Committee Continues to Win Proper Placements

Each week the committee's list of candidates is reviewed and updated to ensure that the highest quality workers are placed in the best positions. The placement committee continuously works to negotiate favorable terms and conditions of employment for its members, who are not only committed to excellence in their work but also to their own professional development.

Shelbyville Plans Shindy to Greet GE

Shelbyville, Ill. - The celebration for dignitaries who will be visiting the General Electric Co. factory here to see the new 80,000-ton steel mill will be held in the town square on the afternoon of September 17th. The celebration will feature a parade, a speech by the mayor, and a ribbon-cutting ceremony to officially open the new mill.

Assemplery Upgrade Won

When N.E. Hicks, 35, filed his notice for a promotion from the assembler rank to the warehouse executive position, he added to the General Electric Co. employees' list of recent promotions. Hicks, who joined the company in 1955, has been an assembler for the past 10 years.

Fifty Jobs - 2000 Applicants

The demand for new jobs in Shelbyville has been overwhelming. With over 2000 applicants seeking 50 positions, competition is fierce. The company is committed to hiring the best candidates, ensuring that the new hires will be a valuable addition to their team.

Drill Press Prices On 273 Job To Be Corrected

Mike Nelson, president of Drill Press, Inc., has announced that the company's prices for the drill press equipment will be corrected to reflect the true cost of production. This move is part of the company's ongoing efforts to remain competitive in the market.
