IUE-CIO Picks Up Behringer’s 5-Year GM Freeze

The IUE-CIO-CIO has walked behind Behringer and signed substantially the same lawyer agreement with General Motors Electric this week.

Before the five-year end of that agreement, the agreement will begin with the new contract, and the agreement will expire on June 30, 1980, the end of the four-year period of the current agreement.

When the agreement was announced, the union local leaders were very pleased, as had been expected.

The new agreement is expected to expire in 1980, and the union plans to negotiate a new one after that time. The agreement will cover approximately 20,000 workers at several GM plants.

Timing Standard Price

Brings 105 Stoppages

Standard Price’s new system of pricing to bring 105 stoppages in the company’s 25 plants.

Many workers at the company’s plants were caught off guard by the sudden stoppage, which was announced late last night.

The stoppage, which began at 10:00 p.m. last night, affected production at several plants, including those in New York, Detroit, and Chicago.
