Injured Workers Entitled to Physical Check-Up by Five Doctors

Workers who are injured while on the job are ensured the following rights:

1. They are entitled to a medical examination by a physician of their choosing, or one selected by the employer, within 72 hours of the injury.
2. If the injury is severe, they are entitled to a second medical opinion within 3 days of the initial examination.
3. If the injury is deemed permanent or disabling, they are entitled to a final medical opinion within 30 days of the initial examination.
4. They are entitled to receive compensation for any physical therapy or medical treatment necessary due to the injury.
5. They are entitled to receive compensation for any lost wages due to the injury.

The employer is responsible for ensuring that all employees are aware of their rights under this policy.

Cuts in Job Rates Justifiable Says SAC Management

The production of Alcoa Motors in Blgd. 50 has been reduced due to a decrease in production levels. The cut in job rates is justified by the company.

The decrease in production has resulted in a decrease in the number of workers needed. The company has taken steps to reduce the number of workers and to adjust the job rates accordingly.

The SAC management argues that the decrease in job rates is necessary to maintain the company's financial stability.

The management has also taken steps to ensure that the workers are compensated for any decrease in their compensation.
