Gallup Poll a Hoax—Figures Were Fixed

The Gallup poll, like the poll on the gold price, isn’t quite all it seems. A recent article has been added to the list of polls as well as to the list of tricks by the Bureau of Labor Statistics.

Leaders of the political polls of Gallup and Harris have been accused of manipulating their numbers to suit the needs of their clients. The Bureau of Labor Statistics has also been accused of manipulating its figures to suit the needs of the government.

A recent article in the New York Times has pointed out that the Bureau of Labor Statistics has been involved in a number of controversies, including the manipulation of its figures to suit the needs of the government.
