Editorial

A THOUGHT FOR THE NON-MEMBER

The leadership of Local 284 has consistently advocated the members' role in shaping the destiny of the union. In this spirit, we believe that every member should take an active role in the work of the union. This includes participating in the activities of the union, such as attending meetings, participating in committees, and voting in elections. We encourage all members to become involved in the work of the union, as it is through collective action that we can achieve our goals.

The union has a strong tradition of community service, and we believe that this is an important part of our work. We encourage all members to participate in community service activities, such as volunteering for local organizations or participating in community-wide events. Through our community service, we can help to build a stronger, more united community.

We also believe that it is important for members to be involved in the political process. We encourage all members to vote in elections, and to participate in political debates and discussions. Through our political involvement, we can help to shape the policies that affect our lives.

Finally, we believe that it is important for members to be involved in their own personal and professional development. We encourage all members to pursue education and training opportunities, and to make sure that they are prepared for the challenges of the future.

We believe that these are important steps that members can take to become more involved in the work of the union. We encourage all members to take these steps, and to share their insights and experiences with others. By doing so, we can help to build a stronger, more united union.

THE UPPER CRUST

Here and There
In Bldg. 12

As we go to press we find the following notices on the bulletin board in Bldg. 12:

Africano

Agostinho

Booth

Bongi

Loeffler

We hope that the union will provide some further information on these matters.

Your Dollar

There are many government programs that are designed to help those in need. However, many workers are unaware of these programs and do not take advantage of them. We encourage all members to become familiar with these programs and to take advantage of the benefits they offer.

The union has recently established a program to help members with their financial needs. This program provides financial assistance to members who are experiencing economic difficulties. We encourage all members to take advantage of this program and to seek help if they are in need.

We believe that these are important steps that we can take to help our members. We encourage all members to become involved in the work of the union, and to make sure that they are aware of the programs and services that are available to them.

TOOL ROOM NIGHT

At Union Headquarters
SATURDAY, MAY 4
7:00 P.M.

Report of Negotiations Committee

The union has held a series of negotiations meetings to resolve various issues. We encourage all members to attend these meetings and to provide their input.

The union has recently reached an agreement with management on several issues, including wages and benefits. We believe that these agreements are important steps in improving the working conditions of our members. We encourage all members to become involved in the work of the union.

$1,000.00
In Pay Boosts

New York, Apr. 28—Wages in general have increased by $1,000 since the last agreement was signed March 28, 1941. According to the AFL-union, this is the first time since 1936 that wages have been raised by $1,000.

In order to assess the good working conditions prevailing in the building trade, the union has recently conducted an audit of the job sites. The audit has revealed that wages are being paid as agreed upon in the last agreement.

Your Local Council

Your Local Council has recently met to discuss various issues. We encourage all members to attend these meetings and to provide their input.

We believe that these are important steps in improving the working conditions of our members. We encourage all members to become involved in the work of the union and to seek help if they are in need.

FROlic AND DANCE

Sponsored By
Activities Committee
Union Headquarters—Local 301
FRIDAY, MAY 10

The union has recently sponsored a dance to raise funds for the union. The dance was well-attended, and we encourage all members to participate in future events.

We believe that these are important steps in improving the working conditions of our members. We encourage all members to become involved in the work of the union and to seek help if they are in need.

READ THIS
And Pass It On To Someone Else

This is a book that we believe all members should read. It is a powerful and inspiring story that will help to build a stronger, more united union.

We believe that these are important steps in improving the working conditions of our members. We encourage all members to become involved in the work of the union and to seek help if they are in need.

ORIGINAL TORN

The union has recently released a new issue of the union newsletter. The newsletter contains information on various issues and events. We encourage all members to read the newsletter and to share it with others.

We believe that these are important steps in improving the working conditions of our members. We encourage all members to become involved in the work of the union and to seek help if they are in need.

For more information on these and other issues, please contact the union headquarters.
