GE Asks $10,000,000 From U. S. Government

From U. S. Government

The General Electric Co. has sent its bill for $10,000,000 to the U. S. government, for losses suffered this year.

The bill for the power purchase of the United States government, GE has been preparing it for the past 12 months, and is expected to be completed by the end of the year.

Under the "quick-ship" provisions of the Federal law, GE and other corporations which have suffered losses in the present period can secure a co-operative arrangement with the government for the purpose of expanding their operations.

Union representatives have been in process of making out the bill for the past 12 months. The bill is expected to be completed by the end of the year.

Union Tackles GE

On Discrimination

The General Electric Co. has gone to court with the GE management over a case where the union charges a white employee with racial discrimination.

The union has hired a lawyer to represent them in the case. The union also plans to file a lawsuit against the company.

Head Ward Clubs

Two UE members have been elected temporary officers of the Joint UB and UIB Ward Club of the Independent Citizens Committee. Radio EHIs, recently returned veterans, were elected chairman and Mrs. Annette Daley, temporary secretary.

Union Officials

Wire Truman

Albert J. Finkler, a U. E. president, sent a telegram yesterday to President Truman, expressing his support for the President's position on labor legislation.

The telegram reads: "We stand with the President in his opposition to any legislation which would harm the interests of the working man."
