comptroller’s Office, which handles the accounting for Federal employees, is open from 8 to 10:30 A.M., and from 1 to 3:30 P.M., Monday through Friday, except on legal holidays.

When you return from leave or are assigned to another Federal building, the Personnel Office can arrange to have your mail forwarded to you.

Civil Service Commission Warns Employees Against Outside Jobs

WARNING

The following announcement was recently distributed to all units of the City and Municipal Civil Service Commission:

Some time ago Mayor La- Feinstein referred to an order in effect that no City employee, other than auzzis in private employment, in addition to his public employment, be employed outside the City. The Court of Appeals, however, has said that an employee of the City may hold two positions, namely, one with the City and one with an outside industry.

This decision of the Civil Administration does not affect the premises of the practice of holding more than one position at the same time and it is quite possible that a employee may accordingly hold two or more positions. The difficulty is that such a employee may have no likely means of transportation to the last vacation and pay due, even if you are on leave (if you haven’t finished your leave by then), for each day you are entitled to.

You can have your choice of

cash or time off, but not more than 28 days altogether.

The Comptroller’s Office, which handles the accounting for Federal employees, is open from 8 to 10:30 A.M., and from 1 to 3:30 P.M., Monday through Friday, except on legal holidays.

When you return from leave or are assigned to another Federal building, the Personnel Office can arrange to have your mail forwarded to you.

Walsh’s Charges Against Firemen Won’t Hit Their Promotion Chances

While firemen voted 2 to 1 last week to accept V-duty, many expressed worry about the effect on their promotion prospects. Walsh, who recently renewed a charge against them, said:

You have the word of Richard F. Warner, secretary of the Fire Department's organized Firemen's Association, that if and when promotions are considered, no fireman will be given preference because he voted against accepting V-duty.

This statement was confirmed by the Acting Sergeant of Police, Patrick Walsh on the issue.

That was the Comptroller's Office that decided to vote in favor of what 'em­

from Berlin last week that New wouldn't begin the survey.\n
She explained further that her action in sending out the above information was not a reflection of the Civil Service Commission's attitude to­

The Department’s answer to a question about the Board of Labor Relations is, thus far, nothing.

Openings for Lawyers in District Attorney Offices

Lawyers needn’t feel they’re the orphans of the war effort. There’s plenty of important work on the civilian front to be done through the district attorney’s offices in the various boroughs, and opportunities are available right now.

Before the advent of Tom Dewey, positions in the District Attorney’s office used to be considered choice political plum. Today it’s different. Believe it not, it’s possible to work for the Manhattan D.A.’s office on the basis of merit alone. Especially now, in view of the manpower shortage.

Lawyers, investigators, secretaries, and clerks are being sought in a number of the offices. However, attorneys are required most urgently.

The armed forces have removed so many of Frank Hogan’s attorneys that a good man has a strong chance of landing a job as an assistant D. A. Politically and favoritism don’t count.Merit does. If you believe you’ve got what it takes to work in the Manhattan District Attorney’s office, just send a detailed letter about yourself to Frank Hogan, District Attorney, Criminal Courts Building, Center and Leonard Streets, Manhattan. If your scholastic background and experience show that you’ve got the makings of a prospective Assistant D. A., Frank Hogan won’t be slow in calling you for an interview.

Regarding investigative posts, there are no set qualifications either. Attorneys with investigative background, ex-F. 1. men, a former chief interviewer and an experienced police detective are in investigation. Accountants seeking to apply much of their own experience in dealing with a variety of financial problems, preferably of an investigative nature.

OK’d by 4-C, for 4-F by Army,
Employee Faces Job Loss

An incident which gives men under 38 in City employ something to worry about took place last week. A subway foreman, with 11 months service, was called up for induction to the Army.

Medical examiners at the Induction Center found that he had a perforated eardrum and placed him 4-F. The next step was a dismissal order upon physical grounds. He had passed both the Civil Service and Board of Transportation medical examinations at the time of his appointment.

A few days later, he was reinstated into the Department.

The Board of Transportation says that the dismissal was as the order of the City Civil Service Commission. The Commissioners say that it has no interest in the case of the probationer who has been discharged, but that a policy will be formulated in the near future to protect medical examination in similar cases in the future.

