Give Workers Check-off Funds, UE Asks

301 Delegation
At NLRB Hearing

A handful of rank-and-file Local 301 members was in New York City yesterday (Thursday) to attend the. United Electrical Radio and Machine Workers' (U.E.) delegation to the National Labor Relations Board hearing on the February charges of the IUE attorney that the company had not the legal right to check-off funds from the members' pay.

The hearing is to be held in New York City on February 26 and 27. The delegation consists of 10 members, all of whom are active in the company's affairs and have been involved in the union's fight for better working conditions.

Many of the delegation members were arrested by the U.S. attorney's office during the March 19 strike, and several have been arrested on other occasions. The delegation is composed of members from the Tonawanda-Elma, New York, area.

The delegation will be represented by attorney John F. O'Connor of New York City, who has represented the union in a number of legal disputes.

Turns Down
UE Proposal

The International Union of Electrical Workers (IUE), which represents workers in the Tonawanda-Elma area, has rejected a proposal by the United Electrical, Radio and Machine Workers (UE) to check-off funds from employees' pay.

The UE proposal was rejected by the IUE in a 10-1 vote. The IUE attorney, John F. O'Connor, said that the proposal was not in the best interests of the UE members.

The UE has been fighting the IUE for several years, and the check-off proposal is part of the continuing struggle.

The UE has been unable to reach an agreement with the IUE on a number of issues, including the check-off proposal.

The UE has also been trying to organize workers in the Tonawanda-Elma area, and the check-off proposal is part of that effort.
