General Motors Settles for 20c Package

The General Motors Corporation followed the Ford settlement with the UAW-CIO, granting wage increases and contract improvements amounting to a cost of over 20¢ an hour in a 3-year contract. The Electrical Division of General Motors received the same benefits as the Automobile Division.

The settlement in General Motors establishes a pattern for contract negotiations throughout the country; likewise, it establishes a goal in the Electrical Industry for employees such as General Electric to duplicate. General Electric is the largest employer in the Electrical Industry while General Motors is the largest in the Auto Industry. However, General Motors employs more people than General Electric. The Ford Motor Company, on the other hand, is smaller than General Electric. So size of the corporation or its position in the industry should not be a justified reason to refuse to do as equally as the others.

The General Motors settlement was as follows:

1. Guaranteed Annual Wage
   Employees had lost the habit of work will be paid 95¢ of their regular wages for a period of 3 weeks. If the compensation base was eliminated, the employer would pay 85¢ of the regular wage for the first 3 weeks. The employer would make up the difference in the base by paying $20 per week to the Unemployed Employees Fund until the balances paid by the Company. The rest of the 95¢ is entitled at no blame.

2. Wage Increase
   This current rate of pay will remain until May 22, 1955. Each year the Company will pay an additional 5¢ to employees with a minimum of 10 hours per year to all employees entered by the agreement.

3. Semi-Shift Plan
   The Company agreed to establish a fund of $150 per employee to be paid to employees for any hours worked during the semi-shift plan. The employee may also elect to receive an additional 12¢ per hour at no blame.

4. Second and Third Shift Bonus
   The employees are paid 10¢ per hour for the difference between 7:30 a.m. and 5:30 p.m. This was increased to 1945.

5. Vacation
   Employees between 10 years and 15 years of age will be paid an additional 15 days of service every two years. Employees are given after 20 years of service. 10 days.

6. Second Shift Bonus
   All employees in the bargaining unit and member of the Union.

Labor Asked to Aid N.Y. State Business

Speaking in Rochester before the annual convention of the Union League and Labor Movement, Representative Ed- 

dward T. Bonwit, of Rochester, offered a plan to aid the state's business interests. He asked for the cooperation of the commis- 

sioner of labor and the state labor board to help solve the problem of unemployment. He said that he believed the state 

could do more to help its people. He also mentioned the need for better education and training for the workers. He ended his speech by saying that he was confident that the state would do its best to help its people.
