Local Sustains Peterson Ruling

The Supreme Court of Pennsylvania, in a decision Tuesday night, upheld the Pennsylvania Railroad Commission’s decision last May to sustain the original order of its Board of last October to reduce the rates of all its subsidiaries.

The railroad commission, in its decision last May, ordered the Pennsylvania Railroad to reduce its rates by 10 cents per ton-mile for freight and 7 cents per ton-mile for passenger travel.

The railroad company appealed the decision, but the Supreme Court upheld the commission’s order, saying that the rates were just and reasonable.

Steelworkers Start Court Fight Against Taft-Hartley Affidavits

The executive board of the United Steelworkers of America voted unanimously April 13 to open a court fight on the provisions of the Taft-Hartley act by making the United Steelworkers an accused in an action brought by the Labor Board.

The Labor Board has filed an action in the United States District Court in Washington, D.C., charging that the Steelworkers had violated the Taft-Hartley act by engaging in a concerted attempt to influence the election of a labor union.

Steelworkers officials have denied the charges and have called the action a “false and malicious” attempt to halt the union’s activities.

Draft Board to Get Raids

The Steelworkers have announced that they will go to court to try to prevent the Steelworkers from being raided by the Draft Board.

The Steelworkers say that the Draft Board has no right to raid the Steelworkers because the Steelworkers are not engaged in any illegal activities.

Word of Caution

Last week, the Steelworkers issued a word of caution to its members, warning them to avoid any form of resistance to the Draft Board.

The Steelworkers say that the Draft Board is not going to change its policy and that the Steelworkers are not going to resist the Draft Board.

4,000 for $3.00

$3,000 for St. Clare’s

On March 31st, the Steelworkers’ local issued a call for donations to St. Clare’s Hospital. The Steelworkers’ local has set a goal of $3,000 for St. Clare’s Hospital.

The Steelworkers say that the goal is to raise $3,000 to help St. Clare’s Hospital, which is a Catholic hospital in Pittsburgh.

District Activities Against Mundt Bill

The Steelworkers have joined forces with other labor unions to oppose the Mundt Bill, which would allow the government to take over labor unions.

The Steelworkers say that the Mundt Bill is a threat to the freedom of labor unions and that it would lead to a loss of jobs for the Steelworkers.

Craft Groups Meet

The Steelworkers have met with craft groups to discuss the issues of the Mundt Bill.

The Steelworkers say that the craft groups are important to the Steelworkers because they can provide a voice for the Steelworkers in the government.

Negotiations Resumed By GE and Union

The General Electric and Steelworkers unions have resumed negotiations after the strike with the goal of reaching a new contract.

The Steelworkers say that the new contract will include a wage increase and other improvements for the workers.

Schenectady, New York

It’s For Your Own Good, M’Boy...

The Electrical Union News is a trade publication for the electrical industry in the United States. The newspaper covers news and events related to the electrical industry, including labor negotiations, strikes, and other developments.

Negotiations have resumed between the General Electric Company and the United Electrical Workers Union. The two sides are continuing negotiations to reach a new contract.

The Electrical Union News provides updates on the negotiations and other developments in the electrical industry.
Productivity And Profits

The American Plastics Industry Association has observed that productivity in the injection molding industry has increased dramatically over the past decade. The combination of improved machinery and automation has led to a significant rise in productivity, which has in turn contributed to improved profits for many companies. This increase in productivity is expected to continue as technology advances further.

Boulware Pieces Getting Tougher

The company has decided to increase the difficulty of the pieces being produced by Boulware. This move is intended to challenge the workers and improve their skills. The change in the production process is expected to be completed in the coming weeks.

NAM Propaganda Fund $5,500,000

NAM has established a propaganda fund to support their efforts in combating the anti-union movement. The fund will be used to pay for various activities such as advertising, political contributions, and other means of influencing public opinion. The amount of the fund is intended to be sufficient to ensure a strong presence in the political landscape.

Independence Political Committee Approved

The Independence Political Committee has been approved by the state legislature. This committee will work to support candidates who align with the values of the Independence Party. The committee has been given a budget of $500,000 to fund their activities.

U.S. Wage Rate

The U.S. wage rate has increased by 10% in the past year. This increase is expected to continue as the economy recovers from the recent recession.

On Joblessness

The jobless rate in the United States is currently at 5%. This is a significant improvement from recent years, but there is still work to be done to reduce unemployment.

And the Bosses Laugh

As a humorous illustration, the following story is told:

The boss called his foreman and said, "I want you to take charge of this project." The foreman replied, "But I'm not qualified for the job." The boss said, "You don't have to do it yourself. You can hire others to do it." The foreman thought about it for a moment and then said, "Okay, I'll do it. But I want you to pay me extra because I'm not qualified." The boss agreed, and the project was completed on time.

Progress on Check-off

The check-off system has been implemented in several companies, allowing for easier collection of union dues. This system has been well-received by workers and is expected to continue to be used in the future.

Commonwealth

The Commonwealth has recently published a report on the state of the union movement. The report highlights the challenges faced by unions today and the efforts they are making to overcome these challenges.

Summer Literacy Tests To Forestall Fall Rush

Summer literacy tests will be administered to grade school students to ensure they are prepared for the upcoming school year. This is being done to prevent a fall rush of students who need additional support.

Baseball Scores

Baseball scores were announced on the day of the game. The home team won with a score of 10-5. The away team was unable to keep up with the home team's offensive performance. The next game is scheduled for next week.

Starting Rate Corrected

The starting rate for experienced welders has been corrected to reflect the current market conditions. The new rate is expected to be more fair and equitable for all workers involved.
