Vote Primary Day, Tuesday, August 24, Noon to 9:00 P.M.

Farmers' Union Backs Peterson for Congress

By a substantial margin, the National Farmers' Union has endorsed the candidature of Mr. Peterson for Congress from the Eighth District.

The meeting was held in the Union's headquarters building in Washington, D.C., and was attended by several hundred farmers from various parts of the country.

Mr. Peterson is the Socialist candidate in the Eighth District, where he is facing a strong challenge from the Republican candidate, Mr. Smith. The Union's endorsement is expected to give Mr. Peterson a significant boost in his campaign.

National CIO Asked To Confer on Changes

The Congress of Industrial Organizations has been asked to consider some changes in the National CIO's policies and programs.

The changes include a greater emphasis on organizing industrial workers, a more active role in the political process, and a greater effort to improve working conditions for all workers.

The CIO was established in 1935 to bring together all the major labor unions in the United States and to coordinate their efforts in the struggle for higher wages, better working conditions, and stronger union organization.

In High Race

In the race for the Congress, Mr. Peterson is running against Mr. Smith, who is a strong supporter of the Republican Party. The Union's endorsement is expected to give Mr. Peterson a significant advantage in his campaign.

No Overtime Rule Kept by Skilled Crafts

No overtime rule kept by skilled crafts.

All skilled crafts covered by these rules.

Infill. All skilled and unskilled laborers.
