**CIO 'Americans' Selected as Name for Ball Team**

At a meeting of the Union Activities Committee and the baseball committee of the CIO 'Salesmen' a name was voted on for the bundle of the Local 857 team. The name was submitted to the postal employees of the United States Post Office Department.

**Signatory Only**

The players particularly liked the name because it perfectly describes the combination of the team. As one player put it, "This is a union team; there's no question about it. Let's make a league of Knights and ball teams and non-union players."

"That's the way we all feel about it. We want any ban to be a league of baseball only."

**New Sports in Opening at City Park**

We were just out, 0-4, in the last inning of our friendly City of Columbus vs. Columbus College baseball game at Central Park.

The boys are still making their point a little too fast for the College team, which is working smoothly through the base and getting across the plate. The game is said to be an exciting one.

"All that burns labor is treason to America. No line can be drawn between these two. If any man tells you he doesn't know labor, he is a fool. There is no America without labor, and to freeze the one is to rob the other." - ABRAHAM LINCOLN.

Also, we've heard reports that the Transmitter 89 Meet will have a lot of new features this year. The talks and workshops are sure to be packed, and we can't wait to see what you all will come up with.

Bridges Ouster Move Threat To Unity

In the wake of the recent changes at the IFTU, we're seeing a lot of pressure on our union to stay united. The Transmitter 89 Meet is a great opportunity for us to come together and show our strength.

Let's work hard to make sure our union continues to thrive and that we can all work together for a better future.
