Cable Department Placement Problems

As we go to press, the Cable Department workers, who are losing their jobs because of the discontinuation of the work by the Electric Union Works, are still waiting to hear from the company. The workers have been working at the plant for over 16 years.

Proved Crane Follows Walkout Hits Many in 273

More than 3,000 Turbine workers were idled this week as the result of a stoppage arising out of a wage dispute involving 29 crane followers last Thursday.

Union Trying to Place Employees Affected By Cable and Guided Missile Job Losses

All but 30 of the workers who will be affected by the firing of the Cable Department next month have already been placed on other jobs, according to a report issued this week by the Local 205 office. Efforts are now being made to place the others so that no workers will actually lose time because of the move.

Novak Reports UE Contesting Unemployment Benefit Ban

UE, along with a number of other unions, is seeking to have the court decision which is depriving many workers of unemployment compensation overturned. Leonard Novak, UE's labor counsel, reported the news.

Members Expel Two For Anti-Union Acts

Two workers were expelled from the union at a meeting in Milwaukee on Monday. The workers were accused of anti-union activities.

SLIGHT CUTBACK IN AEROSYNTH

Due to a cutback in orders, the Unionback syntheses plant in the East End of the city has been reduced to 20 workers. The reduction will be effective immediately.

Layoff Rumors

Employees of the Unionback syntheses plant in the East End of the city have reported that layoffs are being considered at the plant. The company has denied these rumors.

Injured Workers Must Report All Accidents Promptly

Trustee Warns Nondisclosure May Result in Deduction of Benefits

This is the second series of articles which is being written by Workers' Compensation's Correspondent at The Nation's Bureau. Every working man and woman, and particularly every shop steward, should read these articles. In fact, it would be advisable for shop stewards to circulate the articles and allow them to be read as often as possible.

The first article was with the object of explaining what a compensation claim is and what happens to it if an accident occurs. The second article was intended to inform the workers as to how beneficial a compensation claim can be. This article is intended to inform the workers as to how beneficial a compensation claim can be. The object of the article is to outline the steps that should be taken in case of an accident. The article is intended to inform the workers as to how beneficial a compensation claim can be.

Building Committee Meets

The officers of the Building Committee had last week to review the plans for the new building. During the meeting a representative of the Board of Education, Mr. John Smith, was present. He was very pleased with the proposals and was looking forward to the completion of the building.

'The building will be completed by the end of the year and will provide much-needed space for the students. The committee is working hard to ensure that the building is completed on time and within budget. The committee is working hard to ensure that the building is completed on time and within budget.
