McCarthy Back To Enforce G. E. Policy

As we go to press submerged men were being issued in a number of G. E. unions in violation of McGuire's recent memo. But Little, as successor to McCarthy in the Albany office on February 19 and 20.

After holding closed hearings in Albany last November, McCarthy called upon the G.E. to fire any worker who refused to be in accordance with the unions and lost his support against the company's policies. On Monday, McCarthy was in the midst of a heated argument in the offices of the New York State AFL-CIO headquarters, where he refused to sign a settlement reached with the unions.

Transfer to Lower Rate Temporary

Benefits of G. E. Local 58, whose workers were transferred to lower-rated jobs, were not tied to the transfer to higher-rate jobs when umpire's report released through the employment offices, with another union in the New York area.

The unions notified the company that certain reviews should be made of those employees who were assigned to lower-rated jobs since the company had no prior right to determine the adequacy of the reviews. The company agreed to review the cases of employees who were on lower-rated jobs.

Ford Motor Official Tells of Company Spy System; Pays Witness in Cash

Detroit—The Ford Motor Co. is secretly running a security system. The company says its agents are not paid, but the system is run by the company's agents.

The witness was Manager W. H. Moore, of the security and investigation department of the Ford Motor Co.

Ford goes cash regularly to a man employed by a Ford agent, who does not know that he has been paid, and is not even aware that he is working for the company. The system is run by the company's agents.

The company has been using a number of former employees to work for it, and is not paying them. It is not known how much money has been paid to these agents.

Union Analysis of Census Figures Shows 4 Million Unemployed Jan. 1

A careful analysis of Census Bureau figures by union contractors showed that 4 million unemployed were employed in January 1954, instead of the 3,000,000 as reported by the bureau.

The bureau figures are based on a survey of 20,000 households, of which 20,000 were employed in January 1954, instead of the 3,000,000 as reported by the bureau.

Here Is PROOF the Issue Is Union-Busting, Not Communism

**SWORN AFFIDAVIT OF WILLIAM MASTRIONI**
Chief Shop Steward, U.E. Local 301

STATE OF NEW YORK
COUNTY OF SCHENECTADY

WILLIAM MASTRIONI, being duly sworn, deposes and says:

I am Chief Shop Steward of Local 301, United Electrical, Radio and Machine Workers of America, known as U.E.

The policy of U.E. Local 301 is unequivocally opposed to any acts of espionage or sabotage. I have never engaged in espionage or sabotage. Any implication that the steward system of U.E. Local 301 is an instrument for espionage or sabotage is a lie. During the history of U.E. Local 301 of more than 19 years, I have not known of a single officer of our Local Union who has been legally charged, much less convicted, of spying or sabotage. All employees in our plant, working an secret work, are screened by the Army, Navy or FBI.

In 1949, 1950, 1951, 1952, 1953 and as recently as February 1954, I swore to the following in Taft-Hartley Law affidavits:

"I am not a member of the Communist Party or affiliated with such party.

"I do not believe in, and I am not a member of nor do I support any organization that believes in or teaches, the overthrow of the United States Government by force or by any illegal or unconstitutional methods."

Any false statement in such affidavits carried with it a penalty of ten years' imprisonment and a $10,000 fine.

These non-Communist affidavits are true and I am not one now.

Assistant Attorney General J.M. McNerny testified as follows concerning the U.E. Officers' affidavits in response to a question by Senator Joseph McCarthy during the course of hearings on March 7, 1953, by a Senate subcommittee on appropriations:

"I have looked at the U.E. cases myself, and I recall statements in the FBI reports which are unusual in FBI reports, such as 'the evidence of Communist Party activities since execution of non-Communist oath.'"

Sworn to before me this 19th day of February, 1954.

In 1953 I was summoned before a Federal Grand Jury for questioning on my non-Communist Taft-Hartley affidavits. After investigation, the Grand Jury refused to indict.

The above factual statements should be sufficient answer to the averted question of the Senate Sub-committee on Investigations or the Sub-Committee on Government Operations.
