301 Resolution
On CIO Policy

The following resolution on CIO policy was adopted by the membership and officers meeting this week.

"Local 301 will not spend the 11th annual convention of the CIO to endorse the statement adopted at last year's convention by the General Executive Board entitled 'The CIO Must Fight for the People.'

"We call for the return to the basic principles which guided the CIO in its original organization of the CIO and for the original objectives of the members of the CIO. We believe these principles are being destroyed and we will support any action which is needed to preserve them.

"Local must act in unity and in concert with Federal, state, and local trade union organizations.

"Unions must act in unity and in concert with Federal, state, and local trade union organizations.

301 Program for 1949 Elections

In City, County and Towns

The Local 301 executive board and state officers plan to conduct a 1949 union campaign in the state of New York to ensure the continuation of the local union's strong position in the community.

The campaign will focus on the need for the local union to maintain its current membership levels and to increase its influence in the community. The local union will work to ensure that its members have a voice in the decision-making process of the local union and that their interests are represented.

The local union will also work to ensure that its members have a voice in the decision-making process of the local union and that their interests are represented.

GEB Recommends UE Qualify To Use Taft-Hartley Board Election Machinery

The General Executive Board of the UE has recommended that the UE qualify to use the machinery of the Taft-Hartley Board for its 1949 elections.

The recommendation was made under the provisions of the Taft-Hartley Act which allows organizations to use the machinery of the Taft-Hartley Board for elections. The recommendation is based on the need to ensure that the UE has the best possible opportunity to represent its members in the election process.

Elections must be free and fair, and the UE must have the ability to ensure that its members have a voice in the decision-making process of the local union and that their interests are represented.
