Up To UE Members To Get 3.58 Out Of Deep Freeze

Petitions addressed to the Wage Stabilization Board are now being circulated in the Schenectady Works. They call for prompt approval of the 3.58 general wage increase offered UE and 39 other unions by General Electric.

Petition In Shop
TO: MR. NATHAN FEINSTEIN, CHAIRMAN
NATIONAL WAGE STABILIZATION BOARD
WASHINGTON, D.C.

WE, the undersigned are members of Local 301, United Electrical Radio and Machine Workers of America (UE), Your Board has before it the Wage Agreement reached between our union and the General Electric Company. While the amount of the wage increase is small compared to our needs, most of us are dependent in trying to make our family budget meet the high cost of living and taxes. We ask prompt action in approving our case in the full amount that has been negotiated and with the effective date that has been agreed upon.

Union Spurs Protection Of Job Rights In Lay-offs

Uniforms waits in jobbers' parts of the theatre and movie production lines. The full resources of the labor union are being utilized to the benefit of the members. The local leaders at the theatres have found that members have been laid off with dignity and without injury to their reputation. The lay-offs are usually caused by circuits which have been discontinued, or by the failure of the circuits to operate properly.

UE members are combating a variety of threats to their jobs. Each week's schedule is filled with problems arising out of lay-offs. At the same time, the board is constantly after management to carry out wage agreements and to provide work for all members. The union is maintaining strict control over the use of lay-off lists.
Vigorous Action Strengthens Contract

The UIEC local in New York has announced that it will seek a new contract with the New York City Department of Transportation. The union has given notice of its intent to begin negotiations immediately. The current contract expired on June 30, 1945.

 UNION GAINS NEW JOB OPPORTUNITY FOR NEGRO WORKER

When the UIEC, along with other unions, has been successful in securing a new job for a member, it is usually because of the efforts of the local union leaders. The UIEC in New York has been able to secure a new job for a member of the local union, who was previously unemployed. The member, a Negro, was given a job as a skilled laborer on the construction of a new bridge in the city. The UIEC has been able to negotiate a new contract that guarantees a fair wage and good working conditions for all members of the union.

HOLIDAY PAY DEMANDED FOR CLEANING WOMEN
