John Lewis Hilt
Escalator Clause

Lewis is the newest member of the Union in Schenectady. He is an electrician who has been working at the G.E. for five years. He is married and has two children. He is very active in the Union and has been a strong advocate for the Escalator Clause.

The Escalator Clause is important to Lewis because it guarantees him a raise every year. He feels that this is a fair way to compensate workers for their hard work.

RIP BOULDOG.

I.U.E. President Reports

To Members

Louis N._residual, president of Local 291, I.U.E., Bridgport, U.S., in a report to the membership last month, stated, "The present membership of our Union is 250. Our potential membership is 425. The membership of our Union does not reflect the size of the I.U.E."

This is an example of the skyrocketed membership of the I.U.E. in the places where I.U.E. has held up and expanded under organizing efforts.

The UE Contract on Discrimination

Art. XV, Section 9, of the National Contract of UE reads: "The policies of the Company, the Union, and the U.E. are such as to discriminate against any employee on account of race, color, creed or national origin." For the first time in the history of organizing, the UE has a "No Discrimination Policy." This policy is written into the present agreement. This applies to all members of the Union.

It is an important step toward the establishment of this employment practice.

The U.A.A.C.P. has always provided for the equal rights and opportunities of all employees and has never discriminated against any group of employees.

Look Out For Frauds!

Reproduced below are some of the leaflets IUE-CIO plans to circulate on the last day of the election. These leaflets and others like them are frauds! They are put together with the help of anti-labor politicians and newspapers and with printers' ink, scissors, paste and the morals of the forger's trade. THEY ARE PART OF THE RED-BAITING RACKET WHICH HAS BECOME A MULTI-MILLION DOLLAR DUES RACKET IN OUR COUNTRY.

The David Greenhouses were never on the staff of UE. Note that the columnist is careful to avoid any clear cut statement. He sneaks the IUE's propaganda into his story. Then, IUE blows it up into a phony headline.

This is a typical IUE stunt. They take any story about UE. 'Put the Daily Worker banner over it. Write a headline which has nothing to do with the story and come up with a 'sensation' direct from the gutter.'

U.S. GOVERNMENT GETS TORMEY

Don Tormey, UE organizer, was suspended 36 hours before the election by IUE's friends on the U.S. Steel Corporation. His 'hearing' was set for 12 hours after the election and has since been postponed! Note that the headline does not mention the committee by name. There is no reference to the committee anywhere in this leaflet because this is the most dexterous anti-labor outfit in the U.S., denounced by every national AFL and CIO convention. Even IUE President James Carey was named at a Communique 15 times before the Anti-American Committee. IUE-CIO, the only union in the country which works hand in glove with these union-busting politicians, gets subscribers by lifting a telephone. They'll do it here or don't be fooled!

These are some of the frauds, forgery and falsifications we can expect from desperate men who are working the red-baiting racket for all it is worth. They want us to ditch Americanism for IUEism, so they can collect. Nothing doing!

Democratic Trade Unionism is Good Americanism! Let's Keep It That Way!
