**BONDS OR BOMBS?**

Probably it will be tough to buy another bond now. A lot of way too many free rides on the backs of the wealthy. They just can't waste another million out of their already moneyed pockets.

Well, maybe. If one worker in CE whose head has been blown away by enemy bombs is probably buying a bond, he'll get a real out of this money. He doesn't owe it to the man who was killed tomorrow's dinner, or the worker who is laying down his life for the benefit of others. His bond is his way of trying to help those in need.

But if you are in the habit of not buying bonds, it is your responsibility to do so if you are in a position to buy. It is your responsibility to do so if you have the means of doing so. If you do not, you are not contributing your money to help the war effort.

G. O. P. Poll Tax Stand a Farce

The General Assembly Committee of the G. O. P. has asked for the passage of the Enrollment Act. They have presented a bill to the Assembly for the purpose of providing for the enrollment of all male citizens of the state of New York, aged 21 years and over, who are residents of the state and who are not otherwise liable for the draft.

The bill provides for the appointment of a registration board for each county in the state, consisting of three members, to be appointed by the county clerk, who shall hold office for a term of two years. The board shall select a chairman and a secretary, who shall be appointed by the clerk. The board shall also elect a chairman and a secretary for the state, who shall be appointed by the governor.

The bill also provides for the registration of all male citizens of the state of New York, aged 21 years and over, who are residents of the state and who are not otherwise liable for the draft, and who have not been previously registered.

The bill further provides that the registration of all male citizens shall be made within 30 days after the date of the passage of the act, and that all registrations shall be kept on file in the office of the county clerk for a period of two years from the date of registration.
