General Strike Committee

Review of Wage Case

Many contracts are being signed throughout the city regarding the present strikes and the next. The General Strike Committee on Publicity and Public Relations has prepared this last sheet for the use of our members who have the job of explaining our case to the public.

GM Cheap-GE Cheaper

In 1941 GM workers got a new contract. At that time it was shown that union workers could save 60% of their money more than non-union workers. The GM workers saved $1.80 a week through the union, while non-union workers saved $1.00. The GM contract was the first of its kind in the country. It was a definite step towards unionization for the working class.

Public Opinion on Profits

Profits are the result of the work of the working class. We demand a fair share of the profits they create. The GM workers got a new contract. At that time it was shown that union workers could save 60% of their money more than non-union workers. The GM workers saved $1.80 a week through the union, while non-union workers saved $1.00. The GM contract was the first of its kind in the country. It was a definite step towards unionization for the working class.

We Fight Back

(Continued from Page 3)
