Everything’s Set for Sunday Field Day

Republic Bank on Piocktown Road was stacked this week for the round-the-clock movement of U.E. Local 301’s Sunday Field Day. Indications are that the largest crowd ever to attend a field day for the local will be set by the U.E. Local 301 membership.

Tickets for the Field Day have been going at a record rate this week. The huge 30,000 price has been made the official day of entertainment throughout the week of all the members of the local.

The tickets also will be the basis for the big prize draw, the $1,000 prize for the member of the local who brings the most friends to the Field Day.

Local Grievance Demands Raise in Russo’s Rates

A grievance aimed at bringing redress to the company has been given an early start by the U.E. Local 301 office with the letterhead of the company.

A strike by workers on Russo’s was started by 10:00 a.m. when the company agreed to the demands of the workers. Russo’s has been operating at high capacity, and the workers have been demanding a raise in rates.

Local Acts To Back Russo’s

The local union's president, Mr. John Casey, has been in touch with the workers, and has been conducting meetings with the workers.

New Hall Plans

Local 301’s new hall is ready for occupancy after the building was completed. The new hall is located at 123 Market Street. The hall is being used for meetings and other activities.

ELECTRICAL UNION NEWS

Local Votes Ratification of UE-GE Pact by 10 to 1

As an almost complete tabulation of the votes of the U.E. Local 301 members this week showed that the union faces a difficult task in securing the new UE-GE contract was running up to 20 to 1.

With several weeks left to the deadline, the union faces a difficult task in securing the new contract.

Local 301, which is the largest local of the UE-GE, was represented by the local leaders.

A project for the UE-GE in the area is the one the union plans to pursue.

Meet on Toolmakers

Monday, the meeting was scheduled for the toolmakers, who are working on the UE-GE contract.

The meeting was held at the union hall, and was attended by the toolmakers. The meeting was to discuss the contract and the future of the UE-GE.

Headsline, Inc.

The Healdon News, a publication of the Healdon Electric Company, has been publishing for a number of years. The paper is published on a weekly basis and covers local news and events.

Featured in this issue is an article discussing the importance of electricity in daily life. The article outlines various ways in which electricity is used, such as lighting, heating, and cooking.

The paper also features a section on local events, with news of a recent parade and the opening of a new park.

A local business, the Healdon Electric Company, is also highlighted in the paper. The company is a major employer in the area and is known for its innovative products.

The Healdon News is a valuable resource for the community, providing information on local news and events and highlighting the role of electricity in daily life.
Meetings Between Lewis and McDonald Start Speculation Wave on CIO Future

Speculation on the possible breakup of the CIO reached a new peak this week after President William Green of the Steelworkers and David McDonald of the Steelworkers' CIO local 2100 "musically" met with John L. Lewis, head of the American Federation of Labor and Congress of Industrial Organizations. United Steelworkers of America, who have reconciled their differences and are now in close contact with the AFL-CIO, have indicated that a merger of the two organizations might take place if the Steelworkers continue to support the AFL-CIO's programs.