In recent cases the Commission has ruled that an applicant, who has passed a physical examination for admission to a Department, cannot be dismissed during his probationary period for physical reasons Affected

Employees are worried that a precedent may be set which would curb the way for personnel medical examinations, or would utilize the Army physical to affect the security of City workers, especially the police and fire forces.

At present, a 4-F rating is no barrier for admission into the City service—even into the Police and Fire departments so long as the candidate passes the City medical examinations.

Salary range for these jobs spans $1500 to top levels.

All of 42 men have left Mr. Ho¬
gan’s forces for the armed services and positions are still being filled. The manpower shortage has even created some opportunities in other legal offices.

In Other Boroughs

There are several openings for attorneys in the Bronx District Attorney’s office and there are a number in Queens. Brooklyn, too, has been hiring but hasn’t felt the war emergency to any particular degree. Staten Island hasn’t any vacancies.

Lawyers seeking such posts should contact the Brooklyn and Bronx offices by mail and ask for an interview. In Queens you may call the District Attorney directly, and the chances are the interview will be arranged quickly if you have the qualifications sought.

Positions in the Manhattan Dis­trict Attorney’s office are filled largely on the basis of merit. This is not, however, universally true in the other boroughs.

WNYC Employees Get Increased Promotion Chance

The Municipal Civil Service Commission last week ruled that Station WNYC is a separate body from the Department of Public Works under which it has been operating so far as its employees’ promotions are concerned.

This will make it possible for the Director of the Broadcasting System to negotiate directly with the Budget Director’s office for promotions within his department. Only six administrative and staff positions at Station WNYC were liable to promotion by taking competitive exams in the Public Works Department.

Commission felt that the oppor­tunities for promotions of men working at the radio station would be improved by the new rule. For instance:

Your country has a new quota. Quota to meet this month. It is for the budget quota adjusted so that you will be in on War Bonds?

In Case of FIRE!

In a popular move, the New York Fire Department is putting into effect a plan whereby firemen in the firehouses can also be recruited as public protection agents. The firemen will now be able to assist in the war effort by helping to keep the peace in the community.

48-Hour Work-Week Looms: No Easy Leaves for War Job

5 Bills Aimed To Improve Civil Service

CIVIL SERVICE IN NEW YORK STATE

Quitting Worker May Claim His Pension Money

ALBANY. — Contributions made by a rejected employee of the Audit and Control to the State pension fund must be returned to him although he has since pleaded guilty to the theft of public funds. This was the ruling of Attorney General Nathaniel L. Goldstein in an opinion to State Comptroller Frank C. Moore, who had inquired whether retirement pension payments could be set aside, by judgment to otherwise, toward reimbursement of the stolen money. The employee was sentenced in February, 1941, pending an investigation. Proceedings for his release were begun. In the meantime, he submitted his resignation from State service and the required proceedings were dropped. He now asks for the return of his pension contributions.

Goldstein's opinion on the State civil service law, which provides that when a member of the retirement service group reaches the Federal service limit of any duration war job, his pension contributions shall be returned to him, says the report: "It is the intention of the law that all State employees work 48 hours. He said no new legislation would be required if the 48-hour law is adopted by Executive Order of the President.

State Report Hits Civil Service Administration

ALBANY. — A committee of Republican and Democratic legislators, after months of study, reported unanimously this week that the civil service administration in this State needs "a major operation." In a report, which in its original form had been highly critical of the present Democratic administration of civil service, was modified in language to meet objections of the Democratic members.

Nevertheless, even as amended, the document sets forth the fact that the Civil service commission, and most of the heads of its several administrative boards, are in little more than "figureheads," according to the report. It does not apply to employees of the service group, including clerks, janitors, elevator operators, window washers, caretakers, and police officers. In addition, "merit" selections promptly and uniformly are "not carried out." Other findings are that "conspicuous" promotions are made "in order to get the job quickly," that employees are given leave of absence for personal reasons, and the state has hired scores of "temporary" employees, some of whom have been employed less than a year.

New Employees May Avoid Pay Roll Deductions

The report hinted that an examination of the appointments in the present service group might be made and that all "unprofitable" payments to employees be set aside, but it added that this fact "might be used to demonstrate his lack of comprehension of the civil service law."

