Penioners Support the Forand Bill

The following letter appeared in the October 31, 1981, issue of the Forand Bill. It was written by a retired worker who supported the bill.

To the Editor:

I am writing to express my support for the Forand Bill. As a retired worker, I believe it is important to have strong healthcare protections for all Americans. The Forand Bill would provide a safety net for workers who have exhausted their retirement savings and face the prospect of needing medical care in their golden years.

Sincerely,
[Signature]

R. J. Barber Starts Job At Local 301

R. J. Barber, a new member of Local 301, began his duties as a full-time employee in January. He is a valuable addition to our team.

Seniority Here Protects "obs Better

Seniority is a right that every worker deserves. It ensures that the most experienced workers are given priority over those with less experience. This is important for keeping skill levels high and ensuring that our products are of the highest quality.

Forand Bill Support Is Stepped Up

Local 301 has taken steps to further support the Forand Bill. Members have been actively involved in speaking engagements and organizing events to promote the bill.

Constitution Change Is Urged

The current constitution needs to be revised to better align with our current needs and goals. A special meeting will be held to discuss and vote on proposed changes.
