The drawing for the prizes will take place at the June membership meeting Monday, June 30, 1936, at 6:30 p.m. See your Shop Steward for tickets.

Executive Board Approves Organizing Drive

In accordance with the Organizing Drive approved by the IUE-CIO, Local 301 has decided to hold a meeting to discuss the possibility of organizing a new shop. The meeting will be held on May 14, 1936, and all members are encouraged to attend.

Constitution Committee Makes Recommendations on Amendments

The Constitution Committee of Local 301 has made recommendations to amend the constitution at the May membership meeting. The constitution permits amendments to be made only during one of four months in any year. Normally, February, May, August, and November.

Article XVI of the constitution also requires that the specific recommendations of the committee shall be published, and every member shall have the opportunity to comment on the recommendations before they are adopted. The recommendations are as follows:

Article XVI

A new section to be added:

Section A: All Shop Stewards who are elected or appointed by the Executive Board to serve in local committees may be removed by the Executive Board at any time for cause, and their powers and duties shall be taken over by the Shop Steward who succeeds them.

Section B: The Shop Steward who succeeds any member of the Executive Board shall remain in office until the next election or appointment.

Section C: Any Shop Steward who is removed by the Executive Board shall remain in office until the next election or appointment.

This amendment will take effect May 15, 1936.
**Minimum Wage Law Leaves 20 Million Unprotected**

In 1938 the average retail worker made $20.71 a week, the factory worker $13.68. Today the retail worker average is $30.30, the factory worker average $11.40. Retail wages are rising more rapidly than wages in the retail sector, while wages in the factory sector are relatively static. Minimum wage laws have been enacted by 20 states, but only nine states have minimum wage laws specifically for retail workers.

**Watch Out For Home Improvement Companies!**

As the lawyer for Local 7-17, I have seen a number of problems that have arisen in the city of Chicago. These problems include:

1. **Underpayment of Wages:** Many workers have been underpaid for their work, receiving wages below the minimum wage.
2. **Unpaid Overtime:** Workers have been required to work overtime without being paid for it.
3. **Discrimination:** Workers have been discriminated against based on race, gender, or other protected characteristics.
4. **Health and Safety Hazards:** Workers have been exposed to dangerous conditions without proper safety equipment or training.

It is important for workers to be aware of these issues and to take action if they are experiencing any of these problems.

**New “Right-To-Scab” Drives Planned**

The union-busting has been on the rise in recent years, with companies increasingly using non-union labor to break strikes and intimidate workers. The National Labor Relations Board (NLRB) has been issuing more right-to-work (RTW) laws, which allow workers to choose whether or not to join a union.

In response to this trend, unions are stepping up their efforts to organize workers and to protect workers’ rights. Unions are also using legal tools to challenge RTW laws and to protect workers’ rights in the face of these laws.

**Harvard Professor Says Paper Side Take of Big Business**

The daily press is one of the most important sources of information for the public. However, the media’s role in society is often debated. The daily press is a necessary part of a democratic society, but it is also a powerful tool that can be misused.

**Industry Man Gets Key NLRB Position**

Scott J. Weber, an attorney-in-charge of the NLRB’s national office in Chicago, has been named to a key position at the board. Weber is a former labor lawyer who has been active in the labor movement for many years.

**UAW Aims IAM Strike**

The United Auto Workers has proposed contracts with the International Association of Machinists, which include wage increases, health care improvements, and better working conditions. The IAM has also agreed to a new pension plan for members.

**Mr. F. P. Morgan and Co.**

One of the most famous investment banks in history, Mr. F. P. Morgan and Co. played a key role in financing the American economy. The bank’s founder, J. P. Morgan, was a key player in the development of the modern financial system.

**In Australia, the labor movement’s”**

In Australia, the labor movement has been an important force in the development of the country. The labor movement has played a key role in the development of the modern labor movement.

UNITY-NOT RAIDS

Only a short time ago, our plants at Port Huron and Hudson Falls were visited by a large number of Schenectady UG workers. They were a part of the UG-UU raiders to the US Local. For 6 weeks UG-UU organizers spent thousands of dollars trying to influence the minds of our workers to work at the Hudson Falls plant.

These personal attacks on workers in our shops, outside the gates, and in the community were stopped by the US Local as the National labor Relations Board election neared. Unfortunately, 81 Schenectady workers participated in this unjust attack on our local union.

When the votes were counted in the election, the results showed a narrow victory for the US Local UG.

The final count was:

US 617
UG-UU 551
So close... 30

Thus the US workers in our plants voted to return the gains and benefits we enjoyed for 14 years under US, including local union democracy which guarantees the right to run our own affairs.

declared by the UG-UU raiders to the US Local.

UNITY-NOT RAIDS

We would be proud of our duty if we did not in some way bring the bitter lesson of this raid to the US workers at Schenectady.

Your union spent thousands of your time, money, and effort in full staff representatives and local union members in this struggle, honest and bitter.

We felt that we were forced to spend every effort to stop this attempt to destroy our union and our rights.

Now better could it have been if this money and effort were expended to fight for better wages and conditions of all US workers. Could the money and effort of the UG-UU staff be used to bring the coercion of a struggle to unorganized workers, rather than through an interference with an established union?

DIE-UG raids at Elmore, Vermont, Fort Wilbur and Ward Hoosic Falls at a cost of tens of thousands of dollars have resulted in nothing but conditions for US Die-UU and more of the same.

Schenectady workers with the largest UG-UU plant in the world, have a special stake in the outcome of the Die-UU raids.

The US management at their UG-UU plant will move to destroy your conditions as a matter of course if the Die-UU raiders have their way.

SUPPORT US LOCAL!!

The Westinghouse-Ford workers, members of US Local 177 in Philadelphia are entering their 7th month of a strike against the Westinghouse company attempts to destroy their union, work, work standards, etc. In 5% pay cuts which would result in a 20% cut in earnings.

The coming fight of these strike workers have inspired the entire labor movement. The 4-1-20 and Libera-unionists have worked in support for this tremendous strike.

Schenectady workers with the largest UG-UU plant in the world, have a special stake in the outcome of the Westinghouse-Ford strike.

The US management at the Ford plant will move to destroy your conditions as a matter of course if the UG-UU raiders have their way.

SUPPORT US LOCAL!!

ISSUED BY US LOCAL 663... Port Huron and Hudson Falls UG workers.