No Clear Responsibility

The report found that "there is no clear-cut definition of authority existing between the Commission and its Presidents, Commissioners, Vice-Presidents, or the Executive Officer, secretary or the Assistant Secretary of Civil Service."

The report recommended that a clear-cut definition of authority be drawn up and set forth in the civil service law, providing that it might be used to demonstrate his lack of comprehension of the civil service law."

Trainees Sought to Learn Business Machine Work

Office machine operators, and typists, are in demand for Govern­ment work in an Army Air Forces Material Center at Wright Field, Dayton, O.

The following are being sought: IBM key punch operators. Applicants should possess citizenship, high school graduates, with two years of mathematics and general science. Non-citizens, in the Armed Forces, are subject to draft call are specified. A physical exam will be given, showing the necessary aptitude. For positions requiring accuracy, typing desirable but not necessary.

Office machine operators, clerical workers, and typesetters are in demand by the military services. A five-day, forty hour working week, with time and a half for overtime is being paid by the Army hospitals. Applicants must be able to type, and have a high school education.

Requirements

Applicants must be United States citizens.

Office machine operators need accurate typing, and a high school education.

Clerical workers need at least six months experience. Typists need at least one year's experience. Stenographers need at least one year's experience.

Typesetters need at least one year's experience. They must work very accurately.

Welding School

Army and Navy and their contractors will entitle applicants to Advanced WPA training. They'll be trained for airframe work.

The following are being sought: Drafts and others with mechanical aptitude. The WPA, in order to train enough men, will provide all expenses, including a $2.00 per month scholarship to those men who are accepted.

Opposite: Central Avenue, Brooklyn. For information write: Mrs. T. REED, Central Avenue, Brooklyn, N. Y.

The Harvey School, technical training, all subjects.

In the Armed Forces

A man who has served four years in the Armed Forces may qualify for advanced training in a technical school, or in a college.

For information write: Chief, Civilian Education Branch, U. S. Army, Washington, D. C.

Clerical Jobs (Women)

Globem Broc, has openings for clerical workers, including stock work, sales clerks, comp­tometer operators, clericals. Apply 20 W. 47th St., N. Y. C. or write Personnel Manager, 100 Central Ave., Muncie, Ind.

Clerical and other jobs are in demand by the WPA, in order to train enough men, will provide all expenses, including a $2.00 per month scholarship to those men who are accepted.

Welding School

Army and Navy and their contractors will entitle applicants to War Job News. A class is scheduled to begin May 17, in what is known as Program C, or Basic Pre-Meteorology. The course lasts 12 months, and the student has the status of a private in the Army. Upon graduation he becomes eligible for an advanced course leading to the commission of Second Lieutenant. Candidates must be 18 to 21, high school graduates with two years of mathematics and a year of science. Applications should be addressed to "Weather," University of Chicago, Chicago, Ill. But you'll probably have a long wait before they reply.

Are You Looking for a Job? (Army)

War Production Civil Service

Come in to see Mrs. Matilda Miller, 97 Dunne St., New York City.
Tuesday, March 9, 1943

It's a Plain Case Of Hounding

The Municipal Civil Service Commission has issued a memo to its bureau heads, warning the staff against accepting outside jobs without higher pay. "It is a matter of record that you have specifically granted that right to employees in a clear-cut case within less than two months ago."

In the Commission's warning is backed up with this threat: "It is regrettable that you might consider any such action as a test of the independence that all Americans properly consider a birthright, when since it is "embarrassing" for an employee to accept work which may well aid the war effort in view of the labor shortage.

ANSWER THESE QUESTIONS, TOO!

Do you, members of the Commission — or Mr. Mayor, if City Hall is more in the background — consider that the independence which all Americans properly consider a birthright, when since it is "embarrassing" for a citizen to act in accordance with the laws and the decisions of the court?

Have you considered that for a civil service employee to act with the independence that all Americans properly consider a birthright?

When sickness bites, there is an extra $20 coming in each week to the doctor's service. The death benefit is $500. How you go out of this world makes a difference in the size of the check, and it's a nice way to help a few families who are suffering a loss.

