Election of the PAC Committee

Small Home Owners Join PAC Protest; Fear Raise in Taxes

The Ninth Ward Citizen's PAC led the other PAC groups of the city in protesting proposed jumps in the assessed valuation of small homes in Schenectady. Joseph K. Keneal, Local 301, was chosen chairman of a special tax committee of the Ninth Ward group and Albert Lenta, also Local 301, was elected secretary.

They were elected at a monthly meeting to which about 450 home owners responded to the PAC's call to come together to discuss the property tax assessments in the city for the Company's Co. of Queen's.

Plates were ready to be organized a delegation from several ward groups of the city, to appear before the City Council to contest the tax assessments.

Many cases were reported of business owners paying taxes on property valued at $20,000 at $4,000 per year over the assessed valuation for the city and the company's Co. of Queen's.

It is estimated that the overall increase in the valuation of the city's taxable property rates between $200 and $250 per million dollars.

City officials have tried to quiet unrest among home owners and business owners by stating that the tax rate might be as high as that in other cities, but they have not been successful in convincing them that the tax rate is not as high as that in other cities.

The speakers at the Ninth Ward meeting said the property owners should protest the tax assessments, but they are not sure the city officials will be convinced.
