OPERATION ALERT 1961

Business Agent Leo Jandreau has received a letter from Henry G. Pfeil, County Civil Defense Director, notifying him of "Operation Alert 1961".

This National Defense exercise will take place on April 28th, at 4:00 p.m. It will be nationwide. Sirens will be sounded announcing the start and finish of the exercise.

Because "Operation Alert" comes at a time of day when men and women are at work or returning to their homes, Mr. Pfeil requests the cooperation of our members in helping to make this year's exercise a success. The public participation will be from 4:00 p.m. to 4:10 p.m.

EXECUTIVE BOARD MEETING

Monday, April 24th, at 7:30 p.m.
Officers will meet at 6:00 p.m.

A REMINDER

At the Toolmakers' meeting held recently in the Union Hall, it was decided that every Toolroom in the plant should elect a representative to serve on the Toolmakers' Committee.

As we go to press, we have heard from very few Toolrooms. It is very important that these names be submitted immediately to the Union Office. Any Toolroom that has not picked a representative should do so at once.

The U.S. used the same deceptive tactics at Nica to win a victory as they have done in other plants that they have tried to organize... promising the workers "pie in the sky" benefits and conditions which they know they cannot deliver.

For years, U.S. workers have profited by the gains won by such militant unions as the UEB...they have been riding on the coat-tails of such strong unions. The UEB, has not been able to win anything that is of any significance for their workers for the last 10 years.

Emspak, in his letter, confirms the pain of the "cure-all" for the so-called ills that beset the U.E. worker in Schenectady. We strongly suggest that he correct the deteriorating conditions that have befallen the U.E. workers in the Erie G.B. plant. To prove their ineffectiveness in resolving the problems in Erie, U.E., in desperation, has appealed to many individuals and agencies to come to their rescue. In a resolution presented to the Erie City Council, and which appeared in the U.E. News, Erie, Pa., April 7, 1961, issue, they admit employment in the Erie Works since 1957 has continually and steadily declined at an alarming rate. Because of this, the resolution goes on to say, a serious unemployment situation has been created in Erie.

Now then, this is the Union (the U.E.) whose Secretary-Treasurer, Julius Emspak, says can cure the problems of the U.E. workers in Schenectady by suggesting they join up with them.

Emspak's letter also mentions the restoration of union control by rank-and-file union members instead of a dictatorship. In this connection, we pride ourselves on being one of the most democratic local unions in the entire country... a local union where important decisions affecting their welfare are made by the rank-and-file members, utilizing the Secret Ballot.

SCHENECTADY RETAILERS DROP NON-UNION PRODUCTS

A survey was made recently of Schenectady retailers of men's clothing.

This survey disclosed that several retailers were carrying non-union Weldon pajamas and others handled the non-union Wings and Kaynee shirts (both made by the same company).

Following the survey, a consumer education campaign of leaflet distribution was conducted on Wings shirts in the downtown area.

As a result of these actions, the Central Labor Council, Sch'dy., area, received a letter dated April 17, 1961, from Sam Bernstein of the Snappy Men's Shop, giving notice that as of April 17th, they will no longer stock Wings shirts and will only sell out the present stock in the store.

Other retailers who have dropped non-union made goods are:

- Dan A. Donahue - Kaynee Boys' Shirts
- Wallace Co. - Weldon Pajamas
- Joe's, Nuesbaum's - Weldon Pajamas
- Dave's Men & Boys' Wear
- Edison Hats - Wings Shirts
- Hall's - Weldon Pajamas

The aforementioned retailers should be complimented for the action they took in discontinuing the sale of non-union made goods and replacing them with union-made products.

The following individuals who conducted the survey and leaflet distribution should be highly commended and congratulated on a job well done:

- Henry Becker, Amalgamated Clothing Workers of America
- Marvin Pizzo, Union Label Committee
- Joseph Badalucco, Executive Secretary of the Central Labor Council
- Joseph Kassen, Local 301 Board Member

If our union members have information on any other store in the area selling shirts or pajamas, please notify the Union Label Committee or Joseph Badalucco, Executive Secretary of the Central Labor Council.

EVE PERFORMANCE (Cont'd)

As to the working conditions and jobs in Schenectady, records will show that the average was 40-45 hours and that the working conditions of the U.S. worker in Schenectady are considerably higher than his counterpart in the Erie G.E. plant.

Therefore, we say to the U.S., instead of trying to be the nemesis of organized labor, they should direct their energies in trying to organize workers in plants that have no union representation. As a matter of record, U.S., for many years, has failed to organize a single new G.E. plant.

We suggest that U.S. stop trying to be a "witch doctor" for others and start taking some of their own medicine as a possible cure for their own ailments.

RIM PUNCH CASE SETTLED

A docket of long standing was finally settled in the Large Motor & Generator Department.

The case involved the pricing method of a multiple punch press in Bldg. 60. Although the setting of prices on a punch press may seem simple on the surface, there were many elements involved in the case which resulted in a delay. The major delay was due to the fact that the machine had been out of commission for a significant period of time. The necessity of the die having to be ground frequently by the operators caused delays. The major delay was due to the fact that the die had to be ground frequently and other minor problems kept the machine out of commission. When most of the kinks were ironed out, a fair price was negotiated and we feel that the operators will be able to maintain a fair earning rate.

Board Members, Shop Stewards and Union officials are to be commended for the way they tackled this problem and finally solved it. Participating in discussions were:

- Donato, Martin, DiCaterino, McGrab, Campman, McCabe, Shamo, Mangel, Townsend and Scott.

RENTALS FOR UNION HALL

- Bingo, Dances, (Week Days) $ 95.00
- Organisations
- Organisations, (Sat,Sun) 115.00
- Dances
- Weddings (non-union) 95.00