**A SLIGHT MATTER OF INCREMENTS**

You may not be getting the increments you should. In the meantime, you can do something about it.

HOW? Buy Bonds.
Every dollar invested in Uncle Sam gets its annual increments.

$5.76 turns into $21 in ten annual increments.

Answers for Civil Service Tests

If you are interested in securing the answers to a test given by the New York City Civil Service Commission, write to the editor of Civil Service Leader and ask him to mail you the test with the answers, for a nominal fee. If you wish to save for an examination and want to see previous questions, you can consult the Special Patentman's List, which has been approved by the Civil Service Commission in order to prepare for examinations and has now reappeared, with a circulation of people who wish to appear on the rankings. If you want to appear on the rankings, you must consult the Special Patentman's List.

**QUESTIONS, PLEASE**

Retire Merit Men

Office says that the Social Security Act will enable the Civil Service Department to provide a retirement benefit for employees who have served in the Federal Government for at least 10 years. The act also makes it possible to extend the retirement benefit to employees who have served in the Federal Government for at least five years.

Retirement Benefits for Navy Yard Mechanics

The Navy Yards who are working under Government service and who have served in the Navy for at least six years are eligible for the Federal Government's retirement plan, which provides for a retirement benefit based on the employee's length of service.

When Permanent Is Federal Appointment?

R. R. Any one who works under a Federal appointment as a Civil Service Commissioner is considered as a "Civil Service Commissioner" for the purpose of retirement benefits. The Federal Commissioner must have a minimum of ten years of Federal service in order to be eligible for retirement. If he has served for more than ten years, he may continue to work until his retirement eligibility date.

A slight matter of increments

The LEADER invites all readers to write in upon any Civil Service subject. Letters which appear in these columns may be answered by readers with other points of view. All letters should be signed, but names will be kept confidential if requested.

Conditions at Floyd Army Base

Sirs: As I know that you are interested in extending civil service to all employees of the Federal Government, I would like to bring to your attention the fact that there are 58 patrolmen from the Police Department working in hospitals in this city who are not eligible for any kind of retirement benefits.

While we are waiting to get the answers to this question, the Chief of Police or his representative should be informed that there are 58 patrolmen from the Police Department working in hospitals in this city who are not eligible for any kind of retirement benefits.

This work rightfully belongs to us. I don't see why we should have to do the work of the police force. We want to know what's going on at this place.

The LEADER has received many letters complaining of conditions at the Base, and other letters written by patrolmen who have been asked to fill out forms and signs in the Base.

Belleview Hospital has special training programs for employees with mental and physical disabilities.

Special Patentman's List

The whole situation with regard to the Civil Service Commission is that the Special Patentman's List is the only one that is recognized by the Civil Service Commission. As the Special Patentman's List is the only one that is recognized by the Civil Service Commission, you will be notified when your name is reached.

"MY AMBITION is to improve the conditions of the Postal employees so that they will be able to continue their work even though they have to go home." That's what William John Doll says. He is one of the 700 postal workers who will receive their pay from the Bolling Fund, a thousand of P. O. men as a force of fighters for their rights.

The LEADER invites all readers to write in upon any Civil Service subject. Letters which appear in these columns may be answered by readers with other points of view. All letters should be signed, but names will be kept confidential if requested.

POLICE CALLS

"Pursuit Patrol"

The Mayor announced recently that a Police "Pursuit pilot in the Police Department. As far as I know, it is the only city in the United States where something of this nature is being attempted. It is intended to supplement the regular patrol by making use of motorcycles in some areas.

The pilot project will have something in common with the Safer streets campaign and the new police officers will be the "Pursuit patrol." They will be equipped with motorcycles and will be assigned to areas where traffic violations are frequent.

Each patrolman will have a police radio and will be able to communicate with other officers and headquarters at all times. They will be responsible for enforcing traffic laws and for making arrests when necessary.

The pilot project is expected to be in effect for a period of six months. It is hoped that it will prove successful and that it will be continued on a permanent basis.

Reported on the "Police Call" page were: Mr. Smith for running a stop sign at the corner of Main and Market. He was given a ticket and ordered to appear in court.

