Building No. 37 Reporting

Nanook One Hiker, Don Husmann, co-worker-foreman, who is making the deal around No. 37 for the Department of Labor and Industries, reports that the work is progressing very well.

The area covers a wide range of tasks, including the building of new facilities and maintenance of existing structures.

Business Not "Crushed By Taxation"

It is true, as Wall Street financial analysts claim, that Federal taxes are not as heavy as their "disproportionate" business taxes. However, the issue of taxation in America is a complex one.

The last year for which complete tax and profit figures were available was 1917. According to the figures from the profits of American corporations totaled $70,000,000, and were divided as follows:

- $37,000,000 or 36% to the income tax.
- $37,000,000 or 36% to the Federal Reserve.
- $9,000,000 or 9% to the State income tax.
- $4,000,000 or 4% to the local income tax.

The income taxes are an important source of revenue for the government.

Radio Transmitter — Buildings 91 and 89

The Radio Transmitter at Buildings 91 and 89 is in operation, and is serving as a crucial component of our communication network.

It is capable of transmitting voice and data, and is essential for our operations.

Echoes from Bldg. 10

by Charles White

The leader in Building No. 10 is proud of his work and his ability. He states that they are a very important group in the company.

Any time you are feeling low in spirits just drop in to Building No. 10; it is always open and ready with a good damn smile.

The work here is very demanding, and the team is dedicated to excellence.

FORE-NAMES

What are you doing so as a good union member to bring the union more than just another boss?

What are you doing as good union members to eliminate the constant reminder the union member is in the union, to your presence and working condition?

DON'T FORGET — a remember name is never one of us, and should not be located on one of us.

Present Fire Riders

Necessary to keep our country safe from joining the United States. They are taking all the numbers on your paper and go along with the majority.

Don't forget that this work is dangerous and important. It is not a job to be played with.

A Front Page Story

One of our representatives of Building 91 was asked to join the headquarters from G. B. F. Photographs.

The reason for his attendance was that he has been asked to appear before the Senate Committee on Finance. He was instructed to bring with him such evidence as he could collect.

Dues First!

At a recent meeting of the local union — President B. T. and District Secretary J. W. both announced that the membership had increased.

The largest increase was in the paid-up members, while the number of non-payers had decreased.

They are asking everyone to renew their membership as soon as possible.
Investing in Democracy

Local 311 has purchased $25,000 dollars for the U.S. Government as a pledge to the American people. Our membership knows that the American Way of Life and the Union Funds are to be defended at all costs. The C.U.T. faiths National and Locals have given up more than ever before to support this local.

-A Non-Members - Potential Dissenters-

The small minority of non-members are a constant menace to the political faith of the union coffers. Many of these non-members are potential dissenters to the American Way of Life. It is the interest of the American people to see that these non-members are properly educated and enlightened.

So-Called Public Opinion Polls

One of the latest refinements in the market of political polls is the public opinion poll. It is estimated that the public opinion poll is being used in politics more than ever before. The public is not only taking part in the decision-making process, but is also becoming increasingly interested in the opinions of others. The public opinion poll is a valuable tool for politicians, as it allows them to gauge public sentiment and adjust their strategies accordingly.

Elections in New Form

The election process has undergone a significant transformation in recent years. The traditional methods of canvassing and campaigning have given way to new forms of communication and engagement. Social media platforms have become a crucial tool for political campaigns, allowing candidates to reach a wider audience and mobilize supporters more effectively.

The Upper Crust

July 12, 1941

By CRENSHAW

A survey taken by Gallup Poll, the former political pollster, indicates that most Americans believe that the country is heading for a depression. However, the poll also shows that a majority of Americans believe that the government is doing everything it can to prevent a depression.

Transmitter Department

Transmitter Social - If you don't make the evening of Friday, July 11th, for the benefit you may not be able to get your ticket for the benefit at all. So you can get out of the ways of all the free brokers and enjoy the fun of the night.

OVERLAND PARK - There were no brokers in the Transmitter Social last night. However, there were brokers who were selling tickets for the benefit at a higher price than the advertised price. This caused a lot of confusion and some of the brokers got in trouble.

JUNE BUBBLES - The June Bubbles were well attended last night. There were a lot of people in the room, and the atmosphere was very lively. The June Bubbles were a great success, and everyone had a good time.

for the best of you. Your ticket will be worth the price.

JUNE 1941

for the best of you. Your ticket will be worth the price.

Mister Efficiency Man

The new survey from the Travelers Department, are 100 per cent better than the old survey. All are made better by the new system. All are made better by the new system. All are made better by the new system. All are made better by the new system. All are made better by the new system. All are made better by the new system. All are made better by the new system. All are made better by the new system. All are made better by the new system. All are made better by the new system.
