MINISTERS REPEL UE PLAY FOR RELIGIOUS DISSERTATION

UE local 301, new center of defeat at the hands of Schenectady's GE workers, turned last week to the ugly mortar of religious hatred in a futile attempt to salvage its crumbling empire of corruption.

At a meeting requested by Leo Zandrouw, UE's-301 business agent, members of the Schenectady Ministerial Association heard Zandrouw and Julius Einpeg, UE national secretary-treasurer, attack the Catholic church, the CIO and groups allied with IUE-CIO in the light of its communist past.

Zandrouw and Einpeg rallied to smear
the Catholic Church, and called upon
the ministers to oppose what they termed the "Catholic control" of the CIO.

MEETING CALLED
The meeting was called UE head-Quarters, 601 East Liberty Street. The
was May 10, Monday, May 10. In
attendance were 10 ministers, members
of the Schenectady Ministerial Association.

Several ministers emerged from the meeting more convinced than ever that "Communism really is the issue." Zandrouw and Einpeg specifically claimed that:

1. The Catholic church was interfering in union business.
2. The Catholic church controls the CIO, its top leaders and its national conventions. The basis for their charge was that "CIO conventions are open to the public by Catholic priests."

MINISTER REPLIES
Another minister responded to the reading of the Bishop's letter by pointing out that the issue in the election was Communism, and that the Catholic church or any other group "has no right to engage in politics or to attempt to influence the minds of men."

IUE-CIO Deplores UE's
Divide and Conquer Scheme

On this page you will read the story about a meeting of Schenectady Ministers called last Monday at UE headquarters.

It is very obvious that the UE leaders had only one purpose in that meeting: to set Protestantism against Catholicism.

MINISTER OPPOSED
One of the ministers at the meeting declared that the purpose of the meeting was "to provoke Protestant feelings against Catholics and the Catholic Church."

The IUE-CIO deplores any attempt by any group to provoke religious hatred in this country. Only a completely un-American group could do what the UE did.

RELIGIOUS HATRED
This country was built by cooperation of all peoples, of all races and religions alike. It could not have been built by religious hatred and warfare.

We of the IUE-CIO deplore the actions of the UE leaders and we deplore their attempts to set one religious group against another. Only the blind and the mistaken of Satan could do what Zandrouw and Einpeg attempted.

WRATH OF WORKERS
The wrath of the workers in Schenectady will surely settle down on the heads of those culprits and devils who attempt to create hatred and strife in our community. There is no place in America for extremists of any stripe.

By their actions they have shown their true colors. Let them know beforehand for what they are: enemies of the American people, enemies of religious tolerance, dispensers of hatred and chaos. They will have their true reward some day!
WHIS WHO IN UE

This is the right of a series of articles on the Communist leadership of UE. The material for these articles is taken from authentic government information.

WILLIAM SENTNER

One of the shining stars in UE's galaxy of Communist Party functionaries is Bill Sentner, former president of UE District 8. At the time of the 1948 CIO Convention, October 1948, Sentner was an organizer for the CIO and in July 1939 he was arrested in Newton, Iowa, for advocating civil suit. He was arrested to protect a member of the Communist Party.

In September 1941 the weekly Worker reported that Bill was an executive member of the Central Committee, and assistant to Alfred H. F. Kramer, former secretary of Missouri CIO.

Sentner got a letter to all St. Louis unionists in 1948 urging William H. Foster, then National CIO Chairman, 1844-1846. He was an elected member of the CP National Executive Committee.

1946-1947: Sentner was a first-class officer in the Wyndmoor Club of the CIO.

As a member of the UE's Local Central Committee of the UE Central Committee, and State Coordinating Committee of District 21. He regularly attended meetings of these groups, as well as section, general membership, and special meetings.

FBI ANSWERS THE IDEA

J. Edgar Hoover, director of the Federal Bureau of Investigation, presented the UE-CIO's charges that he looks like Johnson's communists.

In a telegram dated May 6, Hoover acknowledged receiving the letter and assured that the matter would be given full consideration for appropriate action.

The Guardian of May 5, 1930, received a copy of the FBI's letter and assured that the matter would be given full consideration for appropriate action.

Why is Rivers in Schenectady? Red Hot News? At a Price

While UE-CIO was happily proclaiming the news that May 4th would be a UE election day, UE official was sending letters to "all members of the community in Schenectady.

The balloting for the UE election at 4:00 p.m. on May 4th will be held at the local UE office. Votes will be counted and the results announced immediately.

The UE office is located at 123 Main Street, Schenectady. Votes may be cast by mail or in person.

The UE-CIO would like to express its gratitude to all members of the community for their support and encourage them to vote on May 4th.
MINISTERS NAMES OMITTED

By IUE

We have deliberately omitted the names of the ministers who attended the meeting held by UE for CIO supporters. Publication of the names might lead some people to think that the movement was not genuine or that it was in any way connected with the United Steelworkers of America.

As all good Americans, but notably steelworkers and shipyard workers, they are opposed to any action that will cause religious strife.

JAMES & WILLIAM GOLDENBERG

James and William Goldenberg, staunch supporters of IUE, are both employed in the UE plant. They are active in trying to bring about a fair wage and working conditions in the industry.

A statement to all UE workers through the IUE News, they tell why they are backing IUE in the coming elections.

James Goldenberg said:

"When I went to work in the UE plant one of the first things I did was join the union. After attending several meetings and learning the basics of the union's policies, I realized that UE is the best union for me. I am now a member of the executive board and I believe that the UE is the best union for me."

PASCHE DUMPS
JANDREAU
IN WILD LEAP
FROM
Left To Center
Backs E. Miller
IN DESPERATE ATTEMPT
TO RECOUP HEAVY LOSSES
IN MEMBERSHIP

Schenectady, May 20—Appearances Wed-
nesday in the GE Schenectady Works of a
leaflet signed by a “Center Committee” caused
rumors of a deep rift in the forces of the
Left-wing UE.

UE, in a desperate effort to retain control
of bargaining rights to the plant, apparently
dumped Leo Jandreau. The “Center Com-
mitee” leaflet, signed by E. Miller, allegedly
springs from the office of Victor Pasche, a
suspended leader of the workers here,
and an appointee of Jim Mullen, himself. It
is believed that Pasche is now supporting
Miller as leader of the local, instead of Jand-
reau, who seems to have dropped completely
from the scene.

This incident also caused talk of another
deep split . . . this time between UE President
William Kelly and Pasche, who allegedly con-
trols all local affairs, even though he was
never elected by the membership. Pasche is,
or was until recently, the local payroll.

UE members themselves are spreading the
rumor that Jandreau, after the expected vic-
tory of IUE-CIO on May 25, will be given a
job in GE.

The tremendous trend toward IUE-CIO on
the part of GE Schenectady workers is con-
sidered responsible for the battle being waged
within the UE. GE workers are saying.
