LETTERS TO LOCAL 301 EXECUTIVE BOARD, ADOPTED UNANIMOUSLY
November 23, 1949

Organized picketing by the Carey_msgs, directed and organized by Frank Kriss through his complete disregard of the membership, prevented the attendence from holding its meeting Thursday night at the

November 23, 1949.

The second shift meeting was also broken up by Kriss by completely
ignoring the members of the meeting.

Therefore, the Executive Board finds that no membership meeting was
held under the constitutional requirements in November. Frank Kriss
and Frank Florio have lost the union, by their public action in
accepting a charter from a dual paper union.

The Executive Board names Vice-president William Hughes to carry out
the duties of President, and Assistant Recording Secretary John F.
Green, to carry out the duties of Recording Secretary, pending the
annual election of officers in accordance with the constitution.

In view of reported experiences showing that in the capacity's meeting
can be disrupted by a small minority, making an orderly meeting imposible, the Executive Board is proceeding to call the adjourned November meeting at the hall in meeting so that the union can nomi-
nate officers, set up the election machinery, and conduct other
proposed union business in accordance with the constitution.

The illegal actions of a handful of trocilities to their oath of office
will not keep this union from its normal operations and handling of
member's problems under the contract. The union here in US Local 301
supported by the vast majority of the workers in the Schenectady plant
