"Our Goal in '58: Job Security" — Carey

The IUE President, who is also head of the IUE-General Electric Negotiating Committee, predicted the "immense importance" in production and personnel accomplishments, especially here in Schenectady.

"And have all the rewards for making it the ideal corporation in this industry," he added.

"We GE put the proper proportion of its expansion in Schenectady, in keeping with the tremendous expansion elsewhere in the country." GE has taken into consideration the employees who had bought homes, who are buying homes, who have established families in this community in work for General Electric."

He declared:

"You are Schenectady and you produce the machinery, the machinery and all the machinery that is being used by the various departments for the production of that tremendous production that I get. Then what happens? GE goes away, to San Juan, Puerto Rico, and sets up those operations in a foreign manufacturing method, and, as it were, pays its employees as little as $5 a week as it can get by."

"You can't buy this, you can't buy this, you can't buy this!"

"CEG," the IUE President said, "does it make sense to sell one or two or three or four or five or six or seven or eight or nine or ten or eleven or twelve or thirteen or fourteen or fifteen or fifteen A Report From The Placement Committee

Due to the continuing string of cutbacks in the automobile industry, the Placement Committee is recommending the following

1. Immediate action should be taken to assist those who are unemployed. The Committee recommends the following:

   1.1. A job fair should be held to match unemployed workers with available positions. This will help to alleviate the current unemployment situation.

2. The Committee also recommends the establishment of a relocation assistance program to help workers who are being laid off from their current positions. This will assist them in finding new employment.

"It's time we stood up for our rights. We need a union to protect us from the abuses of our employers. We must vote yes on this union." — James E. Johnson

O'Sullivan Strike in Virginia

489 members of the United Brotherhood of Carpenters and Joiners of America, Local 301, have announced their intention to strike against W. W. O'Sullivan Company, a large Richmond automobile manufacturer. The strike is expected to last for two weeks.

The company has already indicated that it will not make any concessions to the union demands and that it will continue to operate with non-union labor.

Chamber of Commerce Speaks for G.E.

The Chamber of Commerce called for a halt to the O'Sullivan Strike. The Chamber of Commerce represents the interests of the local business community and has a long history of supporting anti-union efforts.

The Chamber of Commerce argued that the strike would be detrimental to the local economy and that the union was attempting to disrupt the free market. The Chamber of Commerce called for the strike to end immediately.
