THE AMERICAN WORKING PEOPLE ARE AWARE!

American Industrialists on Sit-Down Strike!

UNION ANSWER: American industrialists conducted and are still conducting a relentless strike against our men who have proven their ability to work and are now fighting for fair wages. The Company is trying to crush them with violence and threats. This is not the first time that American workers have had to fight for their rights. They are determined to win.

Who Caused the Fall of France?

The fall of France was caused by the failure of the French government to take the necessary steps to prevent the likelihood of war. The government's failure to act promptly and effectively led to a situation in which the French people were forced to defend their country against the invading forces.

American Labor Anti-Fascist!

American labor movement has been active in their convention halls during the past five years. Their convention halls have been filled with ideas and voices calling for unity and solidarity among workers.

Business-as-Usual Attitude Will Not Win War!

UNION ANSWER: We agree that the American industrialists' conception of the war problem as being one of business-as-usual is wrong. The war is a serious matter and requires a serious response from all levels of society.
Government Bureau Still Needy

EDITORIAL (G-E Works News) — One of the governmental bureaus created was the National Labor Relations Board—to administer the National Labor Relations Act. This year, however, the National Labor Relations Board's workload is exceptionally heavy, and the Board is finding it difficult to keep up with the pace of cases.
