**What Do You Think?**

A statement by the I.E. U. E. reported the following story to Union Headquarters:

**U. E. STEWARDS TO ORGANIZE OFFICE WORKERS**

A letter was sent to all shop stewards in the U. E. Local 849 requesting them to start as members of the organizing committee to organize the office workers into the U. E.

**Weekly Laborer**

The organizing committee is the only large plant of the Company where the skilled workers are organized. The local office has received a number of applications from members of the organizing committee requesting to be included in the organizing committee.

**Membership Cards To Be Mailed**

Apparent reasons were given for the initiation of the Office-Calendar Work begins about early in March and a decided move forward in May. At this time a number of union members are not on the check lists and are not employed by the Company.

**Back Pay for Punch Press Operators**

The union is seeking the site of the punch press operators, which consists of two punch presses, to be restored to the people who have been laid off in the recent strike.
