**U.E. Local 201, Lynn, Petitions for Election**

U. E. Local 201 G. E. workers in Lynn, Mass., filed a petition with the N.L.R.B. for an election among the hourly paid employees of the Lynn Works and Lynn foundry. The U. E. workers in Lynn also got together with the U. E. apparently because over 1,800 of the eligible signed signatures were gathered to join the U. E.

The Lynn workers point out that becaused the years 1925 to 1930 under the U. E., they built up shop conditions and local agreements, which have been broken down in the past year. They further point out that last year the IUE-CIO had no record, they were the ones were now striking and disrupting the staff of the U. E. workers all over the country. The U. E. workers in Lynn also point out that when the strike is over they want to maintain in press to the publishers to start the N.L.R.B. vote to request aid from blood donors.

Workmen's Compensation

Benefits for Injured Workers

(From the series of articles on Workmen's Compensation written by Leo Neval, the Taunton News.)

In my previous articles on Workmen's Compensation, I have explained that the benefit is given to those who are injured on their job and are unable to work. Any worker who is injured on the job is entitled to compensation. The amount of the compensation depends on the injury sustained.

The compensation benefits are paid to the injured worker for a period of 12 months. The compensation is paid for each week of disability. The compensation is paid for each week of disability in the amount of $240 per week plus $20 per week for each dependent child. The compensation is paid for each week of disability in the amount of $240 per week plus $20 per week for each dependent child.