Valentine to Stay

The Valentine Aide Team is making a last ditch effort to get the Valentine Aide Team to stay. The team has been meeting with various officials in an attempt to save the team from being disbanded.

The team is made up of volunteers who work at the Valentine Event and are responsible for staffing the event. The team has been working hard to put on a successful event for the past few years.

The team is facing financial difficulties and is in need of additional funding. They have been meeting with city officials to try and secure funding for the upcoming Valentine Event.

About the PBA

This is a report on the recent meeting of the Publicly Funded Building Association (PFA). The meeting was held to discuss the future of the PFA and its relationship with the city.

The PFA is a group of landlords who own and manage public housing units. They receive funding from the city to help pay for the maintenance and operation of the units.

The meeting was attended by representatives from the city's housing authority and the PFA. Discussion centered on the future of the PFA and its role in the city's housing program.

WELFARE NEWS

Hours and Things

While the Social Security Administration has been busy processing claims for Social Security benefits, the Welfare Department has been busy processing applications for public assistance.

The Welfare Department has been working hard to process applications for public assistance. The department has been receiving a large number of applications and is working to process them as quickly as possible.

About the WPA

The WPA has faced a number of challenges in recent months. The program has had to lay off a large number of employees and has had to cut back on some of its services.

The WPA has been struggling to maintain its funding and has had to make cuts in order to keep the program running. The program has been working to secure additional funding in order to continue its services.

After Election Day

About the election day, the employees voted in the recent election. While there were some who voted for the incumbent candidate, there were many who voted for the opponent. The election results were not surprising.

Mr. Smith is the new mayor of the city and has been working hard to implement his campaign promises.

Relax

We are pleased to announce that the welfare offices and shrines will be closed on the day after the election. The commission has been working hard to ensure that the welfare offices and shrines are ready for the election.

The welfare offices will be closed on Election Day, and the shrines will be closed on the day following the election. This will allow the employees to have a full day off to vote.

Rex for Romance

Looking for some love? Join us at the Rex for Romance event. It's a fun and exciting way to meet new people and have a great time.

The event will feature live music, dancing, and a variety of activities. There will be food and drinks available, and a cash bar will be open.

The event will be held on [insert date] from [insert time] to [insert time]. It is free to attend and open to all.

P.O. Custodial Men Face Loss Of Overtime Pay

WASHINGTON -- An estimated 30,000 custodial workers in the federal service of the Office of Personnel Management are facing a loss of overtime pay as a result of the government shutdown.

The custodial workers are among the millions of federal employees who have been furloughed.

The Office of Personnel Management has announced that it will not pay overtime to furloughed workers.

With the Armed Forces

Corporals Bill Kelly, Bill Poe and Frank White are among the Privates Walter Moir and Bill Poe who are in the service of the Armed Forces. They are friends lately . . . .

Commissioner Robert Kelly, the Walter Moir's grandfather, is a retired Lieutenant. He was married to Lieutenant, J.G., U.S.N.R., and is now a retired Lieutenant. He is in the service of the Armed Forces.

It is an open question whether the postal service will continue to be paid.

Should it be voted, the post office will be closed and the post office will be closed.

Cop Served As Fireman, Gets Pension Credit

A patentman who has served in the U.S. Navy has been granted a pension credit toward his pension. The patentman was granted a pension credit because he paid into the Patent Office and covered the tax he has paid into the Office.

That is the gist of a ruling made in a case by a U.S. District Court judge in which a patentman was granted a pension credit.

The patentman had served in the Patent Office and was granted a pension credit because he paid into the Patent Office and covered the tax he has paid into the Office.

### LAIDBACK LASSIE CAFE

151 W. 42nd St., N.Y.
How the Club Works

Any person who has a son, brother, father, husband, relative or friend in the Armed Forces is eligible for membership.

The sole qualification is a sincere desire to help that man in the Armed Forces get the fighting equipment he needs by saving a War Stamp every day in his honor.

There are no dues and no obligation other than the pledger's own obligation to himself to live up to his pledge to save "A stamp a day."

Choose now. Either we give our boys the planes, tanks, guns, and ships they've got to have to win—or we're letting them march to their defeat and our destruction. Planes cost money. Tanks don't grow on trees. And the storks don't bring subchasers.

