Most Effective To Date
This was the union’s most ef- effective political effort to date, regard-
less of the final outcome of the
contest. The two independent Demo-
crats rallied a general opposition
to the present Democratic Demo-
crat party machine, in the face of the tradition that only the ma-
chines win come out in the pres-
idential primaries.

The vote tally showed that it
was an extremely close fight: the ma-
chines have a new man on the scene, in one of the recent
state elections, the one who won the seat in the primary for
the state legislature.

**Letter to Truman**

(Continued from page 1)

Dear President Truman,

We are members of the American Association of University Professors, and we are writing to express our deep concern about the current situation in Korea. The United Nations forces are fighting for the freedom of the Korean people, and we believe that the United States has a duty to support them in this struggle.

We understand that you have been considering various options for our involvement in the conflict. We believe that a peaceful resolution of the situation is the best course of action. We urge you to use all possible means to bring about a negotiated settlement.

Sincerely,