We've got to pay for them. "We" means all of us—including you.

How? By buying War Bonds and Stamps. And every time our savings amount to $18.75 we get a Bond worth $25 in 10 years. That's $10 back for every $8 we put in. Isn't that the least we who stay at home can do to help win the war? Stop and think about it.

**Hotel For Women**

Job opportunities away from home are far more numerous than those in the City, so the City's most competitive sectional hotel for women, the **Hotel For Women**, is seeking applicants. The hotel, located at 25 West 40th Street, is seeking applicants who are interested in the hotel industry.

**Liquor License**

The New York State Liquor Authority has granted a license to **Kleinschmidt** to sell liquor at retail in a hotel under the Alcoholic Beverage Law at 85 West 42nd Street. The license has been issued to the undersigned to manufacture wine under the Alcoholic Beverage Control Law at 105 West 29th Street, New York, City.

**Surgical Appliances**

A Magic New Sterile Aseptic Equipment for the surgical practice is now on the market. The equipment includes surgical instruments, surgical light, surgical air, and surgical steam. It is designed to make surgery safer and more efficient. The equipment is on display at the American Medical Association's annual meeting.

make policy, determine rules, and public relations. It urged that a state personnel director be appointed by the Governor who should be the real boss of the civil service.

Up to Repeal of Laws

Other recommendations include: thorough revision at the civil service law, creation of three types of civil service jobs—excepted, non-competitive, competitive; consolidation of the classification division and the salary standardization board to the end that both of the titles of these parts of the civil service law can be conducted within one unit in the department.

In summarizing the results of civil service law, the legislators said: "The committee is not attempting to blame the civil service department entirely. However, it does seem that the two most cooperating in these problems. The problem itself is slow, cumbersome and ineffec-

Even if you are busy during the day, you have the chance to secure our Job Guidance Service this week.

Mrs. Matilda B. Miller will be available at the Duane Street, New York City, on Wednesday evening, March 10, 1943, from 6 to 8:30 P.M. Come in with your problems.

Walsch vs. Firemen

(Continued from Page Three)

Walsch vs. Firemen has been adequately protected despite the fact that they have not suffered an actual air raid, that Communication Workers does not engage in strikes, that its actions in the current controversy have been in the interest of policy, not a threat. The essence of the case is: first the spirit of the Fire Department continues to be a communication on the number of persons on each floor. Second, the necessity of having a force that is trained in the performance of all duties, not just a force that is trained to perform only certain duties. The UPA claims that Walsch is not the only person qualified to perform the job. However, it is claimed that it is a result of the Department's failure to properly prepare the Walsch for the proper job. The Walsch claim is based on the fact that it has been in service for a year and a half.

Workers vs. Women

Workers vs. Women is an additional attraction.

Women Wanted To Train for Factory Jobs

Women trainees are only accepted for a week in the plant at the defense plant, New York, N. Y., 40 minutes from the Biltmore Hotel. Positions are with a firm manufacturing radio and electrical parts, pay maximum salary of $1,320. Women interested must be right handed and have some high school education. Women interested should apply at 74 Madison Avenue, Manhattan, New York.

"Hitler's Children"

"Hitler's Children," the stirring effort for peace and freedom, founded on Gropen Zizzer's "Education for Death," starts a third week at the New York Paramount theatre tomorrow (Wednesday). The cast features a scene in which the public is invited to see the film and also a scene in which the public is invited to see the film in full color.

Women, Working Women

Women, Working Women is an outstanding attraction.

Welfare List Of Grade 3 Clerks

The Municipal Civil Service Commission last week made the list of eligibles for promotion to Grade 3, Class 2, in the Welfare Department.

A total of 20 employees of the Department (see page 11) will receive a salary of $150 to $170. The grade 2 cooks who recently examination are now in the training to eighteen hundred dollars.

Brooklyn offered up my last with the first three percent of the list at the William J. Smith, 504, and John Hope, 190 East 28th Street.

Finding official support of elimination of promotion from the list, rumor in the department has it that even the first two will have a long wait. These are only two vacancies in the grade 3, class 3, says the depart- ment.
